Order No. 17-095. Second reading on the proposed amendments to Chapter 901 – the Town of Scarborough Garbage and Recycling Collection and Disposal Ordinance, Article I Sections 1.09 and 1.10. [Ordinance Committee] Councilor Donovan gave a brief overview on this Order.

Motion by Councilor Donovan, seconded by Councilor Rowan, to move approval of the second reading on the proposed amendments to Chapter 901 – the Town of Scarborough Garbage and Recycling Collection and Disposal Ordinance, Article I Sections 1.09 and 1.10, as follows:

Motion by Chairman Babine, seconded by Councilor Donovan, to move approval to amend the main motion to delay the implementation of this change for 6 months, so the Town Manger can develop a policy for implementing the enforcement of the change.

Vote on Amendment: 7 Yeas.

Main motion as amended:

AMENDMENT TO CHAPTER 901 THE SCARBOROUGH GARBAGE AND RECYCLING ORDINANCE

BE IT HEREBY ORDAINED by the Town Council of the Town of Scarborough, Maine, in Town Council assembled, that Chapter 901, the Garbage and Recycling Collection Ordinance of the Town of Scarborough is amended, as follows:

Section 1.098 TOWN TO PROVIDE CARTS

A. All garbage and recycling carts required by this Article shall be designated, provided and owned by the Town of Scarborough; all residences receiving ~~municipal~~-Town solid waste collection services are required to use only the Town-provided carts for weekly garbage collection. The standard carts hold a capacity of up to 65 gallons and shall not be filled to a gross weight of more than 150 pounds each. Each residential unit will be allowed one Town-designated cart per pickup. Decisions to permit a second cart will be made on a case-by-case basis for exceptionally large households, and in those cases, only after a solid waste inspection by a Scarborough Public Works staff member to determine that the need remains when maximum recycling is being done. Residents may choose to mark their cart with the street address that the cart was assigned to for identification purposes. Under no other circumstance should the carts be defaced by the use of markers, stickers or paint. A cart that has been defaced will be replaced at cost to the resident to whom the cart was assigned and may be subject to further penalties under Article VI.

B. All residential buildings of 6 or more units, nonresidential or commercial users shall provide adequate carts for the weekly garbage generated by the business conducted on the premise. At a minimum, the owner shall provide a secured container or containers with closable covers to minimize the stacking and spreading of the garbage generated by the subject business. The cost of collecting commercial waste is the Property Owner's responsibility.

Section 1.1009 CARTS REQUIRED; HOURS FOR PLACEMENT AND REMOVAL; REPLACEMENT OR ADDITIONAL CARTS; OVERFLOW WASTE

A. It shall be the responsibility of the Town to provide and make available suitable and sufficient carts as described by § 1.08.09 to receive the accumulation of weekly household waste. Each cart shall be placed as instructed by the Town or its designated garbage collector along the street, sidewalk or roadside for automated collection. Town-designated garbage carts may be set out for collection the evening or day before, but must be set out by 7:00A.M. the morning of collection, and should be removed from the Town's right of way the day of collection.

B. Should a Town-owned cart be damaged, defaced, or lost by a household, the Town will make another such cart available for replacement at a fee.

C. Residents who have "overflow waste," defined as garbage set out for collection that exceeds the amount contained in the Town-provided collection cart, may take it to the Department of Public Works for disposal.

Vote: 4 Yeas. 3 Nays [Councilors Foley, Hayes and St. Clair].

Order No. 17-107. First reading and schedule a public hearing and second reading on the proposed amendment to Chapter 604A 0 the Town of Scarborough Horse Beach Permit Ordinance, Section 604A-Regulation of Horses on the Beach, to extend the deadline for the implementation of the containment device for Horses on the beach to October 1, 2018. [Councilor Donovan] Councilor Donovan gave a brief overview on this Order. The following individuals spoke on this Order:

- Linda Voskian of Driftwood Lane stated that she appreciated the effort being put forth. She then handed out pictures of riders on the beach and urged the Council to remove the requirement for bun bags.
- Susan Hamill of Bay Street spoke on this item as well. We have always had horses on the beach. She also commented that the permit indicates that all manure must be picked up. She then went through the history of horses on the beach and felt that delaying the implementation of the bun bag is disrespecting the residents of Scarborough. Have them hire some to clean up after them or enforce the current ordinance - ACO is not always on the beach.
- Jane Grover of Sargent Road has enjoyed being able to ride on the beach. People are excited about seeing horses on the beach. She asked that Council consider not requiring the bun bag.

- Donna Chapman of Windham and leader of 4-H Horse Club. She noted these items could cause harm to the animal. Please look at the whole picture.
- Cindy Flaherty of Payne Road thanked the Council for bringing this up again. She had to purchase her bun bag on line as there were none available in Maine. She noted that of her 22 saddles only one is capable of having this item attached. It would really effect the groups' tremendously.
- Stephanie Keenan of Buxton noted that she started her business in Scarborough years ago. She went on to explain that the bags were more for the surrey riders, not saddle riders. She noted that only one person had complained. The manure is good for your gardens she has many people that uses this. Please think of the horse community and not the complaint of just one person. She hoped that the Council would really consider to table this indefinitely.

Motion by Councilor St. Clair, seconded by Councilor Rowan, to move approval of the first reading on the proposed amendment to Chapter 604A 0 the Town of Scarborough Horse Beach Permit Ordinance, Section 604A-Regulation of Horses on the Beach, to extend the deadline for the implementation of the containment device for Horses on the beach to October 1, 2018 and schedule a public hearing and second reading for November 1, 2017.

CHAPTER 604A TOWN OF SCARBOROUGH HORSE BEACH PERMIT ORDINANCE

BE IT HEREBY ORDAINED, by the Town Council of the Town of Scarborough, Maine, in Town Council assembled, that Chapter 604a, the Horse Beach Permit Ordinance of the Town of Scarborough, Maine is amended by adding the underlined text and deleting the text shown in strikeover type, as shown below:

604A-6 Regulation of Horses on the Beach

1. Horses are allowed on the beach only from October 1stth through March 31st.
2. Except for gaining access to and egress from the beach, horses are allowed only in the intertidal zone (between the mean high tide line and the mean low water line).
3. Parking of horse trailers is limited to Hurd Park in the Town of Scarborough and the Milliken Street Municipal Parking Lot in the Town of Old Orchard Beach.
4. Any rider or owner who allows a horse to be present on the beach must remove and dispose of animal waste as required by Section 604-9 of the Town of Scarborough Animal Control Ordinance. Violation of Section 604-9 constitutes a violation of this Ordinance. Effective October 1, 2018 ~~t~~The owner, operator or driver of horses, or horse-drawn carriages operating on the beach shall be required to attach a containment device to the rear of each and every horse so operated, to be maintained and emptied so that manure is completely contained therein, cannot and does not fall upon any surface while operating under the Permit provided for herein, and is carried away for proper disposal.

Order No. 17-108. Act on the request from the Energy Committee to approve the updated Comprehensive Energy Plan. *[Energy Committee]* Rick Meinking, Chair of the Energy Committee, gave a brief history of the Committee and what accomplishments it has done throughout the years. He acknowledged Kerry Grantham, the new sustainability coordinator, and thanked her for all that she has done for the Committee. He then presented the updated Comprehensive Energy and Sustainability Plan that had been prepared by the Energy Committee. The following individuals spoke on this Order:

- Susan Hamill of Bay Street supported the recommendations of the Committee, but had concerns that there had been no economic research
- Ben Howard of Windsor Pines spoke in support of the recommendations of the Committee. He had one concern and that being development of online technology and being able to assist with the emergency need to move into a more modern era.

Motion by Councilor St. Clair, seconded by Councilor Rowan, to move approval on the request from the Energy Committee to approve the updated Comprehensive Energy Plan, as follows:

Vision Statement: This Comprehensive Energy and Sustainability Plan will guide the Town of Scarborough toward an energy management system that is financially and environmentally sustainable.

A. Scarborough Sustainability

Purpose: Support a Sustainability Department as a clearing house for all seeking information on town sustainable initiatives and sustainable practices town-wide.

Sustainability Definition: Balancing the values of energy and environmental stewardship, social responsibility and economic vitality to meet present needs while ensuring the ability of future residents to meet their needs. The definition in this document may be referenced as sustainable practices, sustainable measures and sustainable initiatives.

The Town of Scarborough strives to enhance ecological integrity, livability, economic vitality, and resiliency to ensure high quality of life for all. The Town is committed to working with residents and businesses as well as regional partners as a leader in sustainability. The Town intends to be a recognized model for sustainable practices in municipal operations, to lead our community by example, and promote sustainable policies, regulations and practices where practicable.

Outcome I: Demonstrate an increase in community engagement for sustainable practices

Action I: Community engagement

- Develop a basic community engagement program which can be presented to the Town Council, Department Heads and employees as well as local businesses, residents, and other stakeholders
- Utilize media and Town website to disseminate sustainability information on a regular basis

Outcome II: Sustainability Coordinator as a resource for citizens, businesses and municipal government

Action II: Maintain a clearinghouse of sustainability information

- Coordinate with municipal departments on sustainability measures including; purchasing, recycling, cleaning products and energy options

- Collaborate with Town Planning Department on applications for planning review to provide opportunity to inform citizens and businesses on sustainable measures
- Obtain grants to offset the cost of sustainable energy measures through state, federal and private grant sources
- Staff Energy Committee and serve as a liaison between the committee and Town staff

Outcome III: Supporting professional development of Sustainability Coordinator

Action III: Building Professional Capacity

- Establish strong relationships with organizations that can inform and support municipal energy goals
- Build networks with municipal staff, residents, SEDCO, stakeholders and others to keep informed about sustainability measures
- Divert energy savings (at a rate to be determined by Scarborough Town Council) into a reserve account for Sustainability initiatives

B. Sustainable Infrastructure

Purpose: Take advantage of long-term savings by implementing sustainable practices where practicable for existing and new construction projects.

