Relay Entries

All teams may enter 1 relay in each relay event. These events do not have an entry standard.

Entry Submission

All entries must be submitted electronically using the MileSplit website. It is important that valid results for your team are included on the milesplit database. If any of your meets are not included in the milesplit database, please send digital results to your state's milesplit editor or tnmilesplit@gmail.com.

Teams may enter up to 5 athletes who meet the entry marks, and all may score.

Coaches may enter any athletes who have a verifiable PR (lifetime best, indoor or outdoor) in the milesplit database that meets the qualifying standard. Those not meeting the mark will not be allowed to compete in the invitational events. OPEN field and running events are open to all performers and require no qualifying standards.
