

From ISD Regulation Manual: Credit for Competency/Proficiency – 2409P

English Language Arts and Math Credit for Competency/Proficiency

English language arts or math credits are available through competency-based testing for students who have taken, but not passed, certain English or math courses. In order to receive credit, those students must obtain a specified score on a District-approved standardized assessment in the subject area of the previously-failed course, as follows:

- Students who failed an English course during their freshman, sophomore or junior year may receive **up to one English credit** if they pass the Smarter Balanced English Language Arts assessment at College & Career Readiness level 3 or 4.
- Students who failed Algebra 1 or Geometry may receive **up to one math credit** if they pass the Smarter Balanced Math assessment at College & Career Readiness level 3 or 4.

Student Name: _____

Grad Year: _____ **ASB #:** _____ **Date of Request:** _____

Smarter Balanced **ELA** level: 3 4