Outcome I: Demonstrate an increase in sustainable energy measures for municipal infrastructure

Action I: Monitor opportunities and ideas to encourage the incorporation of sustainable development

- Support the installation of LED blubs in municipal streetlights for significant energy savings; using resources from municipalities in Maine that have succeeded in LED streetlight conversions
- Create energy guidelines for all municipal construction and renovation projects to assure that all projects maximize opportunities to minimize energy use
- Provide input on energy saving measures to the planning committee for municipal building construction projects

Outcome II: Provide information about sustainable energy options to residents, businesses and Town of Scarborough

Action II: Maintain a clearinghouse of sustainable energy options

- Develop municipal program to incentivize sustainable energy measures for Scarborough businesses
- Collaborate with Town Planning Department on applications for planning review to provide opportunity to inform citizens and businesses on sustainable measures
- Work with SEDCO to attract sustainable businesses to Scarborough

C. Transportation

Purpose: Take advantage of long-term savings by implementing sustainable measures where practicable for transportation and infrastructure in Scarborough.

Outcome I: Purchase low-emission fuel efficient vehicles for municipal use whenever such vehicles are commercially available and practicable

Action I: Enhance municipal vehicle fleet as low-emission technology improves

- Participate in Greater Portland Council of Governments (GPCOG) Maine Clean Communities workgroup to learn about clean fuel vehicles and reducing petroleum consumption
- Participate in GPCOG Electric Vehicle (EV) workgroup and other working groups as appropriate to learn about advances in electric vehicle technology
- Collaborate with Public Works Department and Fleet Supervisor on enhancing municipal vehicle fleet as EV and hybrid technology improves
- Obtain funding for EV charging stations for Public Safety and Public Works buildings
- Develop Municipal vehicle and “over the road” equipment metrics regarding energy usage.

Outcome II: Provide information about sustainable transportation options to residents, businesses and Town of Scarborough

Action II: Maintain a clearinghouse of sustainable transportation options

- Coordinate with Town Engineer on transportation planning and understanding new developments in the regional transportation system through the Town’s participation in the Portland Area Comprehensive Transportation System (PACTS)
- Participate in regional bus discussions and promote an expanded regional bus infrastructure in Scarborough

Outcome III: Reduce vehicle emissions where possible through diverse measures in Scarborough

Action III: Limit idling at schools and at stoplights

- Support the installation GPS devices on school busses in order to track location to alert parents for bus stop drop off purposes
- Develop “no idling” policy for school pick up and drop off
- Work with other municipal boards and committees to develop policies and strategies that reduce car-dependence by strengthening existing growth areas and preserving rural areas
- Advocate for synchronized traffic lights along Route 1 leveraging the work PACTS is doing to address idling

D. Benchmarking

Purpose: Establish an on-going assessment of energy, environmental and waste metrics for municipal facilities assets.

Outcome I: Compile energy metrics for each municipal facility for the last three years, and maintain them indefinitely as the plan is implemented

Action I: Metrics

Municipal

- Continually review municipal utility bills for opportunities and areas of savings
- Install building automation systems and sub-metering strategies for all municipal and school facilities

- Adopt benchmarking system to track energy usage for all municipal facilities
- Conduct a municipal greenhouse gas emissions inventory

Commercial

- Adopt benchmarking system to track energy usage for all commercial facilities
- Conduct a commercial building greenhouse gas emissions inventory
- Create incentives for business to participate

Outcome II: Compile municipal waste metrics for the Town of Scarborough and maintain records indefinitely as the plan is implemented

Action II: Waste Metrics

- Track municipal waste metrics; collaborate with ecomaine
- Promote composting in municipal facilities; work with school groups to educate
- Increase town-wide recycling rate from 32% to 50% by 2022 through diverting food waste from the waste stream
- Promote recycling at town-sponsored events; provide recycling and food waste disposal at events

Outcome III: Promote benchmarking measures to Scarborough residents, businesses, and stakeholders

Action III: Communicate data to residents, businesses, and stakeholders in Scarborough

- Utilize media and Town website to disseminate data, trends and analysis on a regular basis
- Develop web tool where residents, businesses, and stakeholders can track energy data
- Promote successes in utility savings, waste and climate change initiatives to residents, businesses, and stakeholders in Scarborough

Vote: 7 Yeas.
