In accordance with law, you have until thirty days after (A) the effective date of your retirement, or (B) the date your retirement was approved by the Board of Trustees, whichever is the later date, to make any changes to your retirement. Also, your first check cannot be mailed until after this thirty day period. However, the benefit will be retroactive to the original effective date of your retirement. Please allow an additional period for the disbursement and delivery of the check by the federal postal authorities.

If you are considering working after retirement, you should be aware of the restrictions imposed by law and regulations governing post-retirement employments. In some instances, your retirement benefits may be suspended or even cancelled entirely, and if this occurs, you will be responsible for the repayment of any benefits you were not entitled to receive. You may also be required to re-enroll in your former retirement system or a different retirement system, and make pension contributions to that system.
