**RE: LETTER OF SUPPORT OF APPLICATION FOR VALLEY FORGE PUBLIC CHARTER SCHOOL**

To Whom It May Concern:

We are writing to express our support of the approval of **VALLEY FORGE PUBLIC SERVICE ACADEMY CHARTER SCHOOL** proposal for sponsorship by Radnor School District. We believe that Valley Forge Public Service Academy Charter School will be an incredible asset to our local district. It will also be of great benefit to the children, families and surrounding communities.

As professionals, we know just how important it is for students to be exposed to first responders and civic service careers. We have seen positive effects of inspiring and mentoring youth in the local area. We certainly support Valley Forge Public Service Academy Charter School's students by sharing and providing innovative and meaningful work force experiences to support them in their respective post-secondary school journey.

We support the approval of Valley Forge Service Academy Charter School to serve students in our community. We value the school's mission and vision and would be happy to see this school as an option for our community.

Sincerely,

A handwritten signature in black ink that reads 'Stephanie Thoeny'.

**RE: Letter of Support for Charter Application of Valley Forge Public Service Academy Charter School**

Dear Mr. Batchelor,

On behalf of Shreiner Tree Care, I am pleased to offer our support for the charter application of Valley Forge Public Service Academy Charter School, which seeks to open a school for grades 6 through 12 with a focus on preparing students for careers in public service and as first responders.

For four decades, Shreiner Tree Care has been rooted in the Main Line community, providing tree and landscape services to residents, institutions, and organizations. I recognize the importance of educational programs that not only develop strong academics, but also foster a sense of civic duty, leadership, and hands-on skill building.

You have my full support in this charter application and believe the Academy will be an asset to the community and the surrounding area.

Sincerely,

Steve Shreiner

**RE: LETTER OF SUPPORT OF APPLICATION FOR VALLEY FORGE PUBLIC CHARTER SCHOOL**

To Whom It May Concern:

On behalf of Global Data Consultants, LLC (GDC), I am writing to express our support for the approval of the **VALLEY FORGE PUBLIC SERVICE ACADEMY CHARTER SCHOOL** proposal for sponsorship by Radnor School District.

GDC has had the privilege of working with Steve Flavell at the Executive Education Academy Charter School (EEACS) in Allentown, Pennsylvania, where Steve served as co-founder and COO. Based on our experience with Steve's leadership and commitment to student success, we are confident that the Valley Forge Public Service Academy Charter School will likewise be an excellent addition to the district and a meaningful resource for students, their families, and the broader community.

GDC's values of innovation, integrity, and service closely align with those of the Valley Forge Public Service Academy Charter School. We believe that promoting civic awareness and responsibility in students reflects the same commitment to purposeful work that guides our own organization. We also recognize the importance of providing meaningful opportunities for students to explore their interests and develop skills for the future. We fully support the school's mission and its efforts to cultivate engaged, responsible, and community-minded leaders.

For these reasons, GDC supports the approval of Valley Forge Public Service Academy Charter School. We look forward to this school becoming a valuable part of the educational landscape in our region.

Sincerely,

Dan Logan

This letter is to recommend Alan Wohlstetter to serve on the Advisory Board of Valley Forge Public Service Academy Charter School in Wayne, PA. I have known Alan for over fifty years and find him to be of the highest moral character. What's more, Alan is a thought leader in charter school finance, having served as counsel to numerous charter schools that have successfully accessed the capital markets. When Alan started School Improvement Partnership a decade ago to support quality charter schools, he created a Board Training program for the Board of Directors of charter schools to ensure they understood their legal, financial and oversight responsibilities.

Alan's legal and financial expertise is coupled with his determination to ensure that historically underserved communities receive educational opportunities uniquely suited to them. He hosts a monthly podcast – "What Charter School Leadership Looks Like" – which highlights how charter school leaders "land the plane ... while it's still being built".

He has also been a public finance attorney for over forty years, having closed billions of dollars of financing for clients ranging from TD Bank to the Pennsylvania Turnpike to Independence Charter School.

Speaking of this current proposed enterprise, the vision that Alan seeks to create would transform the dated VFMA operation into a vibrant campus benefiting the greater community. A charter school that transitions a failed military school to a public service organization is a natural evolution. Driving through our region are signs on local roadways advertising positions for police and firefighters. That these vital organizations must stoop to these measures to fill their roles underscores the need for a charter school pipeline to correct this imbalance.

In addition, utilizing some of the vacant buildings on campus for affordable housing for teachers in the region is a brilliant idea. These dedicated professionals, who cannot afford to live in the community where they work, are another opportunity to make the VFMA property essential to the greater good.

Valley Forge Public Service Academy Charter School would be fortunate to have Alan serve as a member of its Advisory Board.

Sincerely,

OF VALLEY FORGE PUBLIC SERVICE ACADEMY CHARTER SCHOOL**

We are writing to express our support for the charter application of VALLEY FORGE PUBLIC SERVICE ACADEMY CHARTER SCHOOL to open a charter school for grades 6 to 12 offering a curriculum that provides pathways for careers in public service and as first responders. We believe that Valley Forge Public Service Academy Charter School will be an incredible asset to the Radnor School District. It will also be of great benefit to the children, families and surrounding communities.

If approved by the Radnor Township School District, the school would launch with 90 to 150 students in grades 6 to 8, adding one grade level each year until reaching full enrollment of 450 students in Year 5.

