M O N D A Y (14)

Ballet/K-5th/14 Monday/4:15-5:15 by Houston Healthy Hip-Hop

Class Description: Our afterschool ballet program offers children a wonderful opportunity to explore the elegance and discipline of ballet in a supportive and nurturing environment. Through engaging lessons, our young dancers develop grace, confidence, and a love for the art of dance, all while having fun and making new friends.

Vendor Description: Houston Healthy Hip-Hop has been in business for over 15 years with HISD, Spring ISD, Alief ISD, Pasadena ISD, Galena ISD and several non-profits. We offer a variety of Art, Dance, and Martial Arts Classes to children in the Houston Community.

NOTE: This class will form with a Minimum of 10 students and a Maximum of 20 students. Students who register for this will participate in an end of semester performance which will be scheduled during the final session. Girls must wear pink leotards, ballet shoes in class. Links will be provided to purchase practice attire.

Refund Policy: There are no refunds, credits, transfers, etc for any reason, unless a class is cancelled by the Houston Healthy Hip Hop. If so, Houston Healthy Hip Hop will notify every parent of the cancellation, schedule a time to hold make ups and notify all parents at least a week before the makeup session(s) are scheduled. Also, no Refunds after the first week of class. If there is a refund after the 1st class, a \$50 processing fee will be deducted.

Chess/K-5th/14 Monday/4:15-5:15 by The Knight School

Class Description: The Knight School has finally perfected the chess class and is sweeping the nation with this hilarious, kid-focused, amazingly cool approach to a big, fun, and genuinely thrilling experience. Grandpa's boring chess class has now evolved into The Knight School's chess parties! TKS is the perfect way for kids of all levels (from brand-new-beginners to highly advanced players) to learn to love learning, learn that they are unspeakably smart, and learn how to absolutely demolish their parents in chess! In this kid-centered classroom environment, we teach our kids every cool trick, strategy, opening, and tactic in chessdom and our kids soon learn to love and master chess and to masterfully control their classrooms, sports fields, and home lives as well!

Vendor Description: The Knight School is a nationwide, high-energy, beginner-welcome, chess program for kids. TKS is the most compelling, kid-centered chess party in America! We provide a revolutionary, kid-oriented approach to chess as our classes and coaches unapologetically put sportsmanship first, fun second, and chess prowess third.

NOTE: This class will form with a Minimum of 6 students and a Maximum of 20 students.

Visit our website: <https://www.theknightschool.com>

Refund Policy: All registrations are final – no refunds are available for any reason.

Code Critters/1st-2nd/14 Monday/4:15-5:15 by American Robotics Academy

Class Description: Let's meet INDI! This workshop is all about revving up STEAM learning with the INDI robot. This workshop is entry level robot that is designed to introduce early learners to the fundamentals of computational thinking, STEAM, and computer science principles. INDI encourages open ended, imaginative play-based learning with real-life scenarios as learners build custom mazes, solve puzzles, and drive.

As students learn pattern recognition, creating and using algorithms, decomposition, and understanding abstractions they will become better thinkers and problem solvers. Learning stages your child will be introduced to using INDI. • Exploration – All learners will benefit to freely explore something new in every lesson. • Skill Building – Skill building highlights the skills used during a specific activity. • Challenge- Learners will apply their skills and ideas to successfully complete a challenge.

Vendor Description: American Robotics Academy aims to excite, inspire and motivate students in grades K-8 about the importance of engineering, robotics and coding technology. The curriculum is grade level based. Please note: Some workshops require a student to read the instructions. Upon registering your child, please be prepared to provide the following required information: STUDENT NAME, GRADE, CLASSROOM TEACHER, ALL PARENT NAMES AND CONTACT INFORMATION, ALLERGIES, ANY PERSONS AUTHORIZED TO PICK UP (INCLUDING CONTACT INFORMATION), AND IF YOUR CHILD ATTENDS YOUR CAMPUS EXTENDED DAY/AFTER SCHOOL PROGRAM. No refunds are given for student absences. No refunds will be given after the first week of classes.

NOTE: This class will form with a Minimum of 7 students and a Maximum of 16 students. Please visit our website to learn more: <https://roboticsacademy.com>

Refund Policy: A 15% processing fee will be applied to all refunds prior to the second class starting. This is a beginners coding course. Request for withdrawals after the start of the second class are not subject to a refund. Refunds are not issued for student absences. Additional information for registration, payment and any other information: <https://campscui.active.com/orgs/AmericanRoboticsAcademyHouston?season=3732736&location=1345215>

Fencing/1st-5th/14 Monday/4:15-5:15 by Hamp's Camp

Class Description: En Garde! This exciting after school fencing course introduces students to the art of swordplay in a safe, structured and fun environment. Participants will learn basic footwork, blade techniques, and the rules of the sport while building confidence, focus and coordination. No prior experience necessary – all equipment is provided.

