

Grade 4

E-learning Activities #2

Select **one** activity from **each letter** in STORM for each day of learning.

Mark the box that was selected when the activity is completed. Please return this (and any work) no later than 3 days after the e-learning day.

<h1>S</h1> Something Special	<h1>T</h1> Teamwork	<h1>O</h1> Observation	<h1>R</h1> Reading	<h1>M</h1> Math
<p>Create a breakfast menu with at least 5 items on it. Tell who you would invite to eat with you and why.</p>	<p>Play a board game or card game with someone.</p>	<p>Draw a picture and describe what your bedroom looks like today.</p>	<p>Independently read or listen to reading for 30 minutes.</p>	<p>Go on a fraction hunt!! Make a list of what you find and take pictures if you can. HINT: fractions are everywhere in the kitchen!</p>
<p>Draw and color a picture that shows a stormy day. Include an activity you like to do on days like this!</p>	<p>Build a fort out of sheets, blankets or cardboard. If you are able, a snow fort would be fun too!</p>	<p>Look outside your window for 10 minutes. Record what you see - animals, weather, and plants. Wait an hour and repeat!</p>	<p>Read a book to a mirror! Record yourself if you can. Be sure to practice reading with expression!</p>	<p>Practice your +, -, x, / facts by using flash cards. If you don't have any, make some. Other ways to practice include card games such as multiplication/addition war, or spiral multiplication.</p>
<p>Imagine you get to travel to another country. Where would you go? Who would go with you? What would you pack?</p>	<p>Play a game of charades with siblings or parents. Make your own words to make it more fun!</p>	<p>Build a bridge. How tall is it? How wide is it? How strong is it? What can you change to make it stronger?</p>	<p>Write a script for a play. Who are the characters? What is the setting? What is the plot of the play? Perform it if you can!</p>	<p>Create 5 story problems and complete them. Use fractions if you can. Can you make them 2 step problems? Bring in your work to share!</p>
<p>Do something special for someone! Ideas include - make a card for someone, do a chore you dislike, or take care of your pet.</p>	<p>Invent a new game to play with someone. What will the rules be? What is the goal of your game?</p>	<p>Create something using recycled materials that solves a problem. Notice how many items you were able to repurpose.</p>	<p>Create a book of your choosing! It could be poetry, a cookbook, non-fiction or something else. Be sure to include illustrations.</p>	<p>Create a pictograph to show information. It could be your family's favorite colors, or times they drink water in one day...use your math brain and be creative!</p>
