

All re-certifications are to be entered on Arbiter Registration, please go to your Arbiter Registration account and enter the Winter or Spring Re-certification (Depending on the season).

No upload is needed, the athletic trainer will contact you if section 8 of the PIAA form or a doctor's clearance is needed due to a yes answer for an injury or illness requiring a doctor's care is entered.

(A doctor's clearance note that has been previously given to the Athletic Trainer is sufficient for an injury or illness suffered during a previous sport)

DO NOT simply update the original first physical of the year registration, the PIAA requires the Re-certification to be filled out for each season after the first.