Vendor Description: Welcome to Hamp's Camp Inc After-School Sports Program, where we believe in fostering not just athletic abilities but also teamwork, discipline, and personal growth in children. Our program offers a diverse range of enrichment activities such as sports and the arts designed to keep kids active, engaged, and having fun during the afterschool hours. "Our mission is to provide a safe, inclusive, and supportive after-school environment where children can engage in various sports and art activities. We aim to promote physical fitness, develop fundamental art skills, sports and performing skills, and foster confidence, teamwork and sportsmanship. Through our program, we strive to instill a lifelong love for sports and healthy habits in the participants, empowering them to grow as individuals both on and off the field."

NOTE: This class will form with a Minimum of 7 students and a Maximum of 16 students.

Be sure your child brings their filled water bottle, and they wear comfortable clothing appropriate for the class.

Build a Bot/2nd-5th/16 Tuesday/4:15-5:15 by American Robotics Academy

Class Description: Students will follow design instructions and build a bot to compete with their teammates. Students will participate in challenging competition with their teammates to test their robot's structural integrity and maneuverability. Students will be introduced in the first 5 weeks basic engineering concepts and create simple builds in weeks 6-14. LEGO Technic pieces that come together to create movable, steerable, controlled robots.

Students will engage in a group four with assigned roles that rotate weekly.

- Instructor – He or she reads the out the parts needed for the builds.
- Engineer - He or she will look for the parts that the instructor reads out loud.
- Builder – He or she is responsible for building the robot.
- Cross Checker - He or she helps the builder and gets to drive the robot.

Your student will learn about gears, pulleys, and varying degrees of traction, and will build a robot.

Students will be provided with a creative tool kit to design their bots!

Vendor Description: American Robotics Academy aims to excite, inspire and motivate students in grades K-4 about the importance of engineering, robotics and coding technology. The curriculum is grade level based. Please note: Students must be able to read instructions for this class. Upon registering your child online via our registration link, please be prepared to provide the following required information: STUDENT NAME, GRADE, CLASSROOM TEACHER, ALL PARENT NAMES AND CONTACT INFORMATION, ALLERGIES, ANY PERSONS AUTHORIZED TO PICK UP (INCLUDING CONTACT INFORMATION), AND IF YOUR CHILD ATTENDS YOUR CAMPUS EXTENDED DAY/AFTER SCHOOL PROGRAM.

Mad Science Pre School: Junior Discoverers (PK-K)/16 Wednesday/4:15-5:15 by Mad Science

Class Description: Early science education plays a crucial role in brain development and fosters a lifelong love of learning. Mad Science Pre-School captures young minds through fun, hands-on experiments that make science both exciting and accessible. Children become Junior Discoverers as they explore concepts like energy, motion, measurement, and the senses—while also learning about healthy habits. Creative themes such as the Science of Art, Toys, and Optical Illusions help kids see how science connects to everyday life. From investigating heat, light, and color to exploring the basics of chemistry, each lesson sparks curiosity and imagination, nurturing a habit of exploration—an essential mindset that drives discovery, problem-solving, and a lasting passion for learning.

Vendor Description: With over 30 years of experience, Mad Science of Houston sparks curiosity and inspires a lifelong love of science through fun, hands-on activities and exciting demonstrations. Our TEKS-aligned programs support STAAR readiness by turning classrooms into in-school science field trips—engaging students with real tools and over 200 engaging topics. "Our mission is to provide a safe, inclusive, and supportive after-school environment where children can engage in various sports and art activities. We aim to promote physical fitness, develop fundamental art skills, sports and performing skills, and foster confidence, teamwork and sportsmanship. Through our program, we strive to instill a lifelong love for sports and healthy habits in the participants, empowering them to grow as individuals both on and off the field."

NOTE: This class will form with a Minimum of 10 students and a Maximum of 20 students.

Be sure your child brings their filled water bottle and they wear comfortable clothing including closed sneakers appropriate for sports.

Refund Policy: Refunds ONLY before the start of class. Requests for refunds after the 1st day will not be processed.

