No School – Winter Break

Gratitude is the fairest blossom which springs from the soul. Henry Ward Beecher

As the Thanksgiving break approaches, I want to take this moment to share why I serve in the Murray community. This is my 13th year at Murray. I spent my first 5 years as an assistant principal and the last 8 as the principal. When people that are not familiar with our community ask about our school, I share with them that as a principal, I don't think I could ask for anything more. I am truly grateful for the support of our families and surrounding community. Over the years, the ways our community members have and continue to go above and beyond to support our school is amazing. We truly feel your arms wrapped around us as we educate our young Pilots. The staff that serve at Murray are the BEST. I brag about them every chance I get. For those of you that have been on a tour with me or have been to one of my Murray presentations, you know what I am talking about. I could literally talk about Murray for hours! I feel gifted to be the principal alongside such a dedicated team of adults that are committed to the core with supporting our Murray community. Without question, I stand tall with our Murray educators, and I know with all my heart that we have the best in the business educating your children. Finally, the kids!!! I am often asked, what is my five-year plan? At times, some people are hinting at whether I should consider a higher administrative position. My response is always the same, Where would the kids be!? I do this work because of the kids, and that's where my energy comes from. I thank you for sharing your wonderful scholars with us. They give me joy every single day and I couldn't imagine my time without their bright smiles, goofy antics and middle school drama.

Murray as a whole (families, staff and students), I thank you for all that you do and I am honored to serve in this wonderful community. I hope you all have a great break!

[#Pilotprops](#) of the week! Ms. Maria would like to celebrate Victor Martel Martinez. Victor is a fabulous student in our Latino Roots EDL class. Victor is always willing to participate in our activities/conversations we have in class. He has shown the Murray way of being respectful/responsible/safe.

[#Pilotprops](#) of the week! Ms. Newman would like to celebrate Arthur Nielsen. Arthur is always so excited to hop into history class and his learning. His enthusiasm is infectious and he motivates everyone around him to learn more. Keep it up Arthur!

Your Co-Pilot,

Jamin McKenzie

Sixth Grade

Social Studies with Ms. Atchison and Mr. Kareem – Minnesota Studies:

This month students learned about the second indigenous nation in Minnesota: The Ojibwe. We mapped their migration from the Atlantic Ocean to the northern part of our state. Like our Early Dakota History Unit, we studied how the seasons impacted their housing and jobs. Lastly, we introduced the idea of tribes being independent nations and how at times they created alliances and at other times battled one another.

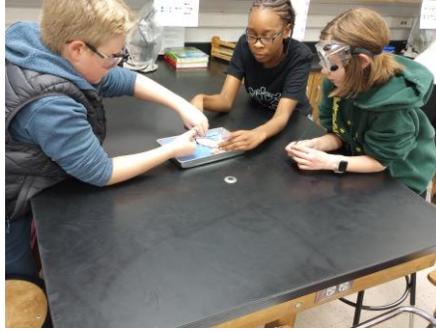

Seventh Grade

Math with Mr. Gravert:

We're excited to share what your seventh graders are learning in math this week! Our current focus is mastering the essential operations of multiplying and dividing rational numbers. Students are working hard to understand the rules for signs and applying them confidently to fractions, decimals, and mixed numbers. This skill isn't just about abstract computation; we are making meaningful connections to real-world applications. Students are using their new knowledge to solve practical problems involving measurement, such as calculating the area of a room with fractional dimensions. We are also exploring elevation, using positive and negative rational numbers to determine differences in height above and below sea level. Furthermore, these lessons are being applied to important concepts in personal finance, including splitting bills or calculating average costs. Understanding these operations is crucial for future algebraic success and everyday life. We encourage you to ask your child about some of the real-life problems they've been solving!

Science with Ms. Dooley and Mr. Altringer:

Life Science students Dissecting a chicken wing.

Social Studies with Ms. Atchison and Ms. Newman – American Studies:

Seventh grade history recently wrapped up the Reconstruction Era. We have begun work on the Continental Colonialism and Progressive Era, including immigration, Industrial Revolution, Transcontinental Railroad, and the intentional destruction of Indigenous lands and lifestyle.

Staff Spotlight

Hi, I am Nichole Campbell and I teach Math 6, Pre-Algebra and Computer Science & Coding. I have been in education since 2011. I have served as an elementary teacher, middle school teacher, Math Coach, Learning Lead, and building tech support. Outside of the schools, I am a consultant for Coherent Math Consulting, and have been an advisor for Student Achievement Partners. I have written culturally relevant math curricula with themes of social justice, and I am a proud lesson author in Corwin publication Middle School Mathematics Lessons to Explore, Understand, and Respond to Social Injustice, Spoken at the Council of Chief State School Officers (CCSO) and presented at multiple NCTM and MCTM conferences.

When I am not at school, or working as a consultant, my husband and I greatly enjoy cheering on our two kids, Sawyer and Aria, while they compete in their many activities such as volleyball, basketball, softball, and track. I am a big MN Vikings fan, love watching the MN Twins, MN Timberwolves and MN Lynx! I also enjoy the Spring, Summer and Fall months as I love to be outside. However, I am not a huge winter fan unless I can be curled up on the couch watching a favorite show/Christmas movie with the fireplace on and the soft glow of the twinkling lights on the Christmas tree.

PARTICIPANT AGREEMENT, LIABILITY RELEASE, AND ASSUMPTION OF RISK

General Terms: Southeast Entertainment Enterprises, Inc., a Minnesota corporation, operates entertainment facilities under the name Grand Slam Sports. These facilities offer various types of equipment for recreational use. I have had an opportunity to inspect the facilities and equipment and become familiar with the various recreational activities offered. I agree that the equipment and activities offered by Grand Slam Sports do not constitute a public or essential service, but rather provide voluntary recreational activities of a type that can be obtained at other similar facilities. My choice to use the equipment and participate in the recreational activities at Grand Slam Sports is wholly voluntary.

In consideration for being allowed to use the facilities and equipment and participate in the activities of Grand Slam Sports, I, for myself and on behalf of my minor children and/or legal wards identified herein, my heirs, assigns, personal representatives, estate, and insurers, agree to the following terms:

Assumption of Risk: I and/or my minor children and/or legal wards identified herein will be using various equipment and engaging in various recreational activities at Grand Slam Sports. I understand that this equipment and these activities expose participants to certain inherent and serious risks. The risks associated with the use of any of this equipment involve certain dangers that cannot be completely avoided or eliminated, and may include, but are not limited to, serious personal injury, death, or disability. I further recognize that use of the trampoline system exposes participants to additional risks, including but not limited to, the variable effects of rebound forces that may directly injure a person or that may throw a person out of control; the possibility that a person may land improperly or fall on, or be thrown against other persons or objects; and the potential of severe injuries from flipping, running, or bouncing off the walls of the trampoline system. I agree to defend, indemnify, and hold harmless Releasees against any claims arising out of the negligent or willful acts or omissions of me or my minor children or legal wards identified herein.

In accordance with Minnesota law, nothing in this Participant Agreement, Liability Release, and Assumption of Risk should be construed as releasing, discharging, or waiving any claims that I, my minor children or legal wards identified herein, my heirs, assigns, personal representatives, estate, or insurers may have for gross negligence, willful or wanton misconduct, or reckless or intentional acts by or on behalf of Releasees.

Agreement Duration: I agree that this Participant Agreement, Liability Release, and Assumption of Risk extends into the future and covers any and all visits to Grand Slam Sports by either me or my minor children or legal wards identified herein for a period of one year from the signing of this document, including the visit on the day this document was signed.
