Weston Connect

Weston Connect is a before/after-school program at Weston Elementary. This program is offered at no cost to Weston Elementary families thanks to the 21st Century Community Learning Center Grant. Our mission is to create opportunities for academic enrichment while supporting youth development, social-emotional learning, civic engagement, and physical and nutritional health. Weston Connect currently serves more than **100 students** and is supported by a dedicated team of district staff and future educators. To engage students and enhance their learning, we incorporate literature, mathematics, and STEM activities into our weekly schedules across all grade levels. We've also introduced a variety of student clubs—including **Leadership, Origami, Art, Science/Engineering, Cooking, LEGO, and Woodworking.**

In addition, we continue to grow our community partnerships to offer students experiences such as career presentations, cultural events, and opportunities to explore new hobbies and activities. To learn more or volunteer, reach out to Mariah Belanger, Adventure Care Coordinator
(715) 359-6563 ext 1261
