

SENIORS: WANT TO BE AN ENGINEER?

2026 Scholarship Application is Now Available!

The Lehigh Valley Professional Section of Society of Women Engineers grants scholarships to graduating high school seniors who identify as women and will be entering an accredited engineering program. Evaluation is based on academic achievement, extracurricular and leadership activities, an evaluation form, and an original essay.

A one-time award of up to \$3,500 will be granted to each of the successful applicants.
