We work collectively guided by data to meet the individual academic needs of our students and to provide the social and emotional supports that remove barriers to achievement. We foster strong systems of teacher collaboration and leverage our 1:1 technology to benefit every student.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

TTSD creates collaborative, culturally responsive relationships with all families. Communication is delivered in a variety of ways to ensure parents are informed and engaged in their students' learning and school environment. We welcome parent volunteers in our classrooms and school. Dedicated staff work with our families to serve the needs of each of our students. All major decisions that impact our students are made in partnership with our students and families.

COMMUNITY ENGAGEMENT

The TTSD community has a long and proven history of support for education and their schools. We work every day to steward that support by preparing our students for success in school and life. Our district strives to provide world-class experiences exposing our students to innovative learning in state-of-the-art buildings delivered by best-in-class teachers. We recognize that we can only do this work in partnership with our community. We are grateful for the life-changing assistance we receive from our volunteers, businesses, civic groups, faith communities, and countless others.
