The Eagle Examiner

AUGUST 2019

Our mission is to inspire and guide each student to his or her maximum potential.

A MESSAGE FROM SUPERINTENDENT ANGIE HAMBERG

I hope you all had an amazing summer. We are so excited to welcome our students to the 2019-2020 school year! This is sure to be a great year as we inspire and guide each student to his or her maximum potential.

We have received overwhelming feedback in regards to the vast amount of communication tools being used across our schools; this led to the difficulty in keeping up to speed with school events and classwork (i.e. sign up for Remind 101 for announcements and updates; Google Classroom to turn in assignments, class website for due dates, Facebook for pictures from school events, etc.). In response to that feedback, Big Walnut is now using Schoology as a “digital backpack” to streamline communication and help students stay organized and keep parents informed. Schoology provides a centralized place for staff, students, and parents to communicate, access assignments, and receive school and class updates. After you sign up, you can download the free app! As a parent, you will be able to:

- View your child’s activity within the platform
- Send messages to teachers
- View due dates and events on the calendar
- Receive school newsletters
- Find important class information
- And much more!

This school year, students and parents will check PowerSchool for grades and use Schoology for everything else. Parents will receive Parent Access Codes soon. More information, including step-by-step instructions, a tutorial video and upcoming trainings, can be found on our website. We look forward to using Schoology to enhance connectivity and communication across the district!

MESSAGE FROM THE BOARD

Brad Schneider, President

changing demands in the world. Unfortunately, educators don't get a chance to do a remake of the education "movie" for a student.

Every year, our District only has one chance to make a hit; actually 4,000 hits and counting.

Our 2020 Vision is needed to help our students be as adaptable as successful filmmakers. Teachers adapt to engage their audience. They also work, along with our families, to make the educational experience personalized for each student. When we do this together, our children grow skills to help them thrive in an uncertain future.

Our students will learn the skills to adapt and thrive in a world where we don't know what technology or processes Disney will have available to remake *The Lion King* in 2044.

On the radio, I heard a movie critic asked why they remade the movie. Besides creating a mountain of cash, the critic said that a remake sometimes happens when new technology is available to enhance the entertainment value of an older movie with a newer version.

As the world has evolved around movies, producers had to incorporate new technologies and processes in order to meet the demands of a changing audience. They must use resources they had never heard of when they were in school.

They also had to adapt their strategies to a new market, where entertainment choices have to be engaging and personalized in order to be successful.

Disney can remake a movie to take advantage of new technologies and

Andy Wecker, Mindy Meyer, President Brad Schneider, Doug Crawl, Vice President Liana Lee

Those of you who know me, know my affinity for all things Disney, so it was no surprise when I took a pass on the invitation to go see *The Lion King*. My oldest son wore out a DVD of *The Lion King*, and I was okay with not reliving those days.

Getting Our Buildings Ready for Students

Director of Facilities
Doug Swartz

The start of any new school year brings with it a sense of new beginnings, challenges, opportunities and excitement for students, staff and their families.

Preparing our buildings for this rush of energy and activity takes a coordinated effort between many employees and organizations. This work aids in meeting the needs of our students and staff, contributes to the fiscal health of the district and supports our 2020 Vision for instruction.

This summer, we have completed the following projects:

- Cleaned over 550,000 square feet of building space in preparation for learning
- Maintained over 100 acres of grounds (mowing, edging, tree trimming, weeding, etc.)
- Cleaned thousands of desks, tables and chairs
- Inspected and cleaned the food service equipment according to licensing standards
- Repaired and maintained over 35 acres of asphalt and concrete
- Serviced the school bus fleet to ensure all buses according to inspection standards
- Purchased 4 new propane buses (includes buses to accommodate growth)

View from Prairie Run bus drop off into future playground, surrounded by classrooms

