Overview of Work Session

Superintendent Hoyer

- The purpose of Indian Education for All (IEFA) is for EVERYONE to recognize the unique and distinct cultural heritage of Montana's first peoples by learning about American Indian culture, history and contemporary issues in a culturally responsive manner. By teaching through a broader perspective, providing professional development for teachers and staff, and by implementing resources and materials, we can combat stereotypes and broaden our students' understanding.

The PROMISE of IEFA is that EVERY student feels included and EVERY student experiences school success.
