Friday	Notes:	<p>Objective: Students will develop and demonstrate an understanding of the key concepts, terms, and events of the events in the lesson overview.</p> <p>Lesson Overview: Transition to governmental and economic action during this same period (see Great Society slides), CH 27 in textbook. A note about my slides and CH27/28. I have 4 short sets of slides that cover these two chapters. CH27 is probably the most difficult chapter in the book, because there's so much going on in this period. Good notes and clear sense of the AP Learning Objectives are critical here.</p>	<p>Academic Standards: AP US History learning objectives 8.6, 8.9, 8.10, 8.11</p>