Preparing the ground to start the high school building

- Cared for more than 20 varsity, junior varsity and elementary practice and general athletic fields (many with the help of our youth leagues)
- Cleaned over 4,000 lockers and cubbies
- Inventoried, repaired, and serviced thousands of student and teacher Chromebooks, desktop devices and projectors to enhance student learning
- Replaced classroom windows at Hylen Souders Elementary
- Began updating district phone system to current operational and safety standards
- Replaced and repaired exterior brick walls at Big Walnut Elementary
- Applied over 100 gallons of paint to building interior areas

STATE BUDGET PROVIDES SLIGHT INCREASE

**Treasurer
Jeremy Buskirk**

There is always a sense of anticipation for students, parents, and school district personnel at the start of a new school year. We were experiencing this anticipation on a financial front as we awaited our state's new biennium budget, which was officially signed by Governor DeWine

on July 17. While no changes were made to the current funding formula and basic funding is expected to remain the same as 2017 levels, our state legislature did recognize that communities like Big Walnut are growing and need help. Thus, the new budget does provide some funding for fast-growing districts that experienced enrollment increases between school years 2016 and 2019. From this, we anticipate receiving around \$230,000 for this school year and \$350,000 next school year from this supplemental funding.

Another initiative in the state budget is supporting student wellness and success in schools with funding for wraparound services, which are not specifically instructional in nature. These services include things like mental and physical health care, services for homeless youth, mentoring, and professional development on trauma-informed care or cultural competence. While we have already seen the need to support the mental and physical, as well as academic needs, of our students and have been helping at-risk students, we will continue to work hard to support all of our student needs. Of the \$675 million allocated over the two-year budget period, Big Walnut is projected to receive \$145,000 for the current school year and \$205,000 next year to support current and future initiatives.

We appreciate any new resources provided to our district, but these are in no way enough funds to eliminate the need for our community's financial support. The growth in our community and school enrollment, as well as rising costs for goods and services, will continue to put pressure on our budget. As such, we will continue to work hard to stretch our current and new resources for the good of our students and community.

2020 VISION

ONE MORE YEAR UNTIL OUR VISION BECOMES OUR CULTURE

We believe in providing an education that prepares our students to be successful in the 21st Century. Employers are looking for people who are strong communicators, collaborators, and creative critical thinkers. In 2015, we rolled-out our 2020 Vision that outlines our goal for all classrooms to **personalize** instruction to fit each student's needs, **engage** students in real world connections, and ensure that all students are **growing** academically, socially, and emotionally. It's hard to believe that was almost five years ago, and here we are, on the precipice of 2020.

As part of our vision:

- We are transitioning our classrooms from traditional learning environments to collaborative learning spaces with flexible seating arrangements.
- We are shifting our focus to communication, collaboration, critical thinking and creativity over rote memorization.

- We are working towards a personalized approach, rather than a one-size-fits-all mentality because not all students learn the same way, at the same time.
- We are introducing events at every building that focus on exposing students to a variety of career options: Eagle Explorer Days, BWHS Career Fair, etc.

Are we there yet? No. Will we ever arrive? No. We will always push ourselves to be better for our students each and every day. We are, however, keenly aware that 2020 is upon us. We are meeting this school year with anticipation and a sense of urgency. We are looking forward to 2020, when our vision becomes our culture.

Hats Off to a Great Year from **Your Community Library**

Cindy Reliford

Youth Services
Assistant

As I was doing my grocery shopping last week, turned the corner and there it was- the school supply aisle. It seems that particular aisle evokes different feelings depending on who you are. I immediately empathized with the many educators who, I'm sure, are making that mental crossover in their minds. On the other hand, I felt a little nostalgic as the smell of new crayons always seems to take you back no matter how old you are. For a second, I could even hear Tom Hanks saying, "I would send you a bouquet of newly sharpened pencils if I knew your name and address." And if you are a parent, well, the whole school supply aisle might just bring a whole different set of joyous emotions.

