November 30, 2023

TO THE CITIZENS AND THE BOARD OF SCHOOL COMMISSIONERS OF THE INDIANAPOLIS PUBLIC SCHOOLS DISTRICT

The Annual Comprehensive Financial Report (ACFR) of Indianapolis Public Schools (the "District") for the fiscal year that ended June 30, 2022, is hereby submitted voluntarily for public review and education. This report represents the District's compliance with State law, which requires the District to provide for an annual audit of its financial statements by an independent firm of certified public accountants, conducted in accordance with the generally accepted auditing standards.

This report consists of management's representations concerning the finances of the District. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District's management. To provide a reasonable basis for making these representations, the District maintains a comprehensive internal control structure that uses policies and procedures established by the Finance team and is designed to compile sufficient reliable information for the preparation of the financial statements. This ACFR has been prepared by the Finance team and to the best of our knowledge and belief the data contained in the report is accurate in all material respects and presents fairly the financial position of the various funds of this organization, including all disclosures necessary to understand the District's activities.

The District's financial statements have been audited by the accounting firm of FORVIS LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year are free of material misstatements. The audit was designed and conducted to meet the requirements outlined in state statutes. Based upon the audit, FORVIS LLP has issued an unmodified opinion on the District's financial statements for the year ended June 30, 2022. The Independent Auditor's Report is located on pages 32-34 in the financial section of this report.

Generally accepted accounting principles also require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A begins on page 35 immediately following the Independent Auditor's Report.

The ACFR is presented in four sections:

1. Introductory Section – the Introductory Section is unaudited and includes this letter of transmittal, the District's organizational chart, and a list of principal officials.

2. Financial Section – the Financial Section includes the Independent Auditor's Report, Management's Discussion and Analysis (MD&A), the basic financial statements and related footnotes, combining and individual statements for major and non-major funds and other schedules that provide detailed information relative to the basic financial statements.

3. **Statistical Section** - the Statistical Section is unaudited and includes selected financial and demographic information, generally presented on a multi-year basis.

4. **Compliance Section** - the Compliance Section includes the annual Single Audit Report by the independent auditor on the District's compliance with the provisions of the Single Audit Act of 1984 (as amended in 1996) and the U.S. Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Also included are the Schedule of Expenditures of Federal Awards and the Schedule of Findings and Questioned Costs. Additionally, the auditor's report on the internal control structure and compliance with laws and regulations is included as required by Government Auditing Standards.

Profile of Indianapolis Public Schools

History, Population, and Geography

The District, the largest school district in the State of Indiana, operates more than 70 schools (traditional, innovation, and charter), educates more than 31,000 students, and employs nearly 4,000 staff. Students at the District represent Marion County and surrounding counties while generally serving Indianapolis' closest neighborhoods — essentially, Center Township and a few sections of the surrounding townships. During fiscal 2022, our student body reflects the diversity of Central Indiana as well, with students identifying as 40% Black/African American, 31% Hispanic, 22% White, and 6% Multi-racial, Asian, or Native American. There are several schools within the District's portfolio of schools that are significant to the history of both Indianapolis and Indiana. Indianapolis Public Schools operates Shortridge High School, the first public high school in Indiana (known for one of its most celebrated alumni, Author Kurt Vonnegut); Arsenal Technical High School, a multibuilding campus located on the grounds of a former U.S. Civil War Arsenal; and Crispus Attucks High School, which opened in 1927 as an all-Black high school after city officials segregated schools throughout the city. The District is located in Marion County, the most populous county (969,466 in 2022) in the State of Indiana covering an area of 403 square miles in Central Indiana.

Structure

The governing board of the District consists of seven commissioners – five represent political divisions and two are “at large”. Members are elected by the public for overlapping four-year terms to serve as the stewards and guardians of the District's values, vision, mission, and resources. The legal power, duties, and responsibilities of the Board of Commissioners are defined by Indiana statute and Board Policy.

The Superintendent of Schools is responsible to the Board of Commissioners for the general efficiency of the school system including instruction, student services, personnel, finance, administration, and all other phases of District operations. In addition, the superintendent develops policy for constructive relations between schools and the community and assures programs are responsive to current and future student needs and compatible with community expectations. The District is focused on creating an education system where all students achieve academic success, develop personal and civic responsibility, and achieve career and college readiness for the 21st century.

The Chief Academic Officer reports directly to the Superintendent and is responsible for academic programs and performance, student services such as English learners, gifted and talented education, and special education. Also reporting directly to the Superintendent are the Chief of Staff, Chief Financial Officer, Chief Operations Officer, Chief Portfolio Officer, Chief Schools Officer, Chief of Communications and Engagement Officer, Chief Human Resources Officer, and General Counsel. The Chief Financial Officer is responsible for the business functions of the District including budgeting, vendor, and employee payments, purchasing, contracting, and warehousing, general accounting, and financial systems. The Chief Operations Officer oversees facilities management and capital projects, nutrition services, and transportation. The Chief Human Resources Officer is responsible for overseeing the hiring and employment of approximately 3,500 regularly scheduled employees. During fiscal year 2022, the district included 71 schools; 55 elementary schools; 6 middle schools, and 10 high schools. Of the 55 elementaries, 2 are virtual, one is housed in a building not owned by IPS Corporation (the "Corporation"), and 52 are housed in buildings owned by the Corporation. The Corporation operates 37 of the elementaries housed in Corporation-owned buildings, and innovation partners operate the remaining 18. Two of the 6 middle schools are housed in buildings not owned by the Corporation; an innovation partner operates one, and the Corporation operates the others. The Corporation owns the buildings housing 5 of our 10 high schools and operates 4 of them. Innovation partners operate the other 5.

General Physical and Demographic Information

Location

The District is located in Center Township of the City of Indianapolis (the "City"), in Marion County, Indiana, and covers small portions of Decatur, Lawrence, Perry, Pike, Warren, Washington, and Wayne Townships. The District includes downtown Indianapolis commercial, retail, and government facilities as well as residential areas.

General Characteristics

The residents of the School Corporation have the advantage of being located in the City, which is the capital of Indiana and the 15th largest city in the U.S. Conde Nast Traveler and Travel+Leisure have named the City to their lists of "Best Places to Go in 2021". According to Develop Indy, the City's economic development agency, the City pursued 64 projects in 2022, creating and retaining over 8,500 jobs and \$1.1 billion in economic development investment.

Indiana is one of the nation's top life science markets based on the number and concentration of life science related jobs. According to IEDC, Indiana is home to 2,462 life sciences companies employing 56,000 residents. BioCrossroads, the State's life sciences initiative, works to accelerate the growth of life sciences in Indiana in the areas of ag-biotech, health information, neuroscience, cancer treatment and cardiovascular treatment. Indiana ranks as the second highest exporter of life sciences products in the U.S. (\$12 billion). Life sciences industries are prevalent in the Indianapolis MSA with Eli Lilly and Company headquarters, Anthem headquarters, Corvea Agriscience and Roche Diagnostics, among others.

The Indianapolis International Airport (the “Airport”) operates a 1.2 million square foot complex on the west side of the City contributing to the City’s nickname of “Crossroads of America”. The Airport has received numerous awards and in 2022, the Airports Council International-North America announced the Airport was named the best midsize airport in North America for the tenth straight year. The Airport provides 145 daily departures to 50 nonstop destinations including Seattle, Paris, France and the Caribbean. In addition to passenger flights, the Airport is home to the second largest Federal Express (“FedEx”) hub in the world and is the eighth largest cargo airport in North America. A \$190 million runway reconstruction project is currently underway to support increased demand for travel. The project expects to create more than 2,700 jobs and be complete in 2024.

The City is known as the amateur sports capital of the United States, with multiple venues providing spectator sporting events including Lucas Oil Stadium, Victory Field, the Indianapolis Sports Park, the Indiana University Natatorium at IUPUI, the Michael A. Carroll Track and Soccer Stadium, Gainbridge Fieldhouse, the Major Taylor Velodrome, the Indiana Farmers Coliseum and the Indianapolis Motor Speedway. The City serves as the headquarters for the National Collegiate Athletic Association (“NCAA”), and national governing bodies of USA Gymnastics, USA Track & Field and USA Diving. The entire NCAA 2021 men’s basketball championship was staged in Indiana with the majority of the games taking place in Indianapolis. According to the Indianapolis Business Journal, the tournament had a \$47 million economic impact on the City. Most recently, the College football national championship game took place in Indianapolis and was estimated to be a \$150 million economic impact for the City. In March 2022, the USA Swimming and the Indiana Sports Corp. announced that the City would host the 2024 U.S. Olympic Team Trials.

Lucas Oil Stadium, home of the NFL Indianapolis Colts, features 183,000 square feet of exhibit space and is a major site for conventions, exhibitions and trade shows. Lucas Oil Stadium has hosted both Men’s and Women’s NCAA Basketball tournament games, Final Fours, the 2012 Super Bowl and the 2022 College Football Playoff National Championship. In addition to the entire NCAA men’s basketball championship, the City is scheduled to host the 2024 National Basketball Association (“NBA”) All-Star game, among other sporting events. The Indianapolis Convention Center offers 566,600 square feet of exhibit space and 83 meeting and ballroom spaces. Lucas Oil Stadium and the Indianapolis Convention Center now offer 745,000 square feet of exhibit space and is the nation’s 16th largest convention center. According to Inside Indiana Business, officials broke ground on the sixth expansion to the Convention Center which will include a 50,000 square-foot ballroom across the street from the convention center and a connected walkway, and 140,000 square-feet of meeting rooms and pre-function space. The expansion will also include an 814-room Signia Hilton hotel connected to the Convention Center. The expansion and hotel are expected to be complete by the summer of 2026.

Various municipal parks under the direction of the Indianapolis Parks and Recreation Department are located throughout the Indianapolis MSA. Eagle Creek Park is one of the largest municipally owned and operated park and recreation areas in the United States and has 5,300 acres of land and water.

Geist Reservoir provides many water sports, and the 1,700-acre Fort Harrison State Park includes 1,100 acres of woodlands and three lakes, a restaurant and conference center, an 18-hole golf course, a nature center and hiking trails. Several public and private golf courses are located throughout the metropolitan area. The downtown White River State Park includes the 78-acre Indianapolis Zoo, the White River Gardens and the Amphitheater at White River State Park which had a \$17 million renovation in 2020 to provide a new stage, fixed seating, video screen towers and backstage amenities.

The Indianapolis MSA provides a wide variety of cultural offerings including the Indianapolis Symphony Orchestra, Indianapolis City Ballet, the Indiana Repertory Theater, the Indianapolis Children's Choir, Clowes Hall at Butler University, the Indianapolis Museum of Art at Newfields, the Indiana State Museum, the Eiteljorg Museum of American Indian and Western Art, and the Children's Museum of Indianapolis, the largest children's museum in the world. The City is the home of the International Violin Competition and the American Pianist Association's Jazz and Classical Competition, among many other well-known cultural activities.

Higher Education

Students in the School Corporation have a wide variety of higher education facilities to attend. Higher education institutions in the Indianapolis MSA include Butler University, Franklin College, Indiana University-Purdue University at Indianapolis, Indiana Vocational Technical College, Marian University, and the University of Indianapolis. In addition, there are numerous other colleges and universities in central Indiana and around the state.

General Economic and Financial Information

New Development in the District

According to Downtown Indy, Inc., there were 10 total development projects completed in 2021 and \$3.83 billion in investments. Major downtown projects completed in the past few years include: the NCAA Headquarters expansion, Rolls-Royce Meridian Center, Indiana University Health Neuroscience Center, CityWay and the Marian University College of Osteopathic Medicine building located just north of downtown Indianapolis. Cummins, Inc. completed their new global distribution headquarters in January 2017 which provides offices for 250 workers. The City is investing in the transportation needs of residents with a bus rapid transit line. The first phase (the "Red Line") was completed in September 2019. Construction on the Purple Line has begun and is expected to occur through 2024 and when completed will connect the City's downtown to the City of Lawrence on the northeast side of the County.

Technology companies are adding to the local economy. Salesforce, a cloud computing-based customer relationship management company, located their regional headquarters in the City in the tallest building in the State. Infosys, an information technology company, opened its technology hub in 35,000 square-feet of the OneAmerica Tower in downtown Indianapolis.

Hendricks Commercial Properties is developing the 1.5 million square-foot former 1930's era Coca-Cola bottling plant in downtown Indianapolis into a \$300 million mixed-use development known as the Bottleworks District. In December 2020, the 139-room boutique Bottleworks Hotel opened. The Living Room Theaters also opened in December 2020, and provides eight screens and a European-style café and lounge. The Garage, a 38,000 Square-foot food hall, opened January 5, 2021, and includes food and drink vendors, along with retail vendors, a barbershop, a meal prep company, and a fish market. Pins Mechanical, an entertainment venue with duckpin bowling, opened in Spring 2021. The \$100 million second phase of the Bottleworks District began in 2022 and includes new office space, retail, and restaurant space and 260 additional parking spaces. Construction of Phase II will also be completed in phases with openings in 2024 and 2025. The entire development will occur in five phases, taking 7 to 10 years to complete

The 16 Tech development (“16 Tech”) is a planned 60-acre technology park and innovation community to be developed on the west side of downtown Indianapolis. 16 Tech will provide 6 million square feet of live-work space, including office, lab and research space as well as a hotel, 1,400 apartment units and restaurant and retail space. 16 Tech Community Corporation has received a \$38 million Lilly Endowment grant that will help fund the initial development phase of 30 acres. Browning Investments will invest more than \$120 million in the area including 240,000 square feet of new office and research space and a multi-family housing complex with more than 250 units. The first phase of the project will create over 2,600 jobs over the next ten years. On August 4, 2020, a ribbon-cutting took place for the first building in the \$500 million innovation district. The 120,000 square-foot Innovation Building 1 will house the Biosciences Research Institute, the Indiana University School of Medicine’s Center for Regenerative Medicine and Engineering, among other tenants. The entire 16 Tech project is expected to take up to 20 years to be fully developed.

Construction on the \$571 million new Indianapolis-Marion County Criminal Justice Center downtown has been completed. The new campus is comprised of a jail, courthouse, sheriff’s office and assessment and intervention center. The site of the former jail is being developed by 1820 Ventures as a \$120 million redevelopment including a 60,000 square-foot live music venue, affordable housing, retail and education centers.

On August 5, 2020, IU Health announced plans for a new \$2.31 billion hospital to consolidate the two existing downtown hospitals to eliminate costly duplication of high-acuity services. The 44-acre expanded campus will also include research and education facilities for the IU School of Medicine. The IU Health Board of Trustees has also approved \$1.98 billion for additional investments to its downtown Indianapolis campus and its neighboring property holdings. Demolition of existing buildings and new construction has begun and the project is expected to be complete in the fourth quarter of 2027.

In December 2020, Elanco Animal Health announced plans to relocate its global headquarters from Greenfield, Indiana to the former 45-acre GM stamping plant site in Downtown, Indianapolis. The \$100 million new headquarters and \$300 million investment will make Indiana its base of operations. The company plans to retain its manufacturing centers in Clinton, Terre Haute and Indianapolis, and more than 1,600 jobs, while creating up to 575 new jobs over the next decade. Construction began in April 2022 and will take approximately two to three years to complete.

Hotel Indy, a new \$30 million boutique hotel, opened in October 2021. The 90-room hotel pays homage to the City’s arts, sports, and racing culture and history and includes a 95-seat rooftop bar and 1,500 square feet of meeting space.

Rolls-Royce Corp. has announced plans to invest \$400 million in both Indianapolis and West Lafayette. The investment in the City will include a 150,000 square-foot addition to their west side campus. The new facility will include test cells, control rooms and upgrades used to test the modern gas turbine engines manufactured, including the U.S. Air Force B-52 strategic bomber fleet. In the fall of 2021, Rolls-Royce landed a contract to manufacture engines for the U.S. Air Force B-52 fleet, which is valued at up to \$2.6 billion.

Gainbridge Fieldhouse is undergoing a three-phase, \$360 million renovation that began in April 2020. Phase one was completed in 2021 and included interior and lower-level improvements, a state-of-the-art scoreboard, new suites, updated locker rooms and new retractable seating. Phases two and three renovations will include exterior enhancements and a new outdoor entry plaza. The project is expected to be completed in 2023.

According to Inside Indiana Business, a major mixed-use development will be constructed across the street from Gainbridge Fieldhouse. The \$250 million project will feature two towers, one that includes a 225-room hotel and 180,000 square feet of retail space and a second tower with 254 apartments, 4,800 square feet of retail space and a 700-space parking garage.

A \$30 million golf and entertainment venue opened in August, 2022 on the near southwest side of downtown. Back 9 Golf & Entertainment includes a three-story golf range with 75 climate-controlled golf bays, a restaurant and a 550-person music pavilion.

The owner of the Indy Eleven soccer team has purchased property on the western edge of downtown Indianapolis and is building a \$1 billion development which will include a 20,000-seat soccer stadium, apartments, hotel, office buildings and retail space. The project will be a public-private partnership with the City and State financing the stadium and Keystone Corporation developing the residential and commercial spaces. Construction began in June 2023 and is anticipated to be completed by spring 2025.

Allison Transmission Inc. and Rolls-Royce Corp. in Indy have been awarded \$82 million of military contracts. Allison's \$51 million contract to produce the X1100-3B1 transmission and technical support for the Abrams Tank used by the U.S. Army and Foreign Military Sales customers. Deliveries and technical support began in early 2023 and will continue through March 2024. Rolls Royce has been awarded \$31 million for depot repair of engines on the E-2D Advanced Hawkeye aircraft. The work is slated for completion in December 2023.

According to WTHR.com, construction has begun on an 800-room Signia by Hilton hotel and three-acre expansion of the Indiana Convention Center. The \$800 million project is anticipated to bring in \$3 billion in business. The project is expected to take three years to complete. The City is partially financing the construction by issuing \$510 million in bonds.

Long-Term Financial Planning

The District is committed to demonstrating financial and operational accountability to the stakeholders of the school corporation. The board and financial officers are proactively addressing the challenges of understanding the long-term trends and potential risks that may impact the school district. The district's operation and educational plan is reflected in its budget. Each year, the Board will review the appropriations of the Operations Fund, Education Fund, Debt Service Fund, and Rainy-Day Fund, which constitute the budget of the district. The budget is designed to guide the district to operate efficiently, maintain facilities properly, and honor continuing obligations of the Board. The budget requires the critical analysis of the estimate of the student population, anticipated revenues, anticipated expenditure, and an appropriations resolution if required. Overall, the budget helps create financial stability which puts the district on a stronger financial footing for both day-to-day operations and long-term planning. The district's budget is governed and approved by the Department of Local Government Finance (DLGF) for board appropriated funds. This process is on a Fiscal Year, July 1st through June 30th, in line with the annual cycle of a school year

Operating budget

The importance of an operating budget is evident as it manages expenses. The district closely follows an operating budget to ensure alignment with strategic priorities. Evaluating our actual past and current expenses is essential in projecting future costs to the district. Another focus remains on advocating for equitable funding for all students and serving higher need student population while at the same time receiving adequate federal funding. Therefore, reviewing enrollment trends and forecasting staffing levels and expenditures are imperative for providing essential services to our students and other stakeholders amid often challenging financial circumstances.

The budgeting process entails advertising, conducting a public hearing, adopting additional appropriations, and submittal to the Department of Local Government Finance (DLGF). Assumptions used are generated through our long-term cash flow and debt scenarios. Any increases to the budget must go through an additional appropriation hearing and be approved by the DLGF.

Major Initiatives

The District leadership has spearheaded three major initiatives to position IPS students and staff for continued and enhanced success in the coming academic years by investing in comprehensive approaches to tangible and intangible assets within the district, its facilities, and its people. Those initiatives include:

IPS Rebuilding Stronger

Rebuilding Stronger is designed to reinvent, rebuild, redesign, and rethink the District's family of schools, how it spends resources, and how to effectively leverage facilities. It's the District's commitment to ensuring excellent offerings (academics and extracurriculars) exist for all students in all neighborhoods.

The Rebuilding Stronger initiative incorporates an extensive stakeholder engagement strategy and feedback to reimagine the IPS of the future. Stakeholder input was used to guide and inform the planning process and the final plan.

This four-phase, multi-year initiative began in Fall 2021 with IPS Superintendent Dr. Aleesia Johnson's State of the District address. The Rebuilding Stronger Advisory Committee, and the community, met to discuss the District's facilities, enrollment, and Choice options, financial sustainability, and the student experience. During meetings, committee members reviewed district data and worked in small groups to develop potential solutions. District stakeholders also participated in these meetings and engaged with the materials and data online, sharing feedback through a variety of surveys.

The 8 components of Rebuilding Stronger include:

- Grade reconfiguration and middle school impact
- Enrolment zone and elimination of proximity priority
- Facilities upgrades and renovations
- Program expansion and replication
- Pre-K expansion
- Special education in all zones
- High-ability program eligibility and placement
- School consolidations and closures

On May 2, 2023, Indianapolis voters approved the District's 2023 Capital Referendum — which is part of the Rebuilding Stronger initiative. The \$410M referendum allows IPS to move forward with much-needed building improvements to more than 20 IPS elementary and middle schools.

- For more details about the Rebuilding Stronger Plan, visit www.myips.org/rebuilding-stronger/
- For more details about the 2023 Capital referendum and building improvements, visit www.myips.org/2023referendum/

IPS Proving What's Possible

Launched in January 2022, Proving What's Possible is an initiative to recruit and retain more diverse, high-quality teachers for classrooms districtwide.

It encompasses programs — including career pathways into the district, such as paid residency opportunities for teachers and principals — as well as a website for teacher candidates to learn about the district and submit an interest form in 10 seconds or less, in-person networking/hiring events, and much more.

The initiative, which came on the heels of increases in starting pay for new teachers and recent salary hikes for classroom veterans, is making the district one of the most attractive in the nation to high achievers looking to start rewarding careers in education.

Proving What's Possible was launched by the District's Talent Office to ensure schools have equitable access to highly qualified educators. These new programs include:

- **IndyTeach Apprenticeship:** A no-cost, paid, and fully embedded educator training program offering a path to teaching for aspiring teachers. For this apprenticeship, the District's Talent Office is partnering with Christel House Indianapolis, a local network of charter schools, to help participants through the one-year program and obtain an Indiana State Teaching License without the need to return to a university.
- **The IPS Principal Residency:** The only current principal residency program in the state is a year-long paid opportunity for high-potential school leaders, including assistant principals and current principals, to learn and grow within their careers. Principal Residents will receive job-embedded development support that prepares them to lead significant academic achievement in their schools.

IPS Strategic Plan 2025

At Indianapolis Public Schools, we believe all students can achieve their full potential, learn at high levels, and graduate prepared to succeed in school, career, and life. We are committed to ensuring that every student in every neighborhood receives the education and opportunities they deserve.

The Strategic Plan 2025 is based on the District's core values and was developed with feedback from thousands of students, educators, families, and community members.

We have narrowed our focus to four strategic priorities; each priority has related initiatives:

- Increase access to rigorous curriculum and instruction.
 - *Support adults at all levels of the system to build safe, engaging, and socially and emotionally supportive learning environments for students that ensure access to high-quality curriculum and instruction.*
- Promote racial equity.
 - *Strengthen and expand our work to eliminate opportunity gaps, align policies and talent decisions to the District's antiracism strategy, and build capacity for team members to persistently interrupt and address institutional bias.*
- Foster authentic engagement.
 - *Equip and engage families, team members, and the community in authentic and inclusive partnerships.*
- Operate and fund strategically.
 - *Strengthen the efficacy and equity of central office supports, services, and resource allocations.*

This initiative is requiring the District to examine every inequity and engage every community until students in all corners of our city have access to the high-quality education they deserve.

The District's Rebuilding Stronger and Proving What's Possible initiatives are offshoots of Strategic Plan 2025.

Key Financial Policies

- Finance Committee – reports to and advises school board on matters of financial stewardship, debt management, investments, and policy; established 2016; comprised of 9-12 members; meets quarterly
- Audit Committee – advises school board on matters related to internal control and external audit; 3 members establish factors for evaluating and selecting external CPA firm for annual GAAP audit.
- Investments – establishes roles, responsibilities, and objectives; sets standards of care, and sets parameters on investment options; based on IC 5-13-9
- Materiality – establishes standards of materiality, roles, and responsibilities, and protocols for documenting, investigating, assessing, and reporting internally and externally (State Board of Accounts, law enforcement) as appropriate regarding errors, variances, irregularities, as well as misappropriation or theft.
- Capital Assets – Established categories, capitalization threshold, valuation, inventory, depreciation, disposition, and reporting standards

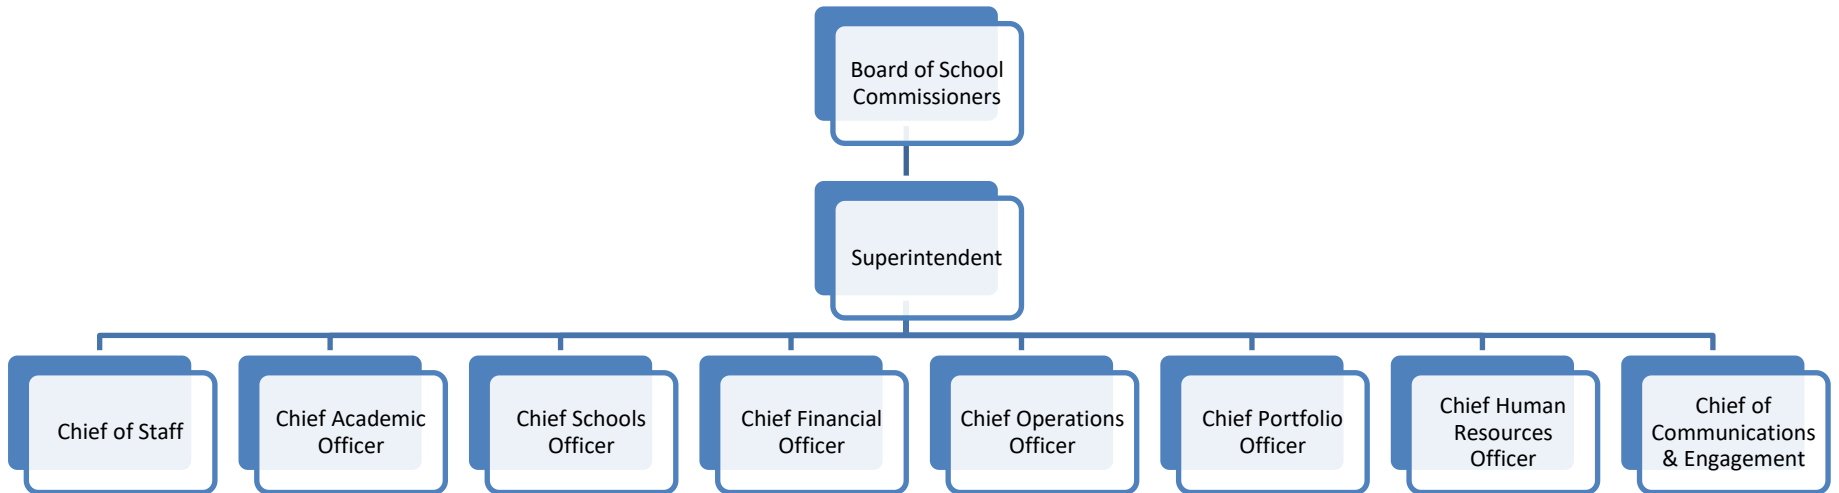

- Surety Bonding – ensures the district against potential financial loss
- Fiscal Planning – 3-year forecast of estimated revenues and expenditures, long range plan by year for maintenance and replacement of facilities and equipment
- Fund Reserve Balance – unrestricted fund balance of at least 8% and not more than 25% of annual revenues or expenses
- Internal Controls – mandates adherence to Uniform Internal Control Standards for Indiana Political Subdivisions, including annual training for all appropriate staff

The preparation of the District's second Annual Comprehensive Financial Report was made possible through the dedicated services of the District's entire finance team. Through their efforts, the report has been compiled to provide data and information relevant to the district's stakeholders to effectively share the story of Indianapolis Public Schools. Thanks to the staff at Crowe LLP and FORVIS LLP who have supported our efforts to compile the report and to the Board of School Commissioners who provide direction and support for the operations which serve the students, families, and community of Indianapolis Public Schools.

Independent Auditor's Report

School Board of Commissioners
Indianapolis Public Schools
Indianapolis, Indiana

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Indianapolis Public Schools (IPS), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise IPS' basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information of IPS, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the discretely presented component units of IPS. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented components units is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of IPS and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the following discretely presented component units included in the financial statements of the aggregate discretely presented component units, were not audited in accordance with *Government Auditing Standards*: Edison School of the Arts, Inc.; SUPER School, Inc.; Near Eastside Innovation School Corp. d/b/a Thomas Gregg Neighborhood School; Cold Spring School, Inc.; Thrival Indy Academy, Inc.; and Sankofa School of Success, Inc.

Emphasis of Matter

As discussed in Note 1 to the financial statements, in 2022, IPS adopted GASB Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IPS' ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IPS' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IPS' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension, and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section, schedule of officials, the combining schedules and statements and the statistical section as listed in the table of contents, but does not include the financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we also have issued our report dated April 20, 2023, on our consideration of IPS' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of IPS' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering IPS' internal control over financial reporting and compliance.

FORVIS,LLP

Indianapolis, Indiana
April 20, 2023

INTRODUCTION

The following discussion and analysis provides an overview of the financial position and activities of Indianapolis Public Schools (the "School Corporation") for fiscal year ended June 30, 2022. This discussion has been prepared by management and should be read in conjunction with the accompanying financial statements and the notes that follow this section.

Indianapolis Public Schools (IPS) is an innovative educational organization committed to academic excellence built through strong relationship-based learning. IPS encourage, challenge, and empower our students to think critically and creatively. We also embrace diversity and allow students grow and ability pursue their dreams. Though we cover 80 square miles, employ more than 5,000 people, and serve more than 30,000 students, we are committed to serving each student.

FINANCIAL HIGHLIGHTS

- Total assets and deferred outflows of resources of the School Corporation exceeded its liabilities and deferred inflows of resources by \$244.9 million (reported as net position). Of this amount, \$104.3 million was reported as "unrestricted net position."
- As of the close of the current fiscal year, the School Corporation's governmental funds reported a combined ending fund balance of \$222.2 million.
- Indianapolis Public School issued \$58.4 million in general obligation bonds which is being used to pay renovation and improvements to school facilities, including HVAC and mechanical control improvements.
- The School Corporation's total bond related debt, net of premiums and discounts, at the end of fiscal year was \$432 million.
- The U.S. Department of Education through the Indiana Department of Education has allocated to Indianapolis Public Schools ESSER funding in the amount of \$217.5 million which must be expended by 12/15/2024. Our spend data is tracked on <https://myips.org/central-services/finance/ips-develops-a-plan-for-federal-stimulus-funds/>
- Indianapolis Public Schools proposed a Rebuilding Stronger plan within the fiscal year. Rebuilding Stronger is our commitment to ensure there are excellent choices available to every student. The goal is for our families to be confident about the educational programming available to their students regardless of which IPS school they attend.

USING THE FINANCIAL STATEMENTS

The School Corporation's basic financial statements and required supplementary information consists of the following:

- 1) Management's discussion and analysis
- 2) Government-wide financial statements
- 3) Fund financial statements
- 4) Discretely presented component unit financial statements
- 5) Notes to the financial statements
- 6) Required supplementary information
- 7) Other supplementary information

The Governmental Accounting Standards Board (GASB) requires that any significant component units be included as blended or discretely presented component units in the basic financial statements. The School Corporation presented the following component units as of June 30, 2022:

- IPS Multi-School Building Corporation (Building Corporation)
- Manual High School
- Cold Spring School, Inc.
- Edison School of the Arts, Inc.
- SUPER School, Inc.
- Near Eastside Innovation School Corp. d/b/a Thomas Gregg Neighborhood School
- Thrival Indy Academy
- The Sankofa School of Success
- Neighborhood Charter Network, Inc. - Enlace Academy
- Neighborhood Charter Network, Inc. - Kindezi Academy
- Global Preparatory Academy, Inc.
- URBAN ACT Academy, Inc.
- Matchbook Learning Schools of Indiana, Inc.
- Ignite Achievement Academy, Inc.
- KIPP Indianapolis. Inc. - Unite Elementary
- KIPP Indianapolis. Inc. - College Prep Middle
- KIPP Indianapolis. Inc. - Legacy High School
- The Phalen Leadership Academy – Indiana, Inc. School 48
- The Phalen Leadership Academy – Indiana, Inc. School 93
- The Phalen Leadership Academy – Indiana, Inc. School 103
- The PATH School
- Adelante School
- Christel House Academy South
- Watanabe Manual High School

Of the above component units, the Building Corporation was presented as a blended component unit. All other component units are discretely presented.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the School Corporation's finances.

The statement of net position presents the financial position of the School Corporation at the end of the most recent fiscal year and includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between total assets and deferred outflows of resources and total liabilities and deferred inflows of resources is the net position. The net position is one measure of the overall financial condition of the School Corporation. Increases or decreases in net position can be an indicator of the improvement or decline of the School Corporation's financial position.

The statement of activities presents information related to changes in net position during the most recent fiscal year. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue when all eligibility requirements have been met.

The government-wide financial statements can be found on pages 16-17 of this report.

Fund financial statements. In addition to the government-wide financial statements described above, the School Corporation utilizes fund accounting to ensure compliance with GASB requirements for financial statement reporting. All funds of the School Corporation can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds account for activities similar to those reported in the government-wide financial statements. However, governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both “measurable and available.” “Measurable” means that the amount of the transaction can be determined, and “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The current financial resources measurement focus is helpful in evaluating the School Corporation’s ability to fund current obligations.

Reconciliations between the government-wide financial statements and the governmental funds can be found on pages 19 and 21.

The School Corporation has approximately 70 individual governmental funds. Of these funds, the School Corporation presents five major funds detailed below.

- Operations fund
- Education fund
- Operating Referendum fund
- Debt Service fund
- Construction fund
- Multi-School Building Corporation Debt Service fund

Data for capital projects type governmental funds are combined into a single, aggregated presentation.

Debt service funds may or may not have associated property taxes rates. They also may be subject to lease rental agreements through the Building Corporation.

Individual fund data for all non-major governmental funds is provided in the form of combining statements elsewhere in the report.

The governmental fund financial statements can be found on pages 18 and 20 of this report.

Proprietary funds. The School Corporation uses an internal service fund to account for self-insurance activity. As the activity within these funds benefit governmental-type funds, they have been reported in the statement of net position and statement of activities as governmental-type activities.

The basic proprietary fund financial statements can be found on pages 22-24 of this report.

Notes to the financial statements. The notes to the financial statements are used to make important disclosures and explain assumptions used to prepare the government-wide and fund financial statements.

The notes to the financial statements begin on page 27 of this report.

Required Supplementary Information. Following the basic financial statements and notes to the financial statements is required supplementary information. This includes schedules related to funding of pension and other postemployment benefit plans and budget to actual reports for major special revenue funds.

Required supplementary information begins on page 71 of this report.

Other Supplementary Information. Following the required supplementary information is other supplementary information. This includes combining schedules in relation to non-major governmental funds and innovation network schools.

Other supplementary information begins on page 77 of this report.

FINANCIAL ANALYSIS OF GOVERNMENT-WIDE FINANCIAL STATEMENTS

Statement of Net Position

	Governmental-Type Activities			
	2022	2021	Increases/(Decreases) from Prior Year	
Current and other assets	\$ 381,789,296	\$ 282,765,065	\$ 99,024,231	35%
Capital assets	398,179,412	424,773,278	(26,593,866)	-6%
Total assets	779,968,708	707,538,343	72,430,365	10%
Deferred outflows of resources	49,826,198	35,044,239	14,781,959	42%
Long-term liabilities outstanding	456,584,898	469,815,499	(13,230,601)	-3%
Other liabilities	50,622,207	48,938,282	1,683,925	3%
Total liabilities	507,207,105	518,753,781	(11,546,676)	-2%
Deferred inflows of resources	77,734,466	38,482,188	39,252,278	102%
Net investment in capital assets	48,393,578	35,489,618	12,903,960	36%
Restricted	92,199,100	58,979,173	33,219,927	56%
Unrestricted	104,260,657	90,877,822	13,382,835	15%
Total net position	\$ 244,853,335	\$ 185,346,613	59,506,722	32%

Assets and Deferred Outflows of Resources. Significant current period activity related to assets and deferred outflows of resources is summarized below.

Current assets increased by \$99 million. Significant drivers of this were as follows:

- \$57.1 million in cash primarily from issuance of new debt
- \$13.8 million in intergovernmental receivable, \$12.3 million in taxes receivable, and
- \$15.4 million in net pension asset.

Capital assets decreased \$26.6 million due to annual depreciation expense and disposal of capital lease assets.

Liabilities and Deferred Inflows of Resources. Significant current period activity related to liabilities and deferred inflows of resources is summarized below.

- Long-term liabilities decreased by \$13.2 million. Significant drivers of this were as follows: \$22.8 million decrease in net pension liability and \$11.0 million increase in bonds and leases payable.

Net Position. At the current fiscal year end, total assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$244.9 million.

The majority of the unrestricted net position has been internally assigned to maintain the operations of the School Corporation.

Statement of Activities

Nonprogrammed charges	1,915,034	5,197,821	(3,282,787)	-63%
Total expenses	558,797,157	517,987,033	40,810,124	8%
Change in net position	59,506,722	6,647,159	52,859,563	795%
Net position, beginning of year	185,346,613	176,456,515	8,890,098	5%
Adoption of accounting principal	-	2,242,939	(2,242,939)	100%
Net position, beginning of year, restated	185,346,613	178,699,454	6,647,159	4%
Net position, end of year	\$ 244,853,335	\$ 185,346,613	59,506,722	32%

Change in Net Position. The change in net position represents the School Corporation's operating results for the previous fiscal year. For the fiscal year ended June 30, 2022, the School Corporation reported a change in net position of \$59.5 million.

Significant changes to program and general revenues include the following:

- Operating grants and contributions increased by approximately \$63 million during the current year. Of this total, \$9.0 million was due to the resumption of normal meal services, \$6.5 million was from one-time foodservice federal COVID-related reimbursements from the prior year, and the remainder was largely from ESSER funding.
- The School Corporation reports its share of pre-96 TRF pension expense as an operating grant and contribution and instruction expense. During the year, the School Corporation's share of this expense increased by \$23.7 million.
- Investment earnings increased by approximately \$662,000 during the current year due to rise in interest rates.

Significant changes to functional expenses include the following:

- Instruction expenses increased by \$34.6 million due to teacher compensation and four additional innovation schools.
- Nonprogrammed charges expenses decreased by \$3.3 million, primarily due to reclassification of Innovation pass-through dollars.

Significant changes to capital assets include the following:

- During the fiscal year the School Corporation dispose of 163 large (54+ passengers) propane buses with a total acquisition cost of \$17.1 million

Governmental Fund Assets. Assets consist primarily of cash and investments and taxes receivable. Significant current period activity related to assets as detailed above in the notes to 'Statement of Net Position'.

Governmental Fund Liabilities. Liabilities consist primarily of salaries and payroll deductions payable. Significant current period activity related to liabilities is summarized below. The Interfund activity resulted in \$23.3 million of interfund receivables and liabilities.

Governmental Fund Balance. Notable items include the following:

- Restricted – Facility maintenance and capital needs increased by \$49.1 million due to an increase in cash relating to general obligation bond proceeds.
- Assigned – Food Service increased by \$7.0 million due to the resumption of normal meal services and a one-time foodservice federal COVID-related reimbursements to the School Lunch fund.

Governmental Funds Changes in Fund Balances. During the current fiscal year, the main sources of governmental fund revenues included state basic aid and property tax revenue.

Significant changes to revenues include the following:

- Operating grants and contributions increased by approximately \$63 million during the current year. Of this total, \$9.0 million was due to the resumption of normal meal services, \$6.5 million was from one-time foodservice federal COVID-related reimbursements from the prior year, and the remainder was related to ESSER funding.
- State basic aid income increased by \$4.3 million during the current fiscal year due to the increase of tuition support and the addition of four innovation schools.
- The decrease in reported property tax revenue of \$6.4 million was due to abnormal timing of property tax due dates that occurred in 2020 as the governor sought to help taxpayers' cash flows during the uncertainty of COVID.

Significant changes to expenses include the following:

- Instruction expenses increased by \$17 million. This is due to an increase in teacher compensation and the addition of four innovation schools as explained in the comments related to the Statement of Net Position.
- Capital outlays increased by \$4.2 million due to a majority of our multi-year construction projects starting in fiscal year 2022 when compared to fiscal year 2021.

BUDGETARY PROCESS

Indianapolis Public Schools budget is governed and approved by the Department of Local Government Finance (DLGF) for board appropriated funds. The assumptions used are generated through our long-term cash flow and debt scenarios. This process is on a fiscal year, which runs from July 1 through June 30. Any increases to the budget must go through an additional appropriation hearing and needs to be approved by the DLGF.

Budget to actual comparison schedules have been presented as part of the required supplementary information.

CAPITAL ASSETS

Capital assets. Capital assets, net of depreciation, totaled \$398.2 million on June 30, 2022. Please refer to Note 6 in the notes to the financial statements for more detail on capital asset activity, including additions and disposals of capital assets during the current fiscal year. As of June 30, 2022, the School Corporation has approximately \$32.7 million of construction commitments related to building renovations outstanding.

Major capital asset projects and events during the current fiscal year included the following:

- During the fiscal year the School Corporation dispose of 163 large (54+ passengers) propane buses with a total acquisition cost of \$17 million
- The lease payable obligations has increased our long-term liabilities of \$1.5 million. This change was due to implementation of GASB.87

Leases payable	1,513,213	-	1,513,213	100%
Compensated absences	2,885,099	4,666,883	(1,781,784)	-38%
Net pension liability - PERF	12,537,002	32,734,429	(20,197,427)	-62%
Net pension liability (asset) - TRF 1996	(15,412,144)	2,565,842	(17,977,986)	-701%
Other post-employment benefits liabilities	7,835,976	8,429,771	(593,795)	-7%
Total	\$ 441,172,753	\$ 469,815,499	(28,642,746)	-6%

During the year, the School Corporation issued multiple general obligation bonds that will be used to support technology, maintenance, and school specific improvement projects. This includes the following:

- \$15.5 million in bonds which mature in July 2024.
- \$42.8 million in bonds which mature in July 2027.

Subsequent to the fiscal year end,

- In December 2022, the Indianapolis Public Schools Board of School Commissioners unanimously approved a \$410 million capital referendum to help the district fund facilities improvements and new construction to upgrade the district's elementary and middle schools as outlined in the district's *Rebuilding Stronger Plan*. Registered voters living in the IPS district will have the opportunity to vote on our capital referendum which will appear on the May 2, 2023 ballot. For the median homeowner, this would amount to a \$3 monthly increase above the current property-tax rate.

CURRENTLY KNOWN FACTS, DECISIONS OR CONDITIONS THAT ARE EXPECTED TO HAVE A SIGNIFICANT EFFECT ON THE FINANCIAL POSITION OR RESULTS OF OPERATIONS

Impact of Future Legislation

Given the nature of its operations, the School Corporation is heavily reliant on future legislation set forth by the State Legislature as a large amount of funding received by the School Corporation is impacted by this legislation. The State's future legislative actions could cause a material impact on the School Corporation's operations and business results in the future.

Rebuilding Stronger Campaign

Rebuilding Stronger is a bold and innovative plan designed to reinvent, rebuild, redesign and rethink IPS' family of schools, how it spends resources, and how to effectively leverage facilities — with a heavy focus on stakeholder engagement. The ultimate commitment is ensuring excellent schools for all students in all neighborhoods throughout the IPS district.

The plan, which includes four phases, began in September 2021 with IPS Superintendent Dr. Aleesia Johnson's State of the District speech, and has included a variety of districtwide engagement opportunities in which thousands of IPS families, staff, students, and other stakeholders have shared their thoughts and feedback that is incorporated into the plan.

Some of that feedback resulted in the following tangibles:

- **Guiding Principles:** A list of 10 attributes to ensure vision attainment.
- **Commitments to Our Community:** A set of non-negotiable commitments aligned to IPS values.
- **Stakeholder Input Report:** A collection of the feedback received from stakeholders, including key themes and insights, details of the desired vision from stakeholders.

The components of the Rebuilding Stronger Plan:

- **Grade Reconfiguration and Middle School Impact** — Creates dedicated K–5 and 6–8 schools for an exciting and robust elementary and middle school experience.
- **Pre-K Expansion** — Improves access to free Pre-K by adding programs throughout district schools.
- **Enrollment Zones and Elimination of Proximity Priority** — Increases equitable access to schools for all families; reduces student mobility.
- **Special Education in all School Zones** — Increases accessibility of special education programs in each of the four enrollment zones.
- **Facilities Upgrades and Renovations** — Creates higher-quality facilities, and modifications to schools to accommodate new programs, academic models, or grade reconfiguration.
- **High-Ability Program Eligibility and Placement** — Offers increased access to high-ability programming to eligible students in a more centralized location.
- **Program Expansion and Replication** — Improves student access to higher-performing, high-demand schools in all zones.
- **School Consolidation and Closures** — Creates efficiency, more economical facilities and improves student enrollment.

 Reconciliation of the Governmental Funds
 Balance Sheet to Statement of Net Position
 June 30, 2022

Total fund balances - governmental funds		\$ 222,151,457
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds:		398,179,412
Capital assets, net of depreciation		
Some assets and liabilities reported in the statement of net position do not require the use of current financial resources and therefore are not reported as assets or liabilities in governmental funds. These assets and liabilities consist of:		
Compensated absences	(2,885,099)	
Long-term debt, net	(431,813,608)	
Leases payable	(1,513,213)	
Net pension asset	15,412,143	
Net pension liability	(12,537,002)	
Other post-employment obligations	(7,835,976)	
Total long-term liabilities	(441,172,755)	(441,172,755)
Interest on long-term liabilities is not accrued in governmental funds, but rather is recognized when due.		(6,354,483)
Certain grant, interest and tax receivable items are not available to pay for current period expenditures and therefore are unavailable in the governmental funds.		90,539,014
Certain items related to pension/other post-employment benefit liability, and bond refundings measurements are deferred and recognized in future periods.		
Deferred outflows of resources	49,826,198	
Deferred inflows of resources	(76,776,640)	(26,950,442)
Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.		8,461,132
Total net position- governmental activities		\$ 244,853,335

See accompanying notes to financial statements.

INDIANAPOLIS PUBLIC SCHOOLS
Reconciliation of the Governmental Funds
Statement of Revenues, Expenditures and Changes in Fund Balances to Statement of Activities
Year ended June 30, 2022

Net change in total fund balances \$ 64,605,400

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report outlays for capital assets as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets.

Capital outlay resulting in assets	4,129,898	
Depreciation expense	<u>(16,369,013)</u>	
Depreciation expense in excess of capital outlays		(12,239,115)

The issuance of long-term debt provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Debt principal repayment	49,016,376	
Debt issuance	<u>(64,633,979)</u>	(15,617,603)

Governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the statement of activities.

Amortization of premiums and discounts		4,049,302
--	--	-----------

Governmental funds record the total amount of proceeds received in a sale of capital assets as revenue while governmental activities report only the gain or loss associated with the sale.

(14,694,697)

Some revenues were not collected as of the close of the fiscal year and therefore were not considered to be "available" and are not reported as revenue in the governmental funds.

The change from fiscal year 2022 and 2021 consists of:

Property taxes	12,279,864	
Grants receivable	(1,293,684)	
Interest	<u>425,263</u>	11,411,443

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported in the governmental funds.

Change in deferred outflows and inflows surrounding debt refundings	64,682	
Change in OPEB liabilities and deferred outflows and inflows	(183,993)	
Change in pension asset, liability, and deferred outflows and inflows	15,376,026	
Change in interest payable	(82,653)	
Change in compensated absences	<u>1,781,784</u>	
Total		16,955,846

Internal Service Funds are used by management to charge the costs of certain activities, such as insurance to individual funds. The change in net position of the internal service funds is reported with governmental activities.

5,036,146

Change in net position of governmental activities \$ 59,506,722

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity: Indianapolis Public Schools (the "School Corporation") is the largest public school district in Indiana and was established under the laws of the State of Indiana. IPS operates under a Board of School Trustees form of government and provides educational services. IPS is an agile, innovative educational organization committed to academic excellence built through individualized, relationship-based learning.

The accompanying financial statement presents the financial information for the School Corporation.

Blended Component Units: The following component unit has been presented as a blended component unit. The Board of the component unit is made up of three individuals, all of whom are independent of the School Corporation. There is either a financial benefit or burden relationship between the School Corporation and the component unit or management of the primary government has operational responsibility for the component unit or the component units provide services exclusively or almost exclusively to the primary government:

- IPS Multi-School Building Corporation (Building Corporation). The component unit is presented as a portion of debt service and construction funds.

The component unit detailed above hold bonds currently outstanding in the amount of \$298,910,000. The School Corporation has entered into lease revenue arrangements with the Building Corporation to pay off the entirety of this debt as scheduled. The lease transactions have been eliminated for the reporting entity presentation of financial statements.

Discretely Presented Component Units: The following component units have been presented as discretely presented component units at June 30, 2022. The Boards of the component units are made up of directors as outlined in accordance with each organization's bylaws. The component units are part of the School Corporation's innovation network. Innovation network schools operate with the authority to make decisions about all aspects of their school-both academic and operational. They are held accountable by the school district for achieving high academic goals and strong student achievement. The purpose of innovation network schools is to allow the schools greater flexibility to make decisions based on the specific needs of a school's student body. The nature and significance of the component units' relationships with the School Corporation is such that the component units should be included in the reporting entity.

Change in Reporting Entity

The following schools entered the first year of their innovation network agreements with IPS in school year 2021-22, which resulted in these schools being reported as a related party of IPS.

1. Paramount Online Academy
2. Hope Academy Recovery High School
3. Herron Preparatory Academy
4. Phalen Virtual Leadership Academy

During the year, Christel House Academy South amended its charter so that the K-8 portion of the organization is referred to as Christel House South and the 9-12 portion is referred to as Watanabe Manual High School.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The discretely presented component units detailed below are considered part of the School Corporation's Local Education Agency (LEA) and operate under the legal title of the School Corporation. In this relationship, the component units have staffing and curricular autonomy, but are included in the Student Based Allocation ("SBA") process along with direct-managed IPS schools.

1. Manual High School
2. Cold Spring School, Inc.
3. Edison School of the Arts, Inc.
4. SUPER School, Inc.
5. Near Eastside Innovation School Corp. d/b/a Thomas Gregg Neighborhood School
6. Thrival Indy Academy
7. The Sankofa School of Success

The discretely presented component units detailed below are all part of the School Corporation's innovation network (which also includes additional schools which are not discretely presented component units) but are not part of the School Corporation's LEA. The component units each have their own standing as a LEA. The significance of the level of shared services between the following organizations and the School Corporation is such that the component units should be included in the reporting entity.

1. Neighborhood Charter Network, Inc. (Enlace Academy and Kindezi Academy)
2. Global Preparatory Academy, Inc.
3. URBAN ACT Academy, Inc.
4. Matchbook Learning Schools of Indiana, Inc.
5. Ignite Achievement Academy, Inc.
6. KIPP Indianapolis, Inc. (Unite Elementary, College Prep Middle, and Legacy High School)
7. The Phalen Leadership Academy – Indiana, Inc. School 103
8. The Phalen Leadership Academy – Indiana, Inc. School 93
9. The Phalen Leadership Academy – Indiana, Inc. School 48
10. The PATH School
11. Adelante Schools, Inc.
12. Christel House Academy South
13. Watanabe Manual High School

Many of the entity's schools in the above lists may use IPS facilities. In these instances, occupancy costs are considered in-kind contributions to the organization. In addition to occupancy costs, transportation costs account for a large share of in-kind contributions. Transportation costs and debt associated with occupancy costs are paid by IPS on behalf of operators. In many instances, the funding source for these expenses is property tax dollars.

Related Parties: The School Corporation is supported by a number of parent teacher organizations and booster groups as well as an Educational Foundation. Each of these organizations are separate legal entities and have their own governing boards. The School Corporation does not control these groups but, does work closely with them to identify areas where they can support educational programs within the schools.

The following related parties are schools supported by the School Corporation that are outside of the School Corporation LEA and are not considered component units of the School Corporation because they are not part of the LEA, do not use significant School Corporation facilities or resources or do not receive significant in-kind contributions from the School Corporation.

1. Avondale Meadows Academy, Inc. d/b/a United Schools of Indianapolis (Middle School)
2. Herron High School, Inc. d/b/a Indianapolis Classical Schools (Herron High and Riverside High School)
3. Herron Preparatory Academy
4. Purdue Polytechnic High School (Downtown)
5. Paramount Online Academy
6. Phalen Virtual Leadership Academy
7. Hope Academy Recovery High School

Government-Wide Financial Statements: The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the School Corporation. The effect of interfund activity has been removed from these statements. The School Corporation's operating activities are all considered "governmental activities," that is, activities normally supported by taxes and intergovernmental revenues. The School Corporation has no operating activities that would be considered "business-type activities."

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) amounts paid by the recipient of goods or services offered by the program and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Governmental Funds Financial Statements: Governmental funds financial statements are organized and operated on the basis of funds and are used to account for the School Corporation's general governmental activities. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, deferred inflows of resources, deferred outflows of resources, fund balance, revenues, and expenditures. The minimum number of funds is maintained consistent with legal and managerial requirements.

Measurement Focus and Basis of Accounting: The government-wide financial statements, the internal service fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue when all eligibility requirements have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both "measurable and available." "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School Corporation considers all revenues available if they are collected within 60 days after year-end.

Expenditures are recorded when the related fund liability is incurred. However, expenditures for unmatured principal and interest on general long-term debt, including lease liabilities, are recognized when due; and certain compensated absences, claims, and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Major Governmental Funds:

The School Corporation reports the following major governmental funds:

- *Operations Fund* – A special revenue fund that is required by IC 20-40-18. It is used to account for receipt of the operation property tax levy and other excise and local income taxes. It is also used to pay expenses allocated to overhead and operational activities.

The Rainy Day fund is reported as a portion of the Operations Fund.

- *Education Fund* – A special revenue fund that is required by IC 20-40-2. It is used to account for all tuition receipts and disbursements related to student instruction and learning.
- *Operating Referendum Fund* – A special revenue fund that accounts for receipt of operating referendum tax remittances and disbursements related to support and operation and maintenance services.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- *Debt Service Fund* – This fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.
- *Construction Fund* – This fund accounts for construction projects and renovations financed through various bond issuances. The fund is an aggregate of multiple capital project type funds.
- *Multi-School Building Corporation Debt Service Fund* – This fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs related to the capital lease obligations between the School Corporation and the Multi-School Building Corporation.

Other Fund Types:

Additionally, the School Corporation reports the following fund types:

- *Capital Referendum Fund* – A capital projects type fund that the School Corporation has chosen to utilize for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs associated with the capital referendum.
- *Nonmajor Debt Service Funds* – Certain nonmajor funds account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs. Pension obligation bonds are the primary obligation serviced by this fund.
- *Special Revenue Funds* – Various funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes, other than those accounted for in the Debt Service Fund or Construction Funds. Key funds tracked include:
 - *School Lunch Fund* – A special revenue fund that accounts for the various grants, receipts and related costs for the school lunch program.
 - *Textbook Rental Fund* – A special revenue fund that accounts for the receipts and disbursements related to rental of textbooks and other curricular materials and supplies.
- *Internal Service Fund* – The self-insurance fund is a proprietary fund and accounts for the cost of purchased insurance, the operation and administration of the School Corporation's self-insurance programs, and the cost of administering and collecting the School Corporation's occupational premiums.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance:

Deposits and Investments: The School Corporation's cash and cash equivalents are considered to be cash on hand, cash invested in state investment pools, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. State statute (IC 5-13-9) authorizes the School Corporation to invest in securities, including but not limited to, federal government securities, repurchase agreements, and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local governmental units.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Nonparticipating certificates of deposit, demand deposits and similar nonparticipating negotiable instruments that are not reported as cash and cash equivalents are reported as investments at cost. Money market investments that mature within one year or less at the date of their acquisition are reported at amortized cost. Other money market investments are reported at fair value. Investment income, including changes in the fair value of investments, is reported as revenue in the operating statement.

Restricted Assets: All restricted assets, as presented in the accompanying financial statements, are restricted due to debt service requirements, capital requirements and grantor intent.

Interfund Transactions and Balances: Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund receivables/payables.

Deferred Outflows of Resources and Deferred Inflows of Resources: Deferred outflows of resources represent a consumption of net position that applies to future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods. These amounts will not be recognized as expense or revenue until the applicable period. The School Corporation's activities are related to recognition of changes in its defined benefit plan's net pension liability that will be amortized in future periods, recognition of changes in its other postemployment benefit plans that will be amortized in future periods and deferred amounts on debt refunding which will be recognized as interest expense over the life of the debt.

On the governmental fund financial statements, the School Corporation reports amounts that are measurable but not yet available as unavailable revenues. The School Corporation reports lease revenues that are to be recognized in future periods as deferred inflows of resources.

Inventories and Prepaid Items: All material inventories would be recorded at cost using the first in/first out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Leases Receivable: The School Corporation is a lessor for noncancellable leases for portions of land and a building. The School Corporation recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements for lease transactions.

At the commencement of a lease, the School Corporation initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the School Corporation determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The School Corporation uses the estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The School Corporation monitors changes in circumstances that would require a remeasurement of its leases, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the leases receivable.

Property Tax Revenues: Property taxes levied are collected by the County Treasurer and are scheduled to be distributed to the School Corporation in June and December; however, situations can arise which would delay the distributions. State statute (IC 6-1.1-17-16) requires the Indiana Department of Local Government Finance to establish property tax rates and levies by February 15.

These rates were based upon the preceding year's lien date and assessed valuations are adjusted for various tax credits. Taxable property is assessed at 100 percent of the true tax value (determined in accordance with rules and regulations adopted by the Indiana Department of Local Government Finance). Taxes may be paid in two equal installments which normally become delinquent if not paid by May 10 and November 10, respectively.

Capital and Lease Assets: Capital and lease assets, which include land, land improvements, buildings, equipment, right-to use lease assets, and construction in progress, are reported in the government-wide financial statements. Capital and lease assets are defined by the School Corporation as assets with an initial individual cost of \$5,000 or more and an estimated useful life of 4 years or more. Such assets, with the exception of right-to-use lease assets, are recorded at cost at the date of acquisition if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Depreciation and amortization of capital and lease assets is provided using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Improvements	40
Buses	10
Other Vehicles	6 – 10
Machinery and Equipment	4 – 10
Right-to-use assets	2 – 5

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Long-Term Obligations: In the government-wide financial statements, long-term debt and other long-term obligations, including lease liabilities, are reported as liabilities in the statement of net position. Bond premiums and discounts are amortized over the life of the applicable bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the year of issuance.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the period incurred. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The School Corporation is a lessee for noncancellable leases of vehicles, equipment and warehouse space. The School Corporation recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The School Corporation recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the School Corporation initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the School Corporation determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The School Corporation uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the School Corporation generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the School Corporation is reasonably certain to exercise.

The School Corporation monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Net Position Classifications: Equity is classified as net position and displayed in three components:

- *Net investment in capital assets* - Consists of capital and lease assets including restricted capital assets, net of accumulated depreciation and amortization and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less any unspent debt proceeds.
- *Restricted net position* - Consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- *Unrestricted net position* - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the School Corporation's policy to use restricted resources first, and then unrestricted resources as they are needed.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensions: The School Corporation has recorded a net pension liability reflecting their proportionate share of the difference between the total pension liabilities and the fiduciary net positions of the Indiana Public Retirement System (INPRS) plans:

- Public Employee's Retirement Fund (PERF) Plan
- Teacher's Retirement Fund (TRF) Plan

Although the School Corporation participates in the TRF Pre-1996 Plan, this has not been included in the measurement of net pension liabilities and related deferred inflows and outflows of resources. The TRF Pre-1996 Plan is a liability of the State of Indiana, due to its status as a special funding situation. The School Corporation does not make contributions to the plan. The School Corporation records revenue and expense at the government wide level for the value of the School's Corporations proportionate share of pension expense.

For purposes of measuring the net pension liabilities, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of INPRS Plans and additions to/deductions from the INPRS Plans' fiduciary net position have been determined on the same basis as they are reported by the INPRS system. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits: For purposes of measuring the School Corporation's Postemployment Benefits Other than Pensions ("OPEB") liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

Compensated Absences: All full-time employees accrue sick leave, and all full-time 12-month employees accrue vacation days. All employees who are retirement eligible may be paid out for accrued sick leave though at a fixed daily rate. All employees with vacation day accruals are eligible for vacation payout upon separation from the School Corporation at a regular pay rate in an amount determined by their date of separation.

Property Tax Abatements: Under the state statute, IC 6-1.1-12.1, Marion County, and cities and towns within Marion County, provide tax abatements for rehabilitation or redevelopment of real property in economic revitalization areas. The tax abatements under this statute are for real property tax, personal property and vacant property tax. For Marion County's calendar year 2021, tax amounts of \$2,265,545 were abated which reduced County revenues. The City of Indianapolis reported \$4,017,000. These abatements reported at the County and City level have an estimated impact of approximately \$2.9 million on the School Corporation's collection of property taxes due to allocation to many underlying tax units.

Marion County - Real property	\$ 940,155
Marion County - Personal property	1,324,069
Marion County - Vacant property	1,321
City of Indianapolis - Real property	1,668,000
City of Indianapolis - Personal property	2,349,000
	<u>\$6,282,545</u>

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Commitments and Contingencies: In the ordinary course of business, a number of claims and lawsuits may arise from individuals seeking compensation for incidents occurring in the operation of the School Corporation. In addition, the School Corporation has been named as a defendant litigation relating to personnel and contractual matters. Management does not believe that the outcome of these claims will have a material adverse effect on the School Corporation's financial position. However, in the event of an unfavorable outcome in one or more of these matters, the impact could be material to the School Corporation's financial position or results of operations.

Eliminations and Reclassifications: In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified.

Use of Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows and deferred outflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Pronouncements: In 2022, the School Corporation implemented GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. As a result of implementation, the School Corporation reported a lease receivable and a deferred inflow of approximately \$990,000 at July 1, 2021. The School Corporation also reported a right-to-use asset and lease liability of approximately \$1.2 million at July 1, 2021. The implementation did not have an impact on beginning fund balance or net position.

Subsequent Events: In November 2022, the School Corporation sold \$25 million in Unlimited Ad Valorem Property Tax First Mortgage bonds. The bonds will be used to pay the costs of facility improvements and renovations, safety enhancements and technology upgrades. The bonds mature on July 15, 2042.

Additionally, in November 2022, the School Corporation sold \$16.865 million in general obligation bonds. The bonds will be used to pay the costs of facility improvements and renovations. The bonds mature on July 15, 2026.

NOTE 2 - FUND BALANCES

The components of fund balance include the following line items:

	Operations Fund	Education Fund	Operating Referendum Fund	Debt Service Fund	Construction Fund	Multi-School Building Corporation Debt Service Fund	Nonmajor Governmental Funds	Total
Nonspendable fund balance:	\$ 959,130	\$ 936,523	\$ -	\$ -	\$ -	\$ -	\$ 712,817	\$ 2,608,470
Restricted fund balance:								
Facility maintenance and capital needs	-	-	-	-	76,849,384	-	-	76,849,384
Instruction	-	15,643,499	-	-	-	-	-	15,643,499
Debt service	-	-	-	8,983,267	-	32,771,423	-	41,754,690
Severance obligations	-	-	-	-	-	-	4,553,676	4,553,676
Grant expenses	-	-	-	-	-	-	9,824,772	9,824,772
Referendum	-	-	1,537,839	-	-	-	3,472,481	5,010,320
Total	-	15,643,499	1,537,839	8,983,267	76,849,384	32,771,423	17,850,929	153,636,341
Committed fund balance:	-	-	-	-	-	-	-	-
Assigned fund balance:								
Food services	-	-	-	-	-	-	12,231,102	12,231,102
Instruction	-	-	-	-	-	-	1,053,336	1,053,336
	-	-	-	-	-	-	13,284,438	13,284,438
Unassigned fund balance:	58,789,966	-	-	-	-	-	(6,167,758)	52,622,208
	<u>\$ 59,749,096</u>	<u>\$ 16,580,022</u>	<u>\$ 1,537,839</u>	<u>\$ 8,983,267</u>	<u>\$ 76,849,384</u>	<u>\$ 32,771,423</u>	<u>\$ 25,680,426</u>	<u>\$ 222,151,457</u>

Fund Balance Classifications. Fund balances are divided into five classifications for the Governmental Fund financial statements based on Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions as follows:

- Nonspendable fund balance is inherently nonspendable, such as portions of net resources that cannot be spent because of their form and portions of net resources that cannot be spent because they must remain intact.
- Restricted fund balance has externally enforceable limitations on use, such as limitations imposed by creditors, grantors, contributors, or laws and regulations of other government as well as limitations imposed by law through constitutional provision or enabling legislation.
- Committed fund balance has self-imposed limitations set in place prior to the end of the period. The limitations are imposed at the highest level of decision making that requires formal action at the same level to remove. For the primary government, the School Corporation Board is the highest level of decision making.
- Assigned fund balance represents amounts that are intended to be used by the primary government for specific purposes but do not meet the criteria to be classified as restricted or committed.
- Unassigned fund balance is the total fund balance in the operations or education funds in excess of nonspendable, restricted, committed, and assigned fund balance. Any negative fund balance in other funds would also be classified into this category.

If there is an expenditure incurred for purposes for which both restricted and unrestricted fund balance is available, the School Corporation will consider restricted fund balance to have been spent before unrestricted fund balance. Further, if there is an expenditure incurred for purposes for which committed, assigned, or unassigned fund balance classifications could be used, then the School Corporation will consider committed fund balance to be spent before assigned fund balance and consider assigned fund balance to be spent before unassigned fund balance.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 2 - FUND BALANCES (Continued)

At June 30, 2022, various nonmajor special revenue funds and a nonmajor debt service fund have deficit fund balances.

NOTE 3 - DEPOSITS AND INVESTMENTS

For governmental activities, the carrying amount of all deposits and investments was \$247,526,595 at June 30, 2022.

<u>Type</u>	<u>Governmental Activities</u>
Cash	\$ 164,908,055
Money markets	82,304,660
Money markets - Hoosier Fund	32,272
Trust Indiana	281,608
	<u>\$ 247,526,595</u>

Demand Deposits: For governmental activities, the carrying amount of demand deposits was \$164,908,055 at June 30, 2022, while the bank balances were \$166,720,770. The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

Money Market Accounts: As of June 30, 2022, the School Corporation holds \$82,336,932 in money market accounts for governmental activities. Of this, \$32,272 is invested in an external investment pool, Hoosier Fund. These money market accounts have been reported under amortized cost and are reported as cash equivalents within the financial statements.

Deposits: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. IC 5-13-8-1 allows a political subdivision of the State of Indiana to deposit public funds in a financial institution only if the financial institution is a depository eligible to receive state funds and has a principal office or branch that qualifies to receive public funds of the political subdivision. The School Corporation does not have a deposit policy for custodial credit risk, as funds are only deposited into eligible state depositories.

Investments: State statute (IC 5-13-9) authorizes the School Corporation to invest in securities, including but not limited to, federal government securities, repurchase agreements and certain money market mutual funds. Certain other statutory restrictions apply to all investments made by local government units.

