I understand that part of the team/group season experience is to participate in the entire event, and it might be required that all participants ride to and from the event together. I have obtained permission from the coach/teacher/advisor.

I understand that the school policy requires that students ride a bus to and from events and a departure from this requirement will release the Newman Catholic Schools from all liability for any adverse results that might occur.

I certify that I am transporting my son/daughter to/from the event listed.

OR

I give the listed person permission to transport. This person cannot be a High School student.

It is required that the driver (if not the parent) acknowledge responsibility for the student.