Whether the sight of pencil erasers and glue brings you joy or grief, school is coming. What does that mean at the Community Library? We are transitioning from the end of Summer Reading Club and gearing up for the new school year. Pulling books for teacher collections is on our horizon while we eagerly await whole classes of children walking through our doors for field trip visits. And whether it's the fourth grade Tower of Books assignment or a book report project, we are ready to point your child in the right direction for that have-to-have book. So as you get those final schedules or you are putting your little ones on the bus, know that we are looking forward to partnering with you this school year to ensure your child's success.

If you have any comments or suggestions on how we can assist during the school year, send us an email at youthservices@yourcl.org. You can also visit the library online at <https://www.yourcl.org>.

Principal's Message

The Big Walnut High School staff is extremely excited about the upcoming school year. We will continue Eagle Time, our flexible weekly period allowing students to receive additional help from teachers, beginning the week after Labor Day. After surveying our students, they felt this was an excellent way to allow them more one-on-one time to get help in their classes.

Also new this school year will be the addition of Skills for Success, which will be reported two times a year to parents. With more employers looking for workers who have 21st-Century skills (i.e. strong communication and work habits including problem-solving skills), it was extremely important for us to give feedback to students in the areas of timely work, quality work, and collaboration.

Finally, last year our staff spent the majority of their professional development time discussing reassessment. This year they are eager to implement their own reassessment policies, which collectively align to our BWHS Assessment and Grading Philosophy: *Our students' grades reflect multiple opportunities to demonstrate their level of achievement of skills and content.* Each teacher's policy is listed in their one-page course outline that will be distributed the first few days of school to students and to parents at curriculum night. It's going to be a great year at the high school, and we look forward to seeing our students on August 14.

VFC eligible children include those under 19 years of age who are uninsured, are American Indian or Alaskan Native. Students may also receive immunizations at other Health District clinics where appointments are recommended.

Big Walnut Middle School

Principal
Josh Frame

Principal's Message

The staff of BWMS is excited for another great year of personalized and innovative learning experiences that not only help students connect to classroom content, but also to their peers, teachers and the greater Big Walnut community. Our school is committed to developing positive relationships with youth through activities like Advisory, WIN (What I Need) Days, Service Day and student-developed clubs that support students' social and emotional development. Students and parents will receive feedback about academic progress with the use of STAR reports and classroom grades, as well as information about academic skills, social skills and self management within the *Skills for Success* reports.

BWMS is trying a different format for the annual Meet and Greet and Curriculum Night in 2019. During Meet and Greet, students will have the opportunity to try their lockers, walk their schedule, then share a sweet treat and socialize with our school staff in the Commons or gym. We anticipate a lot of smiles, warm welcomes and positive energy with food trucks on site to kick off a great 2019-20 school year. Next, Curriculum Night at BWMS is going digital. With the success of prior district events, like State of the Schools via Facebook Live, and feedback from our community, BWMS believes that delivering teacher introductions and course details online will expand our audience and allow parents the ability to access information when and where they choose. We will be using the new district-wide Schoology tool (see the front page for more information) for this event. Overall, we remain committed to inspiring and guiding each student to their maximum potential and believe 2019-20 will be a time of growth for everyone.

Principal's Message

Welcome back, BWI families! Our devoted staff is already busy planning and preparing for a great school year. Our hardworking custodians have spent the summer thoroughly cleaning our building. The office staff has worked their magic to organize the many boxes of supplies, student files and all things back-to-school! Our dedicated PTO is gearing up to welcome families, provide volunteer opportunities, and offer other exciting events and programs for our students. Mr. Powell and I are eager for the hallways and classrooms to be filled with BWI Eagles.

BWI teachers and staff members remain focused on our district's 2020 Vision to personalize, engage and grow. We are implementing a daily Advisory period, which provides time to focus on community building, social and emotional learning, reteaching and enrichment. We are excited to kick-off our new Positive Behavior Intervention Support (PBIS) program that a committee of staff members designed throughout last school year. Our school-wide theme is R.I.S.E. (Responsibility, Integrity, Safety and Empathy). Monthly lessons, team building activities, school-wide assemblies and celebrations will teach and reinforce these important life skills.

