

DISTRICT PURCHASES EXCEEDING \$50,000 – NOVEMBER 2025

1. Dispatch Services for PfISD Police Department through City of Pflugerville.

- Purpose: City of Pflugerville Police Department provides dispatch services for Pflugerville ISD Police Department during weekends, holidays, and anytime the PfISD dispatcher is not available
- Cost: \$240,000 (NTE) from General Fund
- Vendor: City of Pflugerville

2. School Facility Safety and Security Audit

- Purpose: In accordance with Texas Education Code, §37.108(c), each school district is required to report the results of their safety and security audits to the Texas School Safety Center (TxSSC). These auditors hold relevant and required professional certifications through Texas School Safety Center and have an understanding of school-specific threats and best practices. They have the ability to audit not just physical security (locks, cameras, access points) but also operational security (policies, staff training, visitor management) and emergency preparedness (Emergency Operations Plans, drill effectiveness).
- Cost: \$54,668 from General Fund.
- Vendor: Centurion Solutions LLC

3. Storage Area Network Annual Maintenance Agreement

- Purpose: Purchase of maintenance agreement to ensure the continued reliability, performance, and availability of our Storage Area Network (SAN). The SAN is a critical component of our IT environment, providing centralized, high-speed storage access for servers and applications that support daily business operations. This maintenance support will optimize the SAN's useful life, safeguard continuity of operation, and ensure we continue to get the most value from our existing infrastructure.
- Cost: \$190,000 from the General Fund
- Vendor: SHI

4. Nearpod Annual Subscription Renewal

- Purpose: Renewal for the Nearpod District Subscription offers over 8,500 customizable, TEKS-aligned lessons for all subject areas and grade levels from Pre-kindergarten through 12th grade. Developed in collaboration with esteemed publishers and grounded in research-based instructional models, the Nearpod Lesson Library provides ready-to-teach content, thereby optimizing teacher preparation time. It also furnishes exemplary models for transforming existing content. Nearpod consolidates more than 20 distinct forms of student expression for demonstrating comprehension. It also generates personalized lesson lists for educators, targeting specific skills students require based on their Renaissance STAR Reading and Math assessment scores. This adaptable resource seamlessly integrates with our K-1 and 2-12 Learning Management Systems.
- Cost: 145,239 from the General Fund and Instructional Materials (IMA) Fund
- Vendor: Nearpod

DISTRICT PURCHASES EXCEEDING \$50,000 – NOVEMBER 2025

5. Connally High School Gym Project

- Purpose: To redo and update the aging main and small gyms at Connally High School. The district will have BSN Sports supply and install new bleachers in the main and small gyms at CHS. The main CHS gym will also get new video boards with audio, a video table, indicator and cover. Installations and old bleacher removal and disposal is included.
- Cost: \$1,056,755 from the 2022 Bond.
- Vendor: BSN Sports

6. Civil Design for Murchison Elementary Parking Area

- Purpose: The District will receive professional civil engineering services for Murchison Elementary's parking lot areas. Civiltude will provide services to connect the existing parking lots for bus access, install perimeter fencing, add a gate, and add a walking track at Murchison ES.
- Cost: \$103,600 from 2022 Bond
- Vendor: Civiltude Engineers & Planners

7. Medical Stop Loss Insurance

- Purpose: To provide a safety net against claims that significantly exceed the established deductible. The deductible, which has remained at \$350,000 since 2021, is being increased to \$400,000 to secure more competitive and stable rates, which allows us to maximize the cost-effectiveness of our benefits program.
- Cost: \$ 1,427,489 from Insurance Fund
- Vendor: VOYA
