Name: Langteau		Grading Quarter: 1	Week Beginning: September 16-20
School Year: 2024-2025		Subject: Algebra	
Monday	Notes:	Objective: Students will solve multiple-step equations and equations for specific lettered coefficients by applying properties of equality. Lesson Overview: In this lesson, students will draw on their understanding of solving one-step equations and build fluency with solving multiple-step equations. Review Distributive property and the rules.	Academic Standards: A.CED.1 A.REI.1 AEI.3
Tuesday	Notes:	Objective: Students will solve equations with the variable on each side by applying the properties of equality and Distributive property. Lesson Overview: Solving Equations with Variables on Each Side Practice using distributive Property • Address Common Misconception -When an equation contains parentheses, some students will try to get the variable terms together first before applying the Distributive Property.	Academic Standards: A.CED.1 A.REI.1 AEI.3
Wednesday	Notes:	Objective: Lesson Overview:	Academic Standards:
Thursday	Notes:	Objective: Lesson Overview:	Academic Standards:

Friday	Notes:	Objective: Lesson Overview:	Academic Standards:
