PSAT

Registration For The PSAT/NMSQT Is now open and will remain available until September 30th. This National Standardized Digital Test is administered to 10th and 11th-grade students each October. It serves as an excellent measure of College and Career Readiness, acts as a practice test for the SAT, and, for juniors ONLY, provides a pathway to entry into the National Merit® Scholarship Program, an academic competition offering recognition and scholarships. Participation in this test is optional. The testing dates are scheduled for Monday, October 13, 2025, for Sophomores, and Tuesday, October 14, 2025, for Juniors. Students must complete the registration Form while logged into their school Google account. The registration link can be found in Schoology. As the PSAT is now conducted digitally, students are required to bring their school-issued Chromebook on their designated test day. The test includes an embedded calculator, but students are also permitted to bring an approved calculator if they wish. Important communications regarding the PSAT will be sent via email to both the student's school email and the parent's email provided on the registration form. After submitting the registration form, please ensure you receive A confirmation response. For further details about the test, please refer to the Fall 2025 PSAT/NMST Student Guide
