

STEAM CONNECTIONS

DECEMBER 2025

FUTURE BUILDERS CLASSROOM CORNER

- Students in Ms. Amber & Ms. Gaspard's class built & coded synthesizers to mix colors!
- Mrs. Galland's students engineered their own bowling lanes! On a roll!
- Mrs. Usie's class engineered & programmed their own game controllers!
- SMSA Media Students caught emotions in photography!
- Mrs. Dore's students explored light angles and positions and shadow clocks!
- Mrs. Maddy's 2nd grade theater students designed their own original turkey costumes and characters!
- Macy's Thanksgiving Day Parade was in full swing while learning about the science of balloons in Mrs. Bertrand's class! They've also been studying famous landmarks.

FUTURE EXPLORERS CLASSROOM CORNER

- Science & art collided in kindergarten - students learned about clouds & weather!
- Ms. Rhonda's PreK students learned about community & health in action!
- 1st Graders in Ms. Saul's class filled their tummies while learning about moon phases with Oreos!
- Things got squishy in Ms. Nikki's PreK class when exploring pumpkins, their texture and their life cycle!

BOTH OF OUR
SCHOOLS HONORED
VETERANS DAY
WITH HEARTFELT
PROGRAMS
RECOGNIZING
THOSE WHO HAVE
SERVED.
