

WHAT WE DO

We provide adults with the tools, training, and support they need to build a better future. Our programs are designed to meet learners where they are - whether that means no experience, no background knowledge, or building on career skills that you already have.

We help students:

- Train for in-demand jobs and career pathways
- Prepare for interviews
- Build confidence, independence, and lifelong skills

Everything we do is rooted in respect, encouragement, and real-world success.

If you're ready to take the next step, we're ready to walk with you.

ABOUT US

At Lenape Tech Adult Education, we believe it's never too late to learn something new, build a better future, or rewrite your story. Whether you're exploring a new career path, or building skills to grow in your current role, we're here to support every step of your journey.

Our programs are designed for real life—flexible, affordable, and focused on the needs of adult learners. With a dedicated team of instructors, supportive staff, and a community that cares, we help students gain confidence, reach their goals, and unlock new opportunities.

Education is empowerment—and your future starts here.

COMMERCIAL DRIVER TRAINGING: CLASS A CDL

OUR VISION

"TO EMPOWER EVERY ADULT LEARNER TO UNLOCK THEIR FULL POTENTIAL, TRANSFORM THEIR LIVES, AND BUILD STRONGER COMMUNITIES THROUGH LIFELONG LEARNING."

WHY OBTAIN A CDL?

Driving a Commercial Motor Vehicle (CMV) requires higher levels of knowledge, experience, skills, and physical abilities than those required to drive a non-commercial vehicle. In order to obtain a Commercial Driver's License (CDL), an applicant must pass both skills and knowledge testing geared to these higher standards. Additionally, CDL drivers are held to a higher standard when operating any type of motor vehicle on public roads.

In partnership with PA Pride, LLC., Lenape Tech Adult Education's CDL program will provide premier driver training services that will enable each student to obtain the skills to lay the foundation for a successful experience on the road. We believe it is imperative that all drivers have safety and responsibility built in to their everyday driving habits. Lenape Tech Adult Education and PA Pride are committed to providing our students with the best CDL training the industry has to offer.

BOTH CDL TRAINING OPTIONS ARE APPROVED FOR WIOA FUNDING!

CDL PROGRAM OPTIONS:

Class A CDL - 160 Hour Program:
This is a 4-week CDL training program for Class A vehicles with air brakes. This program will prepare individuals to train and test for their Class A CDL. The program will focus on over-the-road driving that will include industry awareness and DOT safety regulations. Each individual will have received the knowledge and skills required to pass the written and tactile exams required to earn their Class A CDL with air brakes. The program will provide individuals with the skills and knowledge necessary to gain employment with national, regional, and local companies. Students will be given the driver's exam at a Third-party site.

Cost: $5,750.00 + Required $50.00 registration fee and required PennDOT fees

*Students can opt to add-on the tanker and/or hazmat endorsement for an additional fee. The tanker/hazmat endorsements will require students to pass a written exam and complete the Hazardous Materials Endorsement Application for Security Threat Assessment as well as fingerprinting for a mandatory criminal background check.

Add-on Cost: $150.00 + required PennDOT fees

Modified CDL / Refresher - 120 Hour Program
This program is for individuals who have already completed the CDL classroom Entry Level Drivers Training theory and obtained a CDL permit and DOT physical. This is a three week, 120-hour on-the-road training, that will provide students with the hand-on experience needed to obtain their Class A CDL license.

Cost: $3,850.00 + required $50.00 registration fee

****Registration fee waived for current Lenape Tech High School Students**

EACH TRAINING SESSION IS LIMITED TO 4 STUDENTS
