Barnwell County School District
Triennial Assessment Report
2025

The Local Wellness Policy final rule requires state agencies to assess compliance with the wellness policy requirements as a part of the general areas of the administrative review every three years. School districts must conduct an assessment of the wellness policy every three years, at a minimum. This assessment determines:

- Compliance with the wellness policy,
- How the wellness policy compares to model wellness policies, and
- Progress made in attaining the goals of the wellness policy
