"Camp Harbor kids explore to learn, discover to grow, and create friendships and memories to last a lifetime."

Dear Camp Families,

Please see the list of items that are suggested for your days at camp

What to wear to camp:

Campers should arrive wearing their bathing suits beneath their shirts and shorts. *Remember: camp is fun and sometimes a bit messy.* Please send your child to camp in clothes that you do not mind them being active in. On especially sunny days, a hat with a visor is recommended. Campers must wear sneakers and socks while at camp. Wearing sandals, Crocs, water shoes, etc. will exclude your child from many activities and a call will be made to request a parent bring appropriate footwear. Sandals/Crocs/water shoes may be worn to and from the pool ***ONLY***. All campers should arrive with their sunblock and bug spray already applied, we will reapply as needed throughout the day. Please, label everything!

What to bring:

- Backpack
- A second swimsuit & goggles
- Two towels
- Sunblock & Bug Spray
- Wet bag/sling bag/ or any additional bag for wet clothing & towels
- Flip flops/Crocs/water shoes for the pool
- A change of clothes for the end of the day
- Water Bottle (labeled)
- Lunchbox (labeled) with ice pack for those bringing their own lunch

Not allowed at camp:

- ***ALL electronics*** (including cell phones, cameras, tablets, and gaming systems)
- Toys, playing cards, or anything valuable.

**Assume that things brought to camp could be seen anywhere from the middle of the soccer field to the bottom of the pool. Inappropriate items will be taken from the campers and kept in the front office until the end of the camp day and only released to a parent/guardian.*

**Campers will be asked to leave their cell phones secured in their lockers/cubbies with their belongings **

**No swimmies, floaties, life vests, etc. are necessary. (Our lifeguards will be working directly with your children)*
