Opportunities for families with infant, toddler & preschool children
to learn and grow together

Early Childhood has something for everyone

Engaging educational classes and services for children and families....

Circle time, outdoor classroom, gym play, social and emotional learning, routines that support independence, cooperation, relationships and play.

Early Childhood Programs CORE COMPONENTS

Parents are a child's first and most important teacher

Social emotional development is the foundation for strength and growth

Connecting children to nature through outdoor learning is essential

Engagement with community partnerships and events is a valuable resource

MN Early Childhood Indicators of Progress is an important guiding tool

ONE91 EARLY CHILDHOOD PROGRAMS

A nurturing environment where children are supported to grow at their own pace, exploring a world rich in literacy, social, and emotional experiences. This space fosters holistic development, encouraging curiosity, creativity, and resilience, while providing opportunities for meaningful connections and self-discovery across all areas of their growth.

As the winter season settles in, I'm reminded of how much learning and joy this time of year can bring for our youngest learners. Winter offers children unique opportunities to explore, discover, and grow—

whether it's bundling up for outdoor play, observing seasonal changes in nature, or enjoying cozy moments of reading and creativity indoors.

In early childhood education, we know that hands-on experiences matter. Playing in the snow builds motor skills and resilience, while winter-themed stories, songs, and projects nurture language, imagination, and a sense of community. These experiences also teach children to notice patterns, explore science concepts like freezing and melting, and appreciate the beauty of the world around them.

As we move through these colder months, let's continue to embrace the wonder of childhood. Thank you for partnering with us to create safe, engaging, and joyful learning environments—even when the days are shorter and the mittens take longer to put on!

Wishing you warmth, connection, and continued growth this winter season.

Danny O'Brien (he/him) is in the role of Early Learning Support Specialist.

Danny has worked in a variety of positions within education: before and after school care provider, special education paraprofessional, parent educator in ECFE, and early childhood screening lead.

Danny believes that parents are the experts on their child(ren) and that a strong partnership between families and schools helps to build a solid foundation for each family's educational journey. He will support students and teachers through coaching and collaboration.

Danny has a passion for meeting the needs of families in our community and is excited to explore new ways of meeting these needs to help all ISD 191 families thrive!

ECFE Early Childhood Family Education

Our classes provide families with warm and welcoming environments designed with the whole family in mind. Activity time is rich with play and learn stations that spark curiosity and exploration for parents and children. Enjoy quality time with your child, meet new people and see old friends.

Parent discussion time supports adults and provides information helpful for parenting in today's world.

Two hour classes consist of parent-child activity time, followed by parent discussion, which is led by a licensed Family Educator in a separate space. During 90 minute classes, parent discussion may be less formal since families stay together the entire time.

Registration is ongoing

Tuition is based on a sliding fee scale which is determined by income. See details on page 14. Full payment must accompany each registration.

Read for the Record

October 13-February 26

Written by Marcus Bridgewater
illustrated by Reggie Brown

Join us in supporting early literacy by reading "See Marcus Grow" by Marcus Bridgewater, in collaboration with Read for the Record! Groups across 5 continents will all read the same book during the Read for the Record period.

"See Marcus Grow" is a vibrant picture book that introduces young readers to the wonders of gardening while exploring themes of curiosity, discovery, nurturing, and growth. In this story, the young character named Marcus learns from his grandmother in her garden. The book beautifully illustrates the parallel between plant care and human development, sharing the wisdom that both children and seedlings need "water and air and sunshine. And space to grow."

Ready to Grow/Ready to Learn

Licensed Childcare for Young Children

Year-round Monday-Friday 7 am-5:30 pm flexible care schedules at Diamondhead Education Center

Ready to Learn 31 months-5 years

Ready to Learn focuses on individualized care and small group activities for preschool-age children. Our comprehensive curriculum is designed to nurture the development of the child. The curriculum focuses on school readiness in the areas of language and literacy, science and math, creative art and music, dramatic play and movement, and health and nutrition. We believe play is a central component to the curriculum.

Early childhood research shows children learn best when engaged in hands-on learning experiences which occur during play. Your child will be valued, encouraged, held and treated with unconditional, positive regard.

Ready to Grow 6 weeks-31 months

Ready to Grow embraces the philosophy of primary caregiving that allows for nurturing and attachment to and from your child's primary caregiver.

The role of the primary caregiver:

- ◆ provide the essential link of communication between parents and the program
- ◆ empower parents as the child's first and most important teacher and caregiver
- ◆ provide positive learning experiences for the children in their care,
- ◆ nurture each individual child,
- ◆ observe, monitor and evaluate to ensure each family's experience at Ready to Grow is a positive one.

Ready! for Kindergarten

For Parents and Guardians of Children Birth to Pre-Kindergarten

The READY! for Kindergarten® school readiness program empowers parents and caregivers to succeed in their role as children's first and most influential teachers. READY! provides tools and activities to optimize the natural curiosity of children and to nurture learning and development.

During a child's early years, parents and caregivers play a key role in shaping language, literacy, math, and social-emotional skills. Active engagement of families and caregivers is the most effective way to make those critical developmental years count.

READY! for Kindergarten consists of Age Level Targets®, Training and Tools to Play With a Purpose, Making Learning at Home Fun and Effective.

Parents attend three 90-minute in-person or online workshops for each of the first five years of their child's life. School districts and organizations offer READY! to help close the achievement gap by partnering with parents so more children succeed in school and in life.

Training

READY! gives parents and caregivers training, information and activities to help their child develop skills known to be highly predictive of school success. READY! activities fit naturally into everyday settings and routines. READY! is a lifestyle: read with your child for 20 minutes and Play With a Purpose with a READY! activity for 10 minutes every day.

