ASSUMPTIONS

In the preparation of any salary schedule, certain assumptions must be made, implicitly or explicitly. It is the opinion of the Board that maximum benefit will accrue when these assumptions are made explicit. The assumptions under which this salary schedule was prepared are as follows:

1. That any new employees would begin employment under the salary guidelines contained in this schedule,
2. That an employee who begins working after the beginning of the contract year will be paid at a prorated amount based on contract days worked and daily rate of pay,
3. That salary increases or raises will be made in accordance with mandates of the State Legislature and/or guidelines established by the Superintendent and Board, and be given to each eligible certified and classified employees each budget year (currently October 1 of each year),
4. That wages should be increased in a step fashion based upon experience and/or certification up to a predetermined maximum to reflect an employee's increasing competence over the tenure of employment,
5. That all employees should be duly certified for their respective positions,
6. That all employees will be paid in twelve equal monthly installments.
7. That in the event an error is made in the calculation and/or payment of an employee's salary, the Board has the legal authority and right to make the proper adjustments and corrections during the current year.

HENRY COUNTY BOARD OF EDUCATION
INTRODUCTION

The Salary Schedule provides a uniform and equitable payment of wages for services rendered by certificated and classified employees. Certificated employees must possess a valid Alabama Teacher's Certificate or be eligible for a waiver from the State Department of Education. Classified personnel include all support employees who do not work as certificated employees.

The salary schedule of the Henry County Board of Education as set forth herein is predicated upon a school calendar that includes 177 instructional days or the hourly equivalent and the number of employee work days as set forth in contract days below. In the event the number of instructional days is reduced as a result of legislative enactment, the Board reserves the right and ability to make corresponding reductions to the number of work days for Board employees together with a prorated reduction in compensation. Similarly, if as a consequence of legislative enactment, the number of employee work days is reduced, the Board reserves the right and ability to reduce compensation on a prorated basis for all affected employees. In no event will any employee whose pay is subject to a state minimum salary schedule be paid less than the applicable state minimum salary schedule. The employee shall be responsible for insuring the correctness of his/her records. Errors attributable to the Board may be corrected for the current school term and the two preceding years, as appropriate. Errors not attributable to the board may be corrected for the current school term only.

CONTRACT DAYS & PAY SCHEDULES

Annual salaries for the indicated months of employment are based on the following number of working days per scholastic year:

Employee Type/Days on Contract	Monthly Pay Schedules
9 month employees – 182, 187, 189	August 31 -July 31
10 month employees - 202	August 31 – July 31
11 month employees – 222	August 31 – July 31
12 month employees – 240	July 31 – June 30

Henry County Board of Education is an equal pay district and the annual salary for all employees is paid equally over a 12-month period in accordance with state laws and requirements. Employees not employed in a 12-month position who are hired after the start of the school year are paid a prorated portion of their annual contract pay. The prorated amount is calculated by multiplying the employees' daily rate of pay by the number of working days left on the corresponding work calendar for the contract year. That amount is divided by the number of remaining payrolls in the current school year according to the above contract payment schedule.

Supplements are for one year only and are not included when base salary is computed. The principal must recommend a particular individual for a specific supplement each school year; no continuing service status in the supplement position is implied or should be assumed by the individual receiving a supplement. Paid leave days are neither earned, nor accrued in a supplemental position.

It is the employee's responsibility to notify the Human Resources Department of initial National Board certification.

The Effect of the Fair Labor Standards Act

The case of *Garcia v. San Antonio* reapplied the provisions of the Fair Labor Standards Act (FLSA) of 1938 and its amendments to certain employees in education, in particular the provision dealing with additional compensation for overtime work. The Superintendent or his designee must give prior approval for all overtime worked.

Routinely, employees will be given time off within the work week (Sunday through Saturday) so as not to exceed 40 hours. Additional compensation for hours worked over 40 is provided by giving the employee compensatory time or pay for overtime hours worked at the rate of 1.5 to 1. Should an employee accumulate more than 40 hours of compensatory time, the employee shall be paid for overtime worked at the rate of 1.5 to 1.

In accordance with Title 29, Part 541 of The Code of Federal Regulations, Revised June 1983, most positions listed in this proposal are subject to the provisions of the FLSA, i.e., are "nonexempt." "Exempt" positions are not entitled to overtime pay or compensatory time. As outlined in the Code, exempt employees are those that meet one or more of the following criteria:

1. Executive, administrative, and professional (certified) employees (including teachers and academic administrative positions; e.g., "director," "supervisor").
2. Noncertified employees (a) whose primary duties consist of the management of the enterprise in which they are employed, (b) who customarily direct the work of two or more employees, (c) who have the authority to hire or fire or whose suggestions and recommendations as to the hiring, firing, or other change of status decisions for other employees will be given particular weight, and (d) who customarily and regularly exercise discretionary powers.

Employees not meeting one of the above criteria are subject to the provisions of the FLSA and are eligible for additional compensation for work performed in excess of forty hours per week.