Accounting Principles Generally Accepted in the United States of America (GAAP) defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the School Corporation's principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 3 - DEPOSITS AND INVESTMENTS (Continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

As of June 30, 2022, the School Corporation holds the following investments:

Investments measured at net asset value (NAV) (a)

State external investment pool - TrustIndiana	\$ 281,608
	\$ 281,608

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Position.

Investments at NAV: The School Corporation holds investments measured at NAV with TrustIndiana. TrustIndiana, a local governmental investment pool, seeks to allow local units of government, as well as the State of Indiana, to invest in a common pool of investment assets that preserves the principal of the public’s funds, remains highly liquid and maximizes the return on the investment. There are no unfunded commitments or restrictions on redemptions. The fund in which the School Corporation invests is not rated.

NOTE 4 – RESTRICTED ASSETS

The School Corporation and the Building Corporation have cash and cash equivalents that are externally restricted for their use by either a tax levy, capital referendum, or bond issuance related funds (debt service or construction proceeds) held by the School Corporation or held in trust for the Building Corporation as follows as of June 30, 2022:

	<u>Bond Funds</u> <u>(Proceeds)</u>	<u>Bond funds</u> <u>(Debt Service)</u>	<u>Severance</u> <u>Obligations</u>	<u>Tax</u> <u>Levy</u>	<u>Grants and</u> <u>Other</u>	<u>Total</u>
Governmental Activities:						
Major Funds:						
Debt Service	\$ -	\$ 8,983,267	\$ -	\$ -	\$ -	\$ 8,983,267
Construction	78,496,851	-	-	-	-	78,496,851
Non-Major Funds:						
Debt Service	-	-	4,553,676	3,075,017	-	7,628,693
Grants	-	-	-	-	11,219,869	11,219,869
Totals	\$ 78,496,851	\$ 8,983,267	\$ 4,553,676	\$ 3,075,017	\$ 11,219,869	\$ 106,328,680

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 5 - ACCOUNTS RECEIVABLE

The School Corporation reports receivables for property taxes receivable, interest on investments, intergovernmental receivables, and operating activities. Property taxes represent an estimate of anticipated second distribution for the January 1, 2022 tax levy that will be collected in November and December 2022. Intergovernmental receivables are primarily state funding or grants. Intergovernmental receivables are primarily grants distributed from the Indiana Department of Education. Operating accounts receivable at June 30, 2022 consist of student receivables and other receivables. Management has determined certain student receivable accounts to not be fully collectible and has thus recorded an allowance for uncollectible accounts. Receivables balances at June 30, 2022, include the following:

<u>Receivables Category</u>	<u>June 30, 2022</u> <u>Balance</u>
Property taxes	\$ 83,198,770
Interest on investments	499,749
Intergovernmental	27,498,144
Leases	929,972
Operating:	
Student receivables	2,114,439
Other receivables	2,231,965
Total gross operating	<u>4,346,404</u>
Less allowance for uncollectible accounts	<u>(1,440,983)</u>
Net operating	<u>2,905,421</u>
 Total Receivables	 <u><u>\$ 115,032,056</u></u>

During the fiscal year ending June 30, 2022, the School Corporation recognized approximately \$31,000 and \$54,000 related to lease related revenues and interest earned on leases, respectively.

NOTE 7 – LONG-TERM LIABILITIES (Continued)

Annual debt service requirements to maturity for all bonds are as follows for governmental activities:

Fiscal Year	Principal	Interest	Total
2023	\$ 51,855,000	\$ 13,794,342	\$ 65,649,342
2024	54,450,000	12,774,376	67,224,376
2025	51,025,000	11,200,909	62,225,909
2026	51,000,000	9,204,969	60,204,969
2027	52,900,000	7,329,609	60,229,609
2028-2032	140,765,000	13,190,817	153,955,817
2033-2037	8,700,000	1,098,364	9,798,364
2038-2042	2,850,000	85,950	2,935,950
Total	\$ 413,545,000	\$ 68,679,336	\$ 482,224,336

Upon default of debt issuances held by the School Corporation, the Registrar may file a claim with the Treasurer of the State of Indiana for any amount in default.

In the case of default of the debt issuances held by the Building Corporation, the Building Corporation may be required to surrender possession of property associated with each debt issuance to the Trustee. Additionally, the Trustee may declare principal due and payable prior to the stated maturity.

Annual debt service requirements to maturity for all leases are as follows for governmental activities:

Fiscal Year	Principal	Interest	Total
2023	\$ 561,602	\$ 52,583	\$ 614,185
2024	446,824	32,560	479,384

Total		<u>\$ 71,844,636</u>	

NOTE 9 - RISK MANAGEMENT

The School Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding postemployment benefits); and natural disasters.

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

Self-insurance plan: The School Corporation has adopted a plan of self-insuring employee group medical, dental, and workers compensation insurance. The School Corporation became self-insured for its medical insurance on January 1, 2020. Expenses are recorded as incurred. Insurance policies limit the School Corporation's annual liability to \$600,000 per individual and \$500,000 aggregated.

The accrual represents the School Corporation's estimate of claims and fees that were incurred but unpaid as of the end of the year. At June 30, 2022, the School Corporation estimates this liability within the Internal Service Fund balance sheet and Other Liabilities on the Statement of Net Position to be as follows:

	June 30, 2022 Balance	June 30, 2021 Balance
Liability, beginning of year	\$ 4,249,722	\$ 2,255,759
Add: Current year claims incurred	30,547,323	36,325,209
Less: Payment of current year claims	<u>(30,576,584)</u>	<u>(34,331,246)</u>
Liability, end of year	<u>\$ 4,220,461</u>	<u>\$ 4,249,722</u>

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS

The School Corporation participates in three pension plans, which are administered by the Indiana Public Employees' Retirement System (INPRS).

Pension Plan Fiduciary Net Position: Detailed information about the pension plans' fiduciary net position is available in a stand-alone financial report of INPRS that includes financial statements and required supplementary information for the plans as a whole. These reports may be obtained by writing the Indiana Public Retirement System, One North Capitol, Suite 001, Indianapolis, IN 46204, by calling (888) 526-1687, by emailing questions@inprs.in.gov, or by visiting www.in.gov/inprs.

Public Employees' Retirement Fund

Plan Description: The School Corporation participates in the Public Employees' Retirement Fund (PERF), a cost-sharing multiple-employer defined benefit plan effective July 1, 2013 based on 35 IAC 21-1-1, 35 IAC 21-1-2 and amended IC 5-10.2-2-11(b). PERF was established to provide retirement, disability, and survivor benefits to full-time employees of the State of Indiana not covered by another plan, those political subdivisions that elect to participate in the retirement plan, and certain INPRS employees. Political subdivisions mean a county, city, town, township, political body corporate, public school corporation, public library, public utility of a county, city, town, township, and any department of, or associated with, a county, city, town, or township, which department receives revenue independently of, or in addition to, funds obtained from taxation. There are two (2) tiers to the PERF Plan. The first is the Public Employees' Defined Benefit Plan (PERF Hybrid Plan) and the second is the My Choice Retirement Savings Plan for Public Employees (My Choice). The School Corporation participates in both plans. Details of the PERF Hybrid Plan are described below.

PERF Hybrid Plan Description: The PERF Hybrid Plan was established by the Indiana Legislature in 1945 and is governed by the INPRS Board of Trustees in accordance with Indiana Code (IC) 5-10.2, IC 5-10.3, and IC 5-10.5. There are two (2) aspects to the PERF Hybrid Plan defined benefit structure. The first portion is the monthly defined benefit pension that is funded by the employer. The second portion of the PERF Hybrid Plan benefit structure is the Public Employees' Hybrid Members Defined Contribution Account (DC Account), formerly known as the Annuity Savings Account (ASA), which that supplements the defined benefit at retirement.

Contributions: Members are required to contribute 3% of their annual covered salary to their defined contribution account. The primary government is required to contribute at an actuarially determined rate; the current rate for fiscal year 2022 is 11.2% of annual covered payroll. The contribution requirements of plan members and the primary government are established and may be amended by the INPRS Board of Trustees. The actuarial amount, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the PERF plan from the School Corporation were \$5,518,082 for the fiscal year ended June 30, 2022.

Retirement Benefits: The PERF Hybrid Plan retirement benefit consists of the sum of a defined pension benefit provided by employer contributions plus the amount credited to the member's DC Account. Pension benefits vest after 10 years of creditable service. The vesting period is eight (8) years for certain elected officials. Members are immediately vested in their annuity savings account. At retirement, a member may choose to receive a lump sum payment of the amount credited to the member's annuity savings account, receive the amount as an annuity, or leave the contributions invested with INPRS. Vested PERF members leaving a covered position, who wait 30 days after termination, may withdraw their DC account and will not forfeit creditable service or a full retirement benefit.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS (Continued)

However, if a member is eligible for a full retirement at the time of the withdrawal request, he/she will have to begin drawing his/her pension benefit in order to withdraw the DC Account. A non-vested member who terminates employment prior to retirement may withdraw his/her DC Account after 30 days, but by doing so, forfeits his/her creditable service. A member who returns to covered service and works no less than six (6) months in a covered position may reclaim his/her forfeited creditable service.

A member who has reached age 65 and has at least 10 years of creditable service is eligible for normal retirement and, as such, is entitled to 100 percent of the pension benefit component. This annual pension benefit is equal to 1.1 percent times the average annual compensation times the number of years of creditable service. The average annual compensation in this calculation uses the highest 20 calendar quarters of salary in a covered position. All 20 calendar quarters do not need to be continuous, but they must be in groups of four (4) consecutive calendar quarters. The same calendar quarter may not be included in two (2) different groups. For PERF members who serve as an elected official, the highest one (1) year (total of four (4) consecutive quarters) of annual compensation is used. Member contributions paid by the employer on behalf of the member and severance pay up to \$2,000 are included as part of the member's annual compensation.

A member who has reached age 60 and has at least 15 years of creditable service is eligible for normal retirement and, as such, is entitled to 100 percent of the pension benefit. A member who is at least 55 years old and whose age plus number of years of creditable service is at least 85 is entitled to 100 percent of the benefits as described above.

A member who has reached at least age 50 and has at least 15 years of creditable service is eligible for early retirement with a reduced pension. A member retiring early receives a percentage of the normal annual pension benefit. The percentage of the pension benefit at retirement remains the same for the member's lifetime. For age 59, the early retirement percentage of the normal annual pension benefit is 89 percent. This amount is reduced five (5) percentage points per year (e.g., age 58 is 84 percent) to age 50 being 44 percent. The monthly pension benefits for members in pay status may be increased periodically as cost of living adjustments (COLA). Such increases are not guaranteed by statute and have historically been provided on an "ad hoc" basis and can only be granted by the Indiana General Assembly.

Disability and Survivor Benefits: The PERF Hybrid Plan also provides disability and survivor benefits. A member who has at least five (5) years of creditable service and becomes disabled while in active service, on FMLA leave, receiving workers' compensation benefits, or receiving employer-provided disability insurance benefits may retire for the duration of the disability, if the member has qualified for social security disability benefits and has furnished proof of the qualification. The disability benefit is calculated the same as that for a normal retirement without reduction for early retirement. The minimum benefit is \$180 per month, or the actuarial equivalent.

Upon the death in service of a member with 15 or more years of creditable service as of January 1, 2007, a survivor benefit may be paid to the surviving spouse to whom the member had been married for two (2) or more years or surviving dependent children under the age of 18. This payment is equal to the benefit which would have been payable to a beneficiary if the member had retired at age 50 or at death, whichever is later, under an effective election of the joint and survivor option available for retirement benefits. A surviving spouse or surviving dependent children are also entitled to a survivor benefit upon the death in service after January 1, 2007, of a member who was at least 65 years of age and had at least 10 but not more than 14 years of creditable service.

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS (Continued)

Financial Report: INPRS issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole and for its participants. The report is available online at <http://www.inprs.in.gov/>.

Teachers' Retirement Plan 1996 Account:

Plan Description: The Teachers' Retirement Fund (TRF) is a cost-sharing, multiple-employer defined benefit fund providing retirement, disability, and survivor benefits. Membership in TRF is required for all legally qualified and regularly employed licensed teachers who serve in public schools of Indiana. State statute (IC 5-10.2) gives the School Corporation authority to contribute and governs most requirements of the system. The TRF retirement benefit consists of the pension provided by employer contributions plus an annuity provided by the member's annuity savings account.

For employees entering into TRF-covered employment after July 1, 2019, there are two choices of retirement plans: the TRF Hybrid Plan (Hybrid) and the TRF My Choice Retirement Savings Plan (My Choice). If employees do not make a choice, they will default to the Hybrid plan. Their choice, or default is irrevocable.

Contributions: Contributions are determined by the INPRS Board based on an actuarial valuation. Employers contribute 5.5 percent of covered payroll. No member contributions are required. For the fiscal year ended June 30, 2022, there were approximately 1,900 School Corporation employees participating in TRF with annual pay equal to approximately \$120,000,000.

Both the Hybrid and My Choice plans account consists of members' contributions, set by state statute at 3.0 percent of compensation, plus the interest credited to the member's account. The employer must pay the 3.0 percent contribution for those members enrolled in the My Choice Plan. However, the employer can choose to pay the 3.0 percent contribution for those members enrolled in the Hybrid Plan.

The annuity savings account consists of the member's contributions, set by state statute at three percent of compensation, plus the interest credited to the member's account. The School Corporation has elected to make the contributions on behalf of the member. The School Corporation's contributions to both Teachers' Retirement Plans combined, including those made to the annuities on behalf of the members, for the fiscal year ended June 30, 2022, was \$5,642,123.

Retirement Benefits: A member is entitled to a full retirement benefit 1) at age 65 with at least 10 years of creditable service, 2) at age 60 with at least 15 years of creditable service, 3) at age 55 if age and creditable service total at least 85, 4) at age 55 with 20 years of creditable service and active as an elected official in the TRF-covered position. A member is entitled to an early retirement benefit at age 50 and minimum of 15 years of creditable service. The benefit is 44 percent at age 50, increasing five percent per year up to 89% at age 59.