As a reminder, fifth grade students will receive their Chromebooks at school, instead of having summer Chromebook pick-up hours. Also, for safety and traffic flow, if you are using the car line, students are to be dropped off and picked up on the east side of the building using East Street. During school hours, visitors must enter through the main doors on the west side of the building along Hill Street. Finally, get your red and gold ready for our spirit day Fridays! Go Eagles!

Principals' Message

Welcome back, elementary families! We are so excited to open the doors to almost 1,500 PreK through 4th grade families this fall. This school year, all of our elementaries will be working hard to implement Responsive Classroom, which is an evidence-based approach to teaching and discipline that focuses on engaging academics, positive community, effective management, and developmental awareness. We will also be continuing our phonics instruction into grade 3 using the Foundations program, which was previously implemented in grades K-2. Check out our front page and be on the lookout for your parent access code to get connected to Schoology, our new district wide one-stop shop for communication. We know this year will be full of learning, fun and friends!

Meet Our *New* Principals

Sarah Sandrock

**Big Walnut Intermediate School
Principal**

Hometown: Dublin, Ohio

Family Stats: My husband Paul and I have been married for 12 years, and we have three children. Our twin daughters are entering second grade, and our youngest son is three. Our spirited Goldendoodle, Obi, has loyally been by our side for the past 11 years.

Hobbies: When I am not spending time with my family and friends, I enjoy baking, crafting, reading, gardening, organizing, home improvement projects and supporting the arts.

What does #InspireAndGuide mean to you?

Inspire and guide means to find each person's passion and love for learning through personal relationships, a welcoming and safe environment, engaging learning activities, instilling and modeling a growth mindset and encouraging people to dream big!

Anything else you'd like our families to know?

After teaching in Big Walnut for the past 13 years, I am beyond excited to serve our community in this capacity. It is a privilege to work with our amazing Big Walnut students, staff and community members. I look forward to getting to know many more in my new role.

Joe Rucker

**Big Walnut Middle School
Assistant Principal**

Hometown: Coshocton, Ohio

Family Stats: I've been married to my lovely wife, Alicia, for 12 years. We met at Marietta College. We have 2 beautiful children (Carissa, 10 and Tommy, 7). We also have 2 dogs, Lily and Stewie.

Hobbies: I am a big sports fanatic (Go Buckeyes!). I love watching my kids in their activities. When I have time, I prefer to go golfing, but for the most part, I enjoy spending as much time as possible with family and friends.

What does #InspireAndGuide mean to you?

Inspire and guide, to me, is being a role model who makes both staff and students proud. It's providing an avenue for people to grow and achieve more than they thought was possible. And finally, it is serving those we have been chosen to lead.

Anything else you'd like our families to know?

After coaching for Big Walnut, I look forward to joining the school community full-time this year. My hope is to build relationships with all stakeholders and provide solid leadership to BWMS.

Big Walnut Local School District

Announces the
**My School Menus™ Mobile App
for Parents and Students**

August, 2019

Big Walnut - Food Service

is pleased to introduce their new **My School Menus™** mobile app for parents and students. Available in the iTunes App Store and Google Play, the **My School Menus™** app allows access to nutrition information for the school meal programs on any device. **My School Menus™** is designed to provide nutrition information on all of the foods served in the school meal programs. This app will enable parents, students and teachers to make healthy food choices whenever it's convenient, 24 hours a day, 7 days a week, 365 days a year.

Parents can access this service by going to either the iTunes App Store or Google Play and downloading the app to their device. You can also get the same information by visiting tinyurl.com/BWmyschoolmenus There, you can easily print nutrition information and district menus for posting at home. The Food Service Department is excited to offer parents and students this new nutrition resource.

For further questions regarding **My School Menus™**, Contact:
