In accordance with Act 35 of 2023, the graduation requirements for students beginning with the Class of 2030 have been updated to include a mandatory 0.5-credit course in Personal Financial Literacy. Previously, students were required to earn 0.25 credits in Family & Consumer Sciences (FCS)/Finance. The revised requirements increase this to 0.5 credits and move it under the Arts and Humanities category, where FCS courses have traditionally been eligible. This adjustment aligns the graduation requirements with the state mandate and the structure of current FCS course offerings.
