

TRANSPORT TO RGS

My son really stepped up to the responsibility of travelling independently. He now loves meeting his friends at the train station and his little group travel to and from school each day.

RGS is Closer Than You Think

With Jesmond Metro Station just across the road, RGS is uniquely placed for families across the North East. Whether you're travelling from the coast, the city, or the countryside, our excellent public transport links make the journey simple, sustainable, and empowering.

Many of our pupils travel independently from Sunderland, Whitley Bay, Durham, Ponteland, Morpeth and beyond - building confidence, resilience and responsibility along the way. It's a freedom that lifts them beyond the school run or the minibus.

Choosing public transport isn't just practical - it's a greener, smarter way to access an exceptional education.
