

Accessing the CPS Focus App

Quick Guide

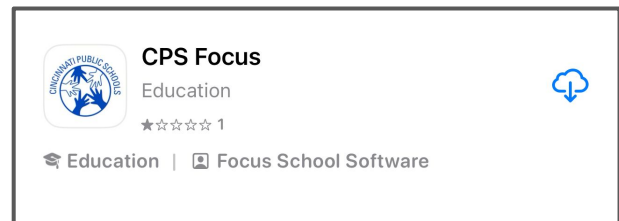

The CPS Focus App gives parents and guardians easy access to important student information, such as class schedules, assignments, grades, attendance, report cards, and more, all in one place! **Note:** Before downloading the app, a parent/guardian account must be created. See [Create an Account](#) for more information.

1

Download from App Store or Google Play

Search for **CPS Focus** in your mobile device application store, or use the links below:

 [App Store](#)  [Google Play](#)

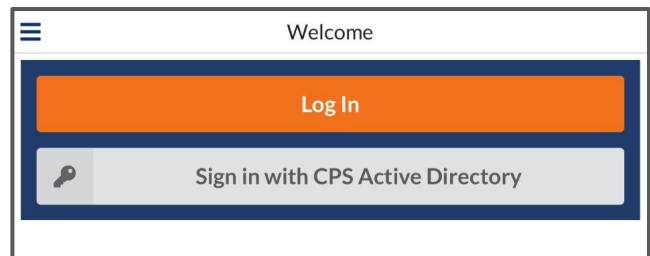

Then, download and launch the application.

2

Login to the App

Click *Log In* and enter the previously created username and password. **Note:** Students will use *Sign in with CPS Active Directory*.

3

View Student Information

Navigate the app to view student information.

View the more in-depth [CPS Focus App Guide](#).
