| School Year: 2024-2025 |        | Subject: Math                                                                                                                                                                                                                                                                                             |                                                          |
| Monday                 | Notes: | <p>Objective:<br/>Students will find the area of regular polygons by decomposing the figure into other figures.</p> <p>Lesson Overview:<br/>Students will learn how to find the area of regular polygons by decomposing them into triangles, parallelograms, and trapezoids.</p> <p>Module 8 Lesson 4</p> | <p>Academic Standards:</p> <p>6.G.A.1<br/>6.EE.A.2.C</p> |
| Tuesday                | Notes: | <p>Objective. Students will learn how to draw polygons in the first quadrant of the coordinate plane given coordinates for the vertices.</p> <p>Lesson Overview: Students will use the coordinate plane to draw and find attributes of polygons.</p> <p>Module 8 Lesson 5</p>                             | <p>Academic Standards:</p> <p>6.G.A.1</p>                |
| Wednesday              | Notes: | Jr High Field Trip                                                                                                                                                                                                                                                                                        | <p>Academic Standards:</p> <p>6.G.A.1<br/>6.EE.A.2.C</p> |
| Thursday               | Notes: | Module 8 Review                                                                                                                                                                                                                                                                                           | <p>Academic Standards:</p> <p>6.G.A.1</p>                |
| Friday                 | Notes: | Module 8 Test                                                                                                                                                                                                                                                                                             | <p>Academic Standards:</p> <p>6.G.A.1</p>                |