The lifetime annual benefit equals the years of creditable service multiplied by the average highest five-year annual salary multiplied by 1.1 percent (minimum of \$185 per month). Average annual compensation is outlined in IC 5-10.2-4-3 and includes compensation of not more than \$2,000 received from the employer in severance.

Postretirement benefit increases are granted on an ad hoc basis pursuant to IC 5-10.2-12-4 and administered by the INPRS Board.

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS (Continued)

Disability and Survivor Benefits: An active member qualifying for Social Security disability with five years of creditable service may receive an unreduced retirement benefit for the duration of their disability (minimum of \$185 per month). Under certain conditions, active TRF members may qualify for a classroom disability benefit of at least \$125 per month. If death occurs while in active service, a spouse or dependent beneficiary of a member with a minimum of 15 years of creditable services receives a benefit as if the member retired the later of age 50 or the age the day before the member's death. If death occurs while receiving a benefit, a spouse or dependent receives the benefit associated with the member's selected form of payment: Five Year Certain & Life, Joint with 100% Survivor Benefits, Joint with Two-Thirds Survivor Benefits, or Joint with One-Half Survivor Benefits.

Financial report: INPRS issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the plan as a whole. This report may be obtained by writing the Indiana Public Retirement System, One North Capitol, Suite 001, Indianapolis, IN 46204, by calling (844) 464-6777, by emailing questions@inprs.in.gov, or by visiting www.in.gov/inprs.

Teachers' Retirement Pre-1996 Account:

Plan Description: The Indiana State Teachers' Retirement Fund Pre-1996 Account (TRF Pre-1996) is a pay-as-you-go cost-sharing, multiple-employer defined benefit plan providing retirement, disability, and survivor benefits for teachers, administrators, and certain INPRS personnel hired before July 1, 1996. Membership in TRF Pre-1996 is closed to new entrants. TRF Pre-1996 is a component of the Teachers' Hybrid Plan. The Teachers' Hybrid Plan consists of two components: TRF Pre-1996, the monthly employer-funded defined benefit component, along with TRF DC, a member-funded account.

This Plan's pension liabilities are the responsibility of the State of Indiana, so no net pension liability is recorded for the School Corporation's reporting entity. The State of Indiana assumes 100% of the net pension liability for the plan. The net pension liability and pension expense associated with the School Corporation was \$385,469,230 and \$47,084,649 as of, and for the year ended June 30, 2021 valuation date. The School Corporation's share of nonemployer contributing entity contributions made by the State of Indiana was \$66,511,415 for the year ended June 30, 2022.

Retirement Benefits: A member is entitled to a full retirement benefit 1) at age 65 with at least 10 years of creditable service, 2) at age 60 with at least 15 years of creditable service, 3) at age 55 if age and creditable service total at least 85, 4) at age 55 with 20 years of creditable service and active as an elected official in the TRF-covered position, or 5) at age 70 with 20 years of creditable service and still active in the TRF-covered position. A member is entitled to an early retirement benefit at age 50 and minimum of 15 years of creditable service. The benefit is 44 percent of full benefit at age 50, increasing five percent per year up to 89 percent at age 59. The lifetime annual benefit equals the years of creditable service multiplied by the average highest five-year annual salary multiplied by 1.1 percent (minimum of \$185 per month). The average annual compensation is outlined in IC 5-10.2-4-3 and includes compensation of not more than \$2,000 received from the employer in severance. Postretirement benefit increases are granted on an ad hoc basis pursuant to IC 5-10.2-12-4 and administered by the INPRS Board. For the year ended June 30, 2020, postretirement benefits of \$30.6 million were issued to members as a 13th check.

NOTE 10 - PENSION PLANS (Continued)

Disability and Survivor Benefits: An active member qualifying for Social Security disability with five years of creditable service may receive an unreduced retirement benefit for the duration of their disability (minimum of \$185 per month). Under certain conditions, active TRF members may qualify for a classroom disability benefit of at least \$125 per month. If death occurs while in active service, a spouse or dependent beneficiary of a member with a minimum of 15 years of creditable service receives a benefit as if the member retired the later of age 50 or the age the day before the member's death. If death occurs while receiving a benefit, a spouse or dependent receives the benefit associated with the member's selected form of payment: Five Year Certain & Life, Joint with 100% Survivor Benefits, Joint with Two-Thirds Survivor Benefits, or Joint with One-Half Survivor Benefits.

Contributions: According to statute, the TRF Pre-1996 fund is funded primarily by appropriations from the state general fund and lottery proceeds. No member or employer contributions are required. TRF Pre-1996 Account members contribute three percent of covered payroll to their annuity savings account, which is not used to fund the defined benefit pension. The employer may elect to make the contributions on behalf of the member. In addition, members may elect to make additional voluntary contributions, under certain criteria, of up to ten percent of their compensation into their annuity savings accounts. The School Corporation has elected to make three percent contributions on behalf of their participating employees. For the fiscal year ended June 30, 2022, the School Corporation showed approximately 190 employees participating in the Teachers' Retirement Fund Pre-1996 Account with annual payroll equal to approximately \$13,000,000.

Financial Report: INPRS issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the plan as a whole. This report may be obtained by writing the Indiana Public Retirement System, One North Capitol, Suite 001, Indianapolis, IN 46204, by calling (844) 464-6777, by emailing questions@inprs.in.gov, or by visiting www.in.gov/inprs.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At June 30, 2022, the School Corporation reported a net pension liability of \$12.5 million for PRF and net pension asset of \$15.4 million for TRF, respectively, for their proportionate share of the multiple employer cost-sharing defined benefit plans. The School Corporation's proportionate share of the net pension liability and asset was based on the School Corporation's wages as a proportion of total wages.

	<u>PERF</u>	<u>TRF-1996</u>	<u>Aggregate</u>
Measurement Date	June 30, 2021	June 30, 2021	
Proportionate Share	0.0095277	0.0328063	
Net Pension Liability	\$ 12,537,002	\$ (15,412,143)	\$ (2,875,141)
Deferred Outflow of Resources	\$ 14,139,745	\$ 30,842,523	\$ 44,982,268
Deferred Inflow of Resources	\$ 23,847,640	\$ 46,916,958	\$ 70,764,598
Pension Expense	\$ (3,151,917)	\$ (283,204)	\$ (3,435,121)

The PERF proportionate share in the previous year was 0.0108378 and TRF-1996 was .0329205.

Deferred inflows or outflows of resources resulting from the differences between projected and actual investment earnings on Plan investments are amortized over a 5-year period. A change in an employer's proportionate share represents the change as of the current year measurement date versus the prior year measurement date and is amortized over the average expected remaining service lives of the plan. The difference between an employer's contributions and the employer's proportionate share of the collective contributions is amortized over the average expected remaining service lives of the plan.

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS (Continued)

At June 30, 2022, the School Corporation reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	PERF		TRF 1996	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 428,802	\$ 250,327	\$ 4,421,082	\$ 5,062,898
Net Difference Between Projected and Actual Investments Earnings on Pension Plan Investments	-	16,278,152	-	27,391,992
Change of Assumptions	6,306,194	2,816,048	20,234,006	8,537,652
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	1,886,667	4,503,113	545,312	5,924,416
	<u>8,621,663</u>	<u>23,847,640</u>	<u>25,200,400</u>	<u>46,916,958</u>
Contributions Subsequent to the Measurement Date	5,518,082	-	5,642,123	-
Total	<u>\$ 14,139,745</u>	<u>\$ 23,847,640</u>	<u>\$ 30,842,523</u>	<u>\$ 46,916,958</u>

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

	PERF	TRF 1996
<u>Fiscal Year</u>		
2022	\$ (4,745,169)	\$ (6,797,177)
2023	(3,140,091)	(5,979,347)
2024	(2,687,635)	(5,754,184)
2025	(4,653,082)	(7,438,854)
2026	-	355,716
Thereafter	-	3,897,288
Total	<u>\$ (15,225,977)</u>	<u>\$ (21,716,558)</u>

The long-term return expectation for the defined benefit retirement plans has been determined by using a building-block approach and assumes a time horizon, as defined in the INPRS Investment Policy Statement. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of geometric real rates of return for each major asset class is summarized in the following table. The real rates of return are the same for all three pension plans.

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS (Continued)

Geometric Basis at June 30, 2022

	Long Term Expected Rate of Return	Target Asset Allocation
Public Equity	3.6%	2.0%
Private Equity	7.3%	15.0%
Fixed Income - Ex Inflation-Linked	1.5%	20.0%
Fixed Income - Inflation-Linked	-0.3%	15.0%
Commodities	0.8%	10.0%
Real Estate	4.2%	10.0%
Absolute Return	2.5%	5.0%
Risk Parity	4.4%	20.0%
Leverage Offset	-1.4%	-15.0%

Significant Actuarial Assumptions: The total pension liability is determined by INPRS actuaries in accordance with GASB No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuations are presented below:

Description	PERF	TRF 1996 Account
Valuation Date: Assets	June 30, 2021	
Liabilities	June 30, 2021	
Actuarial Cost Method (Accounting)	Entry Age Normal - Level Percent of Payroll	
Actuarial Assumptions:		
Experience Study Date	Period of 5 years ended June 30, 2019	
Investment Rate of Return (Accounting)	6.25%	
Cost of Living Increases (COLA) or "Ad Hoc" COLA	2021-2022 - 13th check	
Future Salary Increases, including Inflation	2.65% - 8.65%	2.65% - 11.90%
Inflation	2.00%	
Mortality-Healthy	Pub-2010 Public Retirement Plans Mortality Tables (Amount-Weighted) with a fully generational projection of mortality improvements using SOA Scale MP-2019.	
Mortality-Disabled	Pub-2010 Public Retirement Plans Mortality Tables (Amount-Weighted) with a fully generational projection of mortality improvements using SOA Scale MP-2019.

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS (Continued)

Discount Rate: Total pension liability for each defined benefit pension plan was calculated using the discount rates described in the sensitivity table below. The discount rate utilized in the TRF pre-1996 account was 6.25%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and where applicable from the members, would at the minimum be made at the actuarially determined required rates computed in accordance with the current funding policy adopted by the INPRS Board, and contributions required by the State (the non-employer contributing entity) would be made as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (6.25% percent for 2022). Based on those assumptions, each defined benefit pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members; therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability for each plan.

Sensitivity: The following presents the School Corporation's share of the net pension liability (asset) calculated using the discount rate of 6.25% percent for 2022, as well as what the School Corporation's net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.25%), or one percentage point higher (7.25%) than the current rate:

Pre-Funded Defined Benefit

PERF			TRF 1996		
1% Decrease (5.25)%	Current Discount Rate (6.25)%	1% Increase (7.25)%	1% Decrease (5.25)%	Current Discount Rate (6.25)%	1% Increase (7.25)%
\$ 32,789,757	\$ 12,537,002	\$ (4,356,476)	\$ 28,504,103	\$ (15,412,143)	\$ (50,831,006)

Investment Valuation and Benefit Payment Policies: The following information applies for the 2022 reporting year.

- The pooled and non-pooled investments are reported at fair value by INPRS. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- Short-term investments consist primarily of cash, money market funds, certificates of deposits and fixed income instruments with maturities of less than one year. Short-term investments are reported at cost, which approximates fair value or, for fixed income instruments, valued using similar methodologies as other fixed income securities described below.
- Fixed income securities consist primarily of the U.S. government, U.S. government-sponsored agencies, publicly traded debt and commingled investment debt instruments. Equity securities consist primarily of domestic and international stocks in addition to commingled equity instruments. Fixed income and equity securities are generally valued based on published market prices and quotations from national security exchanges and securities pricing services. Securities that are not traded on a national security exchange are valued using modeling techniques that include market observable inputs required to develop a fair value. Commingled funds are valued using the net asset value (NAV) of the entity.
- Additionally, valuation techniques will vary by investment type and involve a certain degree of expert judgment. Alternative investments, such as investments in private equity or real estate, are generally considered to be illiquid long-term investments. Due to the inherent uncertainty that exists in the valuation of alternative investments, the realized value upon the sale of an asset may differ from the fair value.

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 10 - PENSION PLANS (Continued)

- Derivative instruments are marked to market daily with changes in fair value recognized as part of investments and investment income.
- Pension, disability, special death benefits, and distributions of contributions and interest are recognized when due and payable to members or beneficiaries. Benefits are paid once the retirement or survivor applications have been processed and approved. Distributions of contributions and interest are distributions from inactive, non-vested members' ASAs. These distributions may be requested by members or auto-distributed by the fund when certain criteria are met.

NOTE 11 - DEFINED CONTRIBUTION PLANS

The School Corporation provides a 403(b)-retirement plan for all employees. Fulltime employees are eligible for a matching program. The match for each employee is a flat dollar amount on a per pay basis. These benefits pose a liability to the School Corporation for this year and in future years. The plan is administered by VALIC. When changes are made, a committee is established of appropriate individuals along with VALIC to amend terms. Recommended changes go to the Board for approval. Information regarding the benefits can be obtained by contacting the School Corporation who has the authority under which benefits, and contribution requirements are established or can be amended. The School Corporation made contributions of \$1,148,769 to the plan during the year under audit.

The School Corporation previously provided a 401(a) plan as a buyout of a years of service benefit for any employees meeting specific age, service years and hire date requirements. The plan is administered by VALIC. When changes are made, a committee is established of appropriate individuals along with VALIC to amend terms. Recommended changes go to the Board for approval. Those accounts vest when an employee is retiring from the School Corporation upon meeting eligibility requirements for a full pension. The School Corporation made a one-time contribution when the plan was initiated and did not make contributions to the plan during the year under audit.

