## Statement of Work for Information Technology Services

---

### I. SCOPE OF SERVICES

This section describes the Services that Global Data Consultants LLC (GDC) will provide under the terms of the GDC Information Technology Services Agreement (ITSA) and this Statement of Work (SOW).

Valley Forge Public Service Academy Charter School (Customer) has selected GDC to perform this professional services project for upgrades to Customer's computer infrastructure allowing their users to be more productive and providing room for growth.

Customer has identified goals to continue growth in its operations as well as ongoing requirements for new functional capabilities. The organization, among other goals, would like to:

- Set up the IT infrastructure for a new school

The details of the Services to be provided are described in this section. These Services will be provided at the following site(s) (Location(s)):

**1001 Eagle Road  
Wayne, PA 19087**

For the listed project, GDC will:

- Provide the skills and expertise to complete the tasks in a timely manner
- Ensure that the knowledge transfer requested by Customer takes place

## Project Description

The following table describes the tasks GDC will perform to complete this project:

Summary	Description
Pre-Installation Meeting	GDC will conduct a pre-installation meeting with the Customer, the GDC project manager, and the assigned resource to review the project timeline and address any questions.
Switch Setup	GDC will pre-configure the switches for use within the school.
Firewall Setup	GDC will pre-configure the firewalls in a high-availability configuration before bringing them onsite for installation.
Wireless Setup	GDC will design the wireless infrastructure before bringing it onsite for installation.
Switch Install	GDC will physically install and test the switches in the Customer's desired location.  <b>NOTE:</b> This assumes that cabling is already in place and usable.
Firewall Install	GDC will physically install and test the new high-availability firewall pair.  <b>NOTE:</b> The Customer will be responsible for ensuring an internet connection is in place at the time of installation.
Wireless Install	GDC will mount and install all wireless access points.  <b>NOTE:</b> This assumes that cabling is already in place and usable.
Google Management	GDC will work with the Customer to set up Google management for email and Chromebook administration.
Post-Installation Documentation	GDC will provide the Customer with documentation outlining the changes made to the Customer's environment during the project.
Project Completion	GDC will ensure all project deliverables have been completed prior to closing the project. Follow-up support will be provided through time and materials or managed services agreements.

## II. PROJECT COMMUNICATION AND CHANGE MANAGEMENT

In an effort to standardize and streamline communications, GDC asks that, during the course of this project, Customer channels all technical concerns and communications to their GDC Technical Point-of-Contact (POC) which will be identified at the execution of this SOW. The GDC Technical POC will send a 'project-close' email to Customer confirming the completion of the project deliverables. After the project is completed, Customer should contact the GDC Helpdesk for all technical issues, requests, and concerns. All account or sales related communications should be routed to the Sales POC.

Over the course of this SOW, there may be additional requests or concerns that change the scope of this SOW. GDC asks that a Change Request Form be completed for any item that changes within the scope of services listed above. Please see Appendix A for a sample Change Request Form.

**Hardware/Software Summary of Cost**

Description	Qty	Unit Price	Extended Total

Applicable sales tax and shipping & handling charges are not included with this quote unless otherwise noted. However, PEPPM and COSTARS orders do include shipping & handling in the sell price. We reserve the right to cancel orders arising from pricing or other errors or due to drastic market pricing fluctuations.

This quote is valid for 30 days barring changes in pricing and/or availability of products from our vendors. In the case of vendor pricing/availability changes, we will provide a new quote for your approval. Components and products will carry a manufacturer's warranty, direct with the stated manufacturer.

\*Please note that due to upcoming tariff changes this may impact pricing on your quotes. Since we rely on vendor pricing, there could be adjustments to certain products and orders.

If you have any open quotes or pending orders, please keep in mind that pricing might change based on our vendor's tariff pricing adjustments. Please let us know if you have any questions—we're happy to help!\*

Payments may be sent to GDC IT Solutions, 1144 Kennebec Dr, Chambersburg, PA 17201.
