11/28/26	12/11/26	12/25/26	2626	Yes	Yes	

IMPORTANT NOTES:

*Pay period reflects all hours included on the applicable payday. Time worked/absent should still be submitted weekly on Fridays. Supervisors must approve time by no later than the following Thursday each week. Late timesheets in any format may result in delayed pay. Off Cycle checks are only generated on payday Friday and the Wednesday of non-payroll week, and only when specific criteria are met related to the type/amount and reason for missing pay. It is the employee's responsibility to notify payroll as soon as possible if they believe they are missing pay on their paycheck.

**Deductions: Union dues for teachers, EAs, TAs, Nutrition Services, and School/Community Professionals are taken each payroll. All other groups have dues taken once a month. (See "Dues" column for which paydays). Paydays with a "No" in the "Insurance" column do not have insurance or flex credits (but they do have flexible spending and HSA deductions taken.) 10M employees do not have many deductions including insurance taken during July, August, or September.

***Refer to collective bargaining agreement for non-duty break pay eligibility. Extracurricular pay for teachers must be submitted to payroll by the building clerks on or before the timecard deadline for that pay period.

Paycheck data is available to employees on THURSDAY of payroll week.
