25.159 Moved by Goff, seconded by Winkhart, to approve the October 2025 Five Year Forecast and Assumptions, as presented.

Twice annually the State of Ohio requires the District to submit a Forecast of Revenues and Expenditures. This year with the Biennial budget a few of the provisions for the Forecast changed. Those changes include changing the due dates for the Forecast to August and February from November and May; except this year it will be October and February. They also changed the requirement from a 5-year forecast to a 4-year forecast. The documents attached still reflect 5 years, as the District still utilizes the Forecast as a planning tool, however, we will only be submitting 4 years to the State. Assumptions include changes in property values, recent changes in personnel, and the new JMEA contract.