Targets

The READY! curriculum is based on 26 important child development and learning milestones. Each indicator, called a Target, is explored using playful activities appropriate to the age of the child. The Targets cover three domains: language and literacy, math and reasoning, and social and emotional development.

Tools

The Tools include books, toys, games, puzzles, music, and more. The Tools are kept by participants, giving families and caregivers the opportunity to reduce potential barriers for success. READY! also emphasizes how to Play With a Purpose, using everyday items and activities for learning.

Classes and materials are split into 3 part classes - Fall, Winter and Spring.

Each session shares with families what you can do with your child to build upon their development in that age group. Age groups are split into 0-1, 1-2, 2-3, 3-4 and 4-5, and offered at each class in both virtual and in person.

At this time, class is designed to be just for parents. Infants are welcome to attend.

Winter, Part 2

Tuesday, January 6 - Virtual, 6-7:30 pm

Wednesday, January 7 - In Person, 6-7:30 pm

Spring, Part 3

Tuesday, April 7 - Virtual, 6-7:30 pm

Wednesday, April 8 - In Person 6-7:30 pm

Available in English & Spanish

In Person sessions are held at at Diamondhead.

What is early childhood screening?

Screening is an early look at a child's development and begins as early as age three. This can give parents peace of mind that their child is developing normally, and if needed, allows health and developmental concerns to be addressed at least one to two years before a child enters kindergarten.

The state of Minnesota requires health and developmental screening for every child before they start kindergarten. Burnsville-Eagan-Savage District 191 offers this service at no cost.

REGISTER TODAY!

Early childhood screening checks:

Fine and gross motor skills

Height and weight

Vision and hearing

Cognitive and social development

Speech and language development

Immunizations

Weather Cancellations

Alerts will be posted on the District and Community Education websites. Information will be relayed through local television and radio stations along with Facebook and Twitter accounts.

Immunizations

Minnesota law requires children enrolled in early education programs to be immunized against certain diseases or file a legal medical or conscientious exemption. Immunizations must be on file PRIOR to the start date of class, current as appropriate to the child's age or in progress, in order to attend One91 Early Childhood Programs.

District 191 requires immunization records for Early Childhood Family Education (ECFE) classes that run six weeks or more, One91 Preschool, and Kindergarten classes.

Submit a current copy of your child's immunization records to the District 191 Early Childhood Nurse, Fax to 952-707-4166 or complete the Early Childhood Immunization Form on our website and mail or drop off at the Community Education office at Diamondhead Education Center.

Photos in Classes

One91 Early Childhood Programs periodically take pictures of participants in our classes and during other sponsored activities. These photos may be used in community education and district publications or other promotional materials. By registering for a class with us, you are giving permission for use of your photos. If you do not wish to have your picture taken or published, you must provide us written notice in advance.

Email Notifications

Include your email address on your registration. We send a confirmation email and messages regarding changes to class via email. We will never give your information to any other agency it is strictly for use by District 191.

Class Cancellations

If Community Education cancels class due to low enrollment, you will receive a full refund. If you cancel out of a class more than 5 business days before the class start date, you will receive a refund less a \$10 processing fee. If you cancel less than 5 business days before the start of a class or activity there will be no refund. No refunds for online classes once the meeting information has been sent.

If you find that a class is not the right fit for you or your child, contact us after the first week of class for assistance in finding a better fit. If a class is not available, you will receive a credit on your community education account for use on a future class.

Our experienced and caring teaching staff lead parents and children in engaging and stimulating activities that spark curiosity and exploration.

ONE91 PRESCHOOL

Sparking the Love of Learning

In preschool, Pathways Learning is designed to spark the love of learning. Our students widen their worlds and build foundational skills to continue their learning journey.

Children learn and grow best through play experiences. We embed skill-building into play to promote healthy development of the whole child throughout the classroom. For example, math skills show up at the snack table, the block corner and more.

Flexible Programs for Every Family

One91 Preschool provides flexible options for families based on schedule, location and cost. No matter which option, One91 Preschool is ready to spark curiosity, creativity, engagement, knowledge, and a love of learning in each child. Fees are based on income unless otherwise listed. Scholarships may be available for qualifying residents of District 191.

Voluntary PreKindergarten

Must be 4 years of age by Sept 1, 2025 and not yet kindergarten eligible

At District 191, our Voluntary PreKindergarten (VPK) program helps your child build a love for learning in a caring, inclusive environment. Designed for 4-year-olds, our VPK classrooms spark curiosity, promote early literacy, and support social-emotional growth – setting the foundation for a successful kindergarten experience. Morning and afternoon sessions available. Space is limited. Transportation and meal services are available at our neighboring schools.

Diamondhead Education Center offers full day VPK from 9 am-3:30 pm with wrap around care options.

5 days per week, M-F. Independent toileting skills required (no pull ups). Fee based on eligibility and sliding fee scale (refer to application).

Preschool **Must be 3 years of age by Sept 1, 2025**

District 191 offers a nurturing, play-based preschool program designed to spark curiosity and build school readiness for children ages 3 to 5. With caring teachers, hands-on-learning, and a focus on social-emotional development, our preschools help young learners thrive – academically, socially, and emotionally. Whether your child is just beginning their preschool journey or getting ready for kindergarten, District 191 is here to support every step. No transportation or meals provided. Independent toileting skills required (no pull ups). Fee based; scholarships available.

Four Seasons of Learning...

Our Outdoor Classroom Connects Children with The Natural World Year Round

The outdoor classroom is more than just a play space. Its purpose is to provide children with more connection and experiences with the natural world. Research shows many benefits to learning with nature, including stress reduction, higher concentration skills, improved fitness, increased social interaction, creativity and enhanced overall development.