The School Corporation previously established a VEBA (voluntary employees' beneficiary association) trust account as part of the buyout of a years of service benefit for any employees meeting specific age, service years and other requirements. Those accounts vest when an employee is retiring from the School Corporation upon meeting eligibility requirements for a full pension. The School Corporation made a one-time contribution when the plan was initiated and did not make contributions to the plan during the year under audit.

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS

Indianapolis Public Schools Retiree Health Insurance Benefits

Plan Description: All employees are eligible for retiree health benefits, including medical, prescription drug, dental, and vision, until Medicare eligibility once they are eligible to retire under Indiana Public Retirement System (INPRS). Eligibility requirements to retire under INPRS are as follows:

- Age 50 with 15 years of service (early reduced retirement)
- Age 55 with 85 points
- Age 60 with 15 years of service

During the fiscal year ended June 30, 2022, the Plan contained 3,279 active employees and 27 retirees.

(Continued)

INDIANAPOLIS PUBLIC SCHOOLS

Notes to the Financial Statements

June 30, 2022

NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (Continued)

Benefits Provided: The same benefits are available to retirees as active employees. All health plans are self-insured as of January 1, 2021. The monthly premium rates effective on January 1, 2022 for the new plans are shown below.

Plan	Employee	Employee and Spouse
Plan 1 (Choice HSA)	\$ 722.66	\$ 1,552.11
Plan 2 (Primary Advantage)	\$ 828.31	\$ 1,814.27
Plan 3 (Navigate)	N/A	N/A

Upon death of retirees, surviving spouses are eligible for COBRA coverage only.

Contributions: Employees are required to contribute the full cost of health coverage at retirement. During the year, the School Corporation contributed \$415,864 to the Plan to cover benefit payments.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

The OPEB liability measured at July 1, 2021 (measurement date) is as follows:

	Total OPEB Liability
Balance at July 1, 2021	\$ 8,429,771
Service cost	717,825
Interest	237,832
Changes in assumptions	(65,491)
Differences between expected and actual experience	(1,068,097)
Benefit payments	(415,864)
Net change in total OPEB liability	(593,795)
 Balance at June 30, 2022	 \$ 7,835,976

Activity during the year included the following:

	Plan Fiduciary Net Position
Balance at July 1, 2021	\$ -
Employer contributions	415,864
Benefit payments	(415,864)
Net change in fiduciary net position	-
 Balance at June 30, 2022	 \$ -

Notes to the Financial Statements

June 30, 2022

NOTE 15 – DISCRETELY PRESENTED COMPONENT UNITS (Continued)

Income Taxes: The discretely presented component units (DPCU) are each exempt from income tax under 501(c)(3) of the United States Internal Revenue Code and have been classified as organizations that are not private foundations under Section 509(a) of the Internal Revenue Code.

Property and Equipment, net: The component units may own, rent or utilize facilities from the School Corporation. Kipp Indianapolis, Inc. represents approximately 90% of the overall net property and equipment for the discretely presented component units at June 30, 2022. A summary of Kipp Indianapolis, Inc. and other component units is provided below:

Category	Balance
Buildings and improvements	\$ 11,267,984
Leasehold improvements	416,724
Books and education materials	434,248
Furniture and equipment	1,444,875
Computer equipment	1,063,853
Total cost	14,627,684
Accumulated depreciation and amortization	(2,586,889)
Total Kipp Indianapolis, Inc.	\$ 12,040,795
Other component units (net)	8,296,418
Total discretely presented component units	\$ 20,337,213

Notes and bonds payable: Notes payable consisted of the following DCPUs as of June 30, 2022:

	Global Preparatory Academy, Inc.	Neighborhood Charter Network, Inc. Enlace	Neighborhood Charter Network, Inc. Kindezi	Kipp Indianapolis, Inc.	Total
Note payable to State Board of Education	\$ 275,000	\$ 225,000	\$ 275,000	\$ 146,250	\$ 921,250
Construction loans	-	-	-	11,453,893	11,453,893
Total Notes Payable	\$ 275,000	\$ 225,000	\$ 275,000	\$ 11,600,143	\$ 12,375,143

Notes payable to the State Board of Education are related to the Common School Fund's Charter and Innovation School Advance Program and bear interest at 1% annum. In July 2020, Kipp Indianapolis, Inc. refinanced its construction loans. The bonds include Series A and Series B bonds, totaling \$11,120,000 and \$360,000, respectively. The bonds payable bear interest at 4% through July 1, 2030 and 5% through July 1, 2055. Future minimum principal payments on notes payable are as follows:

Notes to the Financial Statements

June 30, 2022

NOTE 15 – DISCRETELY PRESENTED COMPONENT UNITS (Continued)

2023	\$	182,500
2024		337,500
2025		342,500
2026		347,500
2027		341,250
Thereafter		<u>10,850,000</u>
		12,401,250
Add: bond premium		518,781
Less: bond issuance costs		<u>(544,888)</u>
Total	\$	<u><u>12,375,143</u></u>

Liquidity and Availability: Financial assets available for general expenditure, within one year, consist of the following at June 30 for the all the discretely presented component units:

Category	Amount
Cash and cash equivalents	\$ 32,297,326
Grants receivable	19,778,354
Related party receivables	-
	<u>52,075,680</u>
Less:	
Cash designated by Board	(90,000)
Donor restricted funds	(1,704,384)
Escrow account	<u>(120,000)</u>
Total	<u><u>\$ 48,434,910</u></u>

Retirement and Pension Plans: All of the DPCUs provide retirement benefits covering substantially all full-time employees through defined benefit plans and defined contribution plans (403b and 401(k)).

Defined benefit retirement benefits may be provided by the Indiana State Teachers' Retirement Fund ("TRF") and the Indiana Public Employees' Retirement Fund ("PERF"), both of which are cost-sharing multiple-employer defined benefit retirement plans governed by the State of Indiana and administered by the Indiana Public Retirement System ("INPRS") Board. The DPCUs generally make the TRF or both PERF and TRF plans available to employees or the employees can choose to participate in separate defined contribution plans created by the DPCU.

Total expenses recognized by the DPCUs retirement plans were approximately \$2.5 million during the year ended June 30, 2022.

Changes of assumptions: An assumption study was performed in February of 2020 resulting in an update to the following assumptions:

- o General wage inflation decreased from 2.75% to 2.65%
- o Mortality changed from the RP-2014 (with MP-2014 improvement removed) Total Data Set mortality table projected on a fully generational basis using the future mortality improvement scale inherent in the mortality projection included in the Social Security Administration's 2014 Trustee Report to the Pub-2010 General Amount-Weighted Mortality projected with MP-2019 (generational)
- o Retirement, Termination and Disability rates were adjusted to reflect recent experience

* This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the School Corporation is presenting information for those years for which information is available.

Measurement date: Actuarial valuation reports from the prior plan fiscal year.

Benefit changes: There were no changes to the plan that impacted pension benefits during the fiscal year.

Plan amendments: There were no changes to the plan that impacted pension benefits during the fiscal year.

Note: This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the School Corporation is presenting information for those years for which information is available.

Valuation date: Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which the contributions are reported.

Actuarial cost method: Entry age normal (Level Percent of Payroll)

Amortization method: Level dollar

Remaining amortization period: 20.8 years, closed - PRF

Remaining amortization period: 20 years, closed - TRF

Asset valuation method: 5 year smoothing of gains and losses on the market value of assets subject to a 20% corridor.

Inflation: 2.00%

Salary increases: 2.65% - 8.65% - PRF

Salary increases: 2.65% - 11.9% - TRF

Investment rate of return: 6.75%

Mortality: Pub-2010 General Amount-Weighted Mortality projected with MP-2019 (generational)

Other information:

The INPRS Board sets, at its discretion, the State's employer contribution rate upon considering the results of the actuarial valuation and other analysis as appropriate. The actuarially determined contribution rate for the State for the fiscal year ended 6/30/21 was 7.52% and 5.7% for PRF and TRF, respectively. However, the INPRS Board approved a State employer contribution rate of 11.2% and 6% for PRF and TRF, respectively.. The actual dollar amount of the State's contributions depends on the actual payroll for the fiscal year.

Member census data as of June 30, 2020 was used in the valuation and adjusted, where appropriate, to reflect changes between June 30, 2020 and June 30, 2021. Standard actuarial roll forward techniques were then used to project the liabilities computed as of June 30, 2022.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2022

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of the Indianapolis Public Schools (IPS) under programs of the federal government for the year ended June 30, 2022. The accompanying notes are an integral part of this Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of IPS, it is not intended to and does not present the financial position, changes in net position or cash flows of IPS.

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The accompanying schedule of expenditures of federal awards includes the federal awards activity of IPS for the year ended June 30, 2022 and does not include the expenditures of federal awards of the separate legal entities reflected as discretely presented component units within the June 30, 2022 financial statements. Each of the entities reflected as discretely presented component units received a separate financial audit performed as of and for the year ended June 30, 2022.

Note 3: Indirect Cost Rate

IPS has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4: Federal Loan Programs and Subrecipients

IPS had no federal loans that they were administering as of June 30, 2022, and IPS did not pass-through any federal funds to subrecipients.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

School Board of Commissioners
Indianapolis Public Schools
Indianapolis, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Indianapolis Public Schools (IPS), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise IPS' basic financial statements, and have issued our report thereon dated April 20, 2023, which includes a reference to other auditors who audited the financial statements of the discretely presented component units, and an emphasis-of-matter paragraph for a change in accounting principle. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the following component units included in the financial statements of the aggregated discretely presented component units, were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with these discretely presented component units: Edison School of the Arts, Inc.; SUPER School, Inc.; Near Eastside Innovation School Corp. d/b/a Thomas Gregg Neighborhood School; Cold Spring School, Inc.; Thrival Indy Academy, Inc.; and Sankofa School of Success, Inc.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered IPS' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the IPS' internal control. Accordingly, we do not express an opinion on the effectiveness of the IPS' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001, that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether IPS' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

IPS' Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the IPS' response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. IPS' response was not subjected to the other auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of IPS' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering IPS' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program, Report on Internal Control Over Compliance, and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

School Board of Commissioners
Indianapolis Public Schools
Indianapolis, Indiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Indianapolis Public Schools' (IPS) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of IPS' major federal programs for the year ended June 30, 2022. IPS' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, IPS complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of IPS and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of IPS' compliance with the compliance requirements referred to above.

Other Matter – Federal Expenditures Not Included in the Compliance Audit

IPS' basic financial statements include the operations of several discretely presented component units, which expended federal awards which are not included in IPS' schedule of expenditures of federal awards during the year ended June 30, 2022. Our compliance audit, described in the "Opinion on Each Major Federal Program" section above, does not include the operations of each discretely presented component unit because each discretely presented component unit is a separate legal entity which engaged other auditors to perform an audit in accordance with the Uniform Guidance.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to IPS' federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on IPS' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about IPS' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding IPS' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of IPS' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of IPS' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the “Auditor’s Responsibilities for the Audit of Compliance” section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of IPS, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise IPS’ basic financial statements. We have issued our report thereon dated April 20, 2023, which contained unmodified opinions on those financial statements and contained a reference to the reports of other auditors and an emphasis-of-matter paragraph for a change in accounting principle. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Indianapolis Public Schools
Schedule of Findings and Questioned Costs
Year Ended June 30, 2022

Section I - Summary of Auditor's Results

Financial Statements

1. Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP was:

Unmodified Qualified Adverse Disclaimer

2. Internal control over financial reporting:

Significant deficiency(ies) identified? Yes None Reported

Material weakness(es) identified? Yes No

3. Noncompliance material to the financial statements noted? Yes No

Federal Awards

4. Internal control over major federal awards programs:

Significant deficiency(ies) identified? Yes None Reported

Material weakness(es) identified? Yes No

5. Type of auditor's report on compliance for major federal award programs:

Unmodified Qualified Adverse Disclaimer

Indianapolis Public Schools
Schedule of Findings and Questioned Costs (Continued)
Year Ended June 30, 2022

6. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? Yes No

7. Identification of major federal programs:

Assistance Listing Numbers	Name of Federal Program or Cluster
32.009	COVID-19 Emergency Connectivity Fund
84.425C, 84.425D & 84.425U	COVID-19 Governors Emergency Relief Fund & Elementary and Secondary School Emergency Relief Fund
93.778	Medicaid Cluster

8. Dollar threshold used to distinguish between Type A and Type B programs: \$3,000,000

9. Auditee qualified as a low-risk auditee? Yes No

Indianapolis Public Schools
Schedule of Findings and Questioned Costs (Continued)
Year Ended June 30, 2022

Section II – Financial Statement Findings

Reference Number	Finding
2022-001	<p>Criteria or Specific Requirement: Management is responsible for establishing and maintaining effective internal controls over financial reporting.</p> <p>Condition: The School Corporation’s internal control environment over capital assets did not timely detect certain adjustments related to the previous fiscal year that were needed to prevent the opening net position for 2022 from being misstated. Management modified controls detected an adjustment necessary for capital assets to be appropriately reported in the amount of approximately \$7 million as of June 30, 2021, and was corrected within the 2022 financial statements. This correction was identified subsequent to the issuance of the previous fiscal year’s financial statements. (Significant Deficiency)</p> <p>Effect: Misstatements in the financial statements.</p> <p>Cause: The School Corporation’s internal control environment did not timely detect certain adjustments necessary to report materially accurate financial statements.</p> <p>Recommendation: The School should continue refining an effective process to accurately and timely report capital assets.</p> <p>Views of Responsible Officials and Planned Corrective Action: We agree with the finding identified. The School Corporation adjusted review procedures associated with capital assets during the fiscal year and will continue to regularly review capital asset records for accuracy on an annual basis at a minimum.</p>
