

VALLEY FORGE
PUBLIC SERVICE ACADEMY
CHARTER SCHOOL

EXHIBIT 26 – EBA Consulting

EBA CONSULTING

To Whom It May Concern,

We are pleased to offer our full recommendation for the **Valley Forge Public Service Academy Charter School**.

As experienced insurance and retirement brokers, EBA Consulting has had the privilege of working with the founding team on a previous charter school. Their professionalism, integrity, and commitment to educational excellence have consistently impressed us.

Valley Forge Public Service Academy is a visionary initiative focused on preparing students for careers in public service through a rigorous, hands-on curriculum. It represents a meaningful investment in the future of our communities.

Should the charter be granted, EBA Consulting will proudly serve as the school's **employee benefit and retirement brokers**, ensuring their staff receives comprehensive support and long-term planning solutions.

We fully support this initiative and encourage others to do the same.