This model reflects a growing trend in education: connecting learning with real-world careers. Students will not only gain academic credentials and hands-on experience, but also guidance toward careers that ensure their futures, and the future safety and resilience of our communities.

We support the approval of the charter application of Valley Forge Service Academy Charter School to serve students in our community. We value the school's mission and vision and would be happy to see this school as an option for our community.

**RE: LETTER OF SUPPORT FOR VALLEY FORGE PUBLIC SERVICE ACADEMY CHARTER SCHOOL**

Dear Superintendent Batchelor,

I am writing to express my strong support for the charter application of the **VALLEY FORGE PUBLIC SERVICE ACADEMY CHARTER SCHOOL**. This new charter school would serve students in grades 6 to 12 by offering an innovative curriculum that provides pathways for careers in public service and as first responders. I believe that Valley Forge Public Service Academy Charter School will be an invaluable asset to the Radnor School District, by complementing and expanding the existing outstanding educational opportunities. It will also be of tremendous and lasting value to the children, families and future students in Radnor as well as the local surrounding communities.

Although I am not a resident of Radnor, I feel a strong connection to the area because my son, Cadet David Marcovici, recently graduated from Valley Forge Military Academy in June 2025 after 5 years of attendance. Thus, we have spent a lot of time in the Wayne-Radnor community, since David participated in many local events, such as the Radnor Porchfest, the annual Memorial Day Parade, Radnor Fall Festival, and the high school musicals at Valley Forge Military Academy that included many students from Radnor High School.

David's academic interests are centered around plant science, and he spent several years as a volunteer at Valley Forge Flower Shop, planted innumerable flower bulbs around the campus as part of its beautification efforts, as well as founding the Gardening club at the Academy. During David's years at Valley Forge Military Academy, our family funded the construction of a Greenhouse on campus (anonymously) to support his efforts in the Gardening club.

On the day of his graduation, we finally revealed to David who was the 'mystery donor' that funded the Greenhouse, much to his surprise! Together with the Dean of the Academy, we installed a plaque to dedicate

the Greenhouse in honor of David's founding of the Gardening club and in memory of his grandparents and family.

I am absolutely delighted that the new Valley Forge Public Service Academy Charter School would continue to use the Greenhouse for student enrichment and instruction in plant science and biology, as well as taking full advantage of the unique 'outdoor classroom' that the Academy built to accompany the Greenhouse space. These are truly exceptional educational resources that are just one example of the outstanding environment that will serve the new Charter school, and carry forward the spirit of service to others that has embodied the campus for nearly 100 years.

In closing, I deeply value the Valley Forge Public Service Academy Charter School school's mission and vision, and I am confident that it will be a highly sought after option for motivated students in the Radnor community who are called to careers in public service. What an extraordinary opportunity to continue the legacy of the Valley Forge campus with a new educational model for future generations.

HONORABLE PATRICK J. MURPHY  
32<sup>ND</sup> Under Secretary of the Army

To Whom It May Concern:

I am writing to express my strong support for the charter application of the Valley Forge Public Service Academy Charter School, an initiative that honors the proud legacy of Valley Forge while preparing the next generation to serve their communities with purpose and integrity.

For nearly a century, the Valley Forge campus has stood as a symbol of discipline, leadership, and service. Its next chapter should continue that tradition, but with a modern mission: to prepare students for meaningful careers in public safety, emergency response, civic leadership, and community service.

As someone who has led at the intersection of public service, education, and enterprise, I have seen firsthand how education grounded in purpose can transform lives. The Valley Forge Public Service Academy will provide that same opportunity: to learn, to lead, and to serve.

By combining rigorous academics with hands-on pathways to public service, this school connects learning to real-world impact. It is primed to equip students with the skills, confidence, and character needed to strengthen our communities.

At a time when our nation faces critical shortages across essential public service roles, the Valley Forge Public Service Academy offers a powerful and timely solution: an educational environment that restores pride in service and inspires young people to lead.

This effort is more than a school; it's a vision for how education can rekindle civic purpose and prepare the next generation of leaders our country needs. I wholeheartedly support this initiative and commend all those working to bring this vision to life.

With respect and appreciation,

This letter is to recommend Alan Wohlstetter to serve on the Advisory Board of Valley Forge Public Service Academy Charter School in Wayne, PA.

Alan and I first met over 50 years, when we were bunk mates at an overnight camp.

That friendship allowed us to jump right back in when we got reacquainted based on our mutual interest and work with charter schools.

I, as a board member for several PA charter schools and a founding board member of the Philadelphia School Partnership (now rechristened as Elevate 215).

Alan, as a lawyer working on Charter School finance and the founder on School Improvement Partnership. I consulted with Alan in that capacity, and we developed a training program for Schools Boards of Directors to ensure they were prepared for their fiduciary, legal, and oversight responsibilities.

Alan has successfully helped charter schools access the capital markets and currently monitors those markets to support both the schools and the bond companies.

He is authentically committed to help build great schools that serve all populations and to do so in innovative and focused ways.

I know Alan is excited by the vision and prospects of Valley Forge Public Service Academy and I offer my hearty endorsement for him to serve as a member of its Advisory Board.

I am happy to talk to answer any question or share more details about my thoughts regarding Alan if you are so inclined.

Thank you.