Bollywood Dance/K-5/16 Thursdays/4:15-5:15 by Houston Healthy Hip-HopClass

Class Description: In Bollywood Dance class, students will explore the expressive world of Bollywood through fun, high-energy choreography that blends traditional Indian dance styles with modern moves. They will learn rhythm, coordination, and body control while practicing routines that highlight storytelling through movement and facial expression. Each class builds stage presence, confidence, and teamwork as students

prepare for a lively showcase performance that celebrates culture and creativity. Our instructor, Ms. Priyanka began her journey with Bollywood Dancing Stars as a dancer and is now a dedicated teacher and choreographer. Her lifelong passion for dance shines through in every class she leads. Priyanka's mission is to share the joy and energy of Bollywood dance with students while nurturing their creativity, confidence, and self-expression.

Vendor Description: Houston Healthy Hip-Hop has been in business for over 15 years with HISD, Spring ISD, Alief ISD, Pasadena ISD, Galena ISD and several non-profits. We offer a variety of Art, Dance, and Martial Arts Classes to children in the Houston Community.

NOTE: This class will form with a Minimum of 10 students and a Maximum of 20 students. Attire must be comfortable and suitable for Bollywood dance movements. Students who register for this will participate in an end of semester performance which will be scheduled during the final session. Attire must be comfortable and suitable for Bollywood dance movements.

Mandarin Immersion Magnet School After School Program (MIMS ASP)

Enrichment Classes for Spring 2026

Fantastic Forces/3rd-5th/16 Thursday/4:15-5:15 by Mad Science

Class Description: Our unique approach builds a strong scientific foundation through hands-on activities and exciting demonstrations that bring science to life. In this engaging program, children explore introductory concepts in engineering, physics, and chemistry, discovering how science connects to the world around them. From bridge construction and the forces of flight to the power of air pressure, each activity is designed to spark curiosity

and make learning fun. Plus, every session

includes a take-home project or toy to encourage further exploration beyond the classroom.

Vendor Description: With over 30 years of experience, Mad Science of Houston sparks curiosity and inspires a lifelong love of science through fun, hands-on activities and exciting demonstrations. Our TEKS-aligned programs support STAAR readiness by turning classrooms into in-school science field trips—engaging students with real tools and over 200 exciting topics. Just like medical students need real instruments to learn, young scientists need hands-on experiences to truly understand science. That's exactly what we deliver: fun, educational, and impactful science enrichment that makes learning unforgettable.

NOTE: This class will form with a Minimum of 10 students and a Maximum of 20 students.

Refund Policy: A 15% processing fee will be applied to all refund requests prior to the 2nd class starting. Withdrawals done after the start of the second class is not subject to a refund. Refunds will not be issued for classes missed by the child.

We aim to promote physical fitness, develop fundamental art skills, sports and performing skills, and foster confidence, teamwork and sportsmanship. Through our program, we strive to instill a lifelong love for sports and healthy habits in the participants, empowering them to grow as individuals both on and off the field."

NOTE: This class will form with a Minimum of 4 students and a Maximum of 6 students. Your child must be prepared to enjoy learning to play the guitar alongside their peers. For your child to build on each lesson attended, they will be given lessons to take home and **must must must practice** them daily at least 30 minutes at home. Keep in mind there will be an end of semester demo; thus your child must be able to play at least 3 songs successfully for the demo in order to participate in the demo as it is vital your child feels successful and proud of their hard work. **A strong emphasis on practicing at home!!!** Students must bring their own guitar that is of proper fitting for their size. For proper sizing of a guitar for your child, you will need to purchase/rent the Yamaha CGS102A Guitar (sizes vary by student; the instrument comes in full, 1/2, and 3/4 sizes). Ensure your child brings their guitar to each class. The instructor will not have extra guitars.

Refund Policy: Refunds ONLY before the start of class. Requests for refunds after the 1st day will not be processed.

FRIDAY (14)

Choir-Voice/2nd-5th/14 Friday/3:15-4:15 by Hamp's Camp

Class Description: Let your child discover the joy of singing in a supportive, fun, and creative environment! The lessons are designed to help young singers explore their voices, build confidence, and develop healthy vocal habits through age-appropriate songs and engaging musical activities. Students will learn: Proper breathing and posture for singing, Pitch-matching and vocal tone development, Basic music theory (rhythm, melody, dynamics), Song interpretation and expressive performance, and Ensemble singing, listening, and teamwork. Each class includes vocal warm-ups, movement, ear training, and group singing. A diverse repertoire—including folk songs, seasonal pieces, musical theatre, and popular tunes—keeps students inspired and excited to sing. This class nurtures each child's unique voice while fostering community, creativity, and a lifelong appreciation for music. In addition, the teachers will offer Chinese song learning for half of the class time. No prior experience required—just a love for music and a willingness to try!
