THE EAGLE EXAMINER

Sponsored by the Sunbury / Big Walnut Area Chamber of Commerce

July 2017

Our mission is to inspire and guide each student to his or her maximum potential.

A Message From Our Superintendent: Angie Pollock

@AngiePollock2 @angiepollockBW

Preparation for the opening of a new school year is always filled with excitement, especially in Big Walnut as we are creating avenues to continuously improve our schools. This year is no exception as we expand access to technology for all students- further preparing them for their future and careers that haven't been invented yet. We will continue working throughout the school year to align our uses of this instructional technology to what research says is best for each age level of students. Another important task we are working through is hiring highly qualified staff to meet the needs of our growing student body. Our district remains focused on our 2020 Vision for personalizing learning for every student, engaging each learner in the learning process, and ensuring that every student is growing toward his or her maximum potential.

Despite all of the exciting opportunities growth brings, this year will present many challenges. One major challenge continues to be the overcrowding of our facilities, due to the enrollment growth. Each school

building in the district has had to make changes to accommodate the surge of students coming into our school district. This summer, the Board of Education took the necessary action to place a combined bond and permanent improvement (PI) levy on the November 7, 2017 ballot. The decision came after months of consulting with the community regarding the most significant and immediate needs of our schools. The Board has decided to forego many of the needed maintenance items within our aging buildings to reduce the overall cost of the proposed bond to \$108 million, along with a 1.25 mill PI levy. Throughout the next several months, I am requesting that each of you stay informed about the need for these funds and the facts surrounding this ballot issue. Please see the diagram on page 6 for the breakdown of the proposed bond and PI levy issue.

Continued on Page 6

Thank you for taking the time to stay informed on the exciting progress we have made, as well as the current and future challenges that we face. We hope that you enjoy reading this edition of the Eagle Examiner and step away from it having learned more about the district and encouraged by the work that is being done in this great community that we serve.

Being Part of that Small Town Feel

We all reside here in the Big Walnut area for various reasons. One thing for sure is that we have a very active and supportive community. We are blessed with various organizations that plan amazing events which ultimately gives us the warm and fuzzies. As new residents move in, we want them to enjoy "the small town feel." Please spread the word, get involved in the planning and execution of activities, and bring your families to events.

There are some great activities coming up. We have a Farmer's Market every Saturday 9:00 a.m. - 12:00 p.m. on the Square. Movies on the Square are a free event planned for Saturdays, August 5 & 26; concessions are available for purchase. Our famous Sunbury Sizzle and Sounds will be Saturday, August 19 from 11 a.m. to 11 p.m. There will be a free Kid's Zone, vendors, food vendors, and more. It's a perfect way to end the summer. Finally, the Lion's Club puts on the annual Labor Day Ox Roast on the Square. Check out the back page for our complete summer community calendar.

Stay tuned through the Eagle Examiner, Village of Sunbury, BW Civic, Sunbury/Big Walnut Chamber of Commerce websites and social media pages for more information and details of events and how you can get involved.

It takes a Village....

Cindy Erndt

*Vice President of the Big Walnut Civic Association
& Board President of the Sunbury/Big Walnut Area Chamber of Commerce*

Big Walnut Local Schools

1:1 Chromebook Initiative Expands to Grades 5 - 8 for the 2017 - 2018 School Year

We are excited to move into the next phase of our 1:1 Initiative. All 5th-8th grade students will be receiving a Chromebook to support learning next year. The device will be one more tool for our staff to create personalized and engaging educational experiences for our students. We ask that all families sign up for a time slot by going to our district website. Both parents and students must attend. Listed below are the dates to schedule a brief orientation and device pick-up. If these dates do not work or if the parent/guardian and student can't both be there, please call your school's main office.

5th - 8th Grade

Chromebook Pick-Up

July 27, 10:00 - 2:00

Aug. 1, 3:00 - 7:00

Big Walnut Middle School

777 Cheshire Road, Sunbury

Freshmen and New HS Students

Chromebook Pick-Up

July 27, 5:00 - 7:00

Aug. 2, 12:00 - 2:00

Big Walnut High School

555 S. Old 3C Highway, Sunbury

Custom Computer Case

Support the PTOs and protect your technology at the same time. Customize this case with your name, sport or activity, team number or class year, or upload

your own design. A portion of the proceeds from this protective case will go to the Big Walnut Intermediate or Big Walnut Middle School PTOs. Order by going to <http://bigwalnutapparel.com/computercase/>

2020 VISION

BIG WALNUT LOCAL SCHOOL DISTRICT

PERSONALIZE
INSTRUCTION

Teacher is constantly aware of individual student abilities, interests, and/or learning styles and uses that information to make instructional decisions.

ENGAGE
STUDENTS

Students are immersed in the classroom atmosphere—lessons / activities are meaningful, relevant, and add immediate value to their learning.

GROW
MINDS

Teacher collects student data and uses it to drive instruction and make class decisions in order to promote student growth.

WHY DOES SCHOOL NEED TO BE REIMAGINED?

"Fifty years ago, before the Internet, it made sense for schools to teach kids "just facts." But in today's world there is no longer a competitive advantage in knowing more than the person next to you because knowledge has become a commodity available to all with the swipe of a finger."¹

EMPLOYEES IN THE 2020 WORKPLACE WILL BE ASKED TO COLLABORATE WITH PEERS, SOLVE PROBLEMS AND PROPOSE NEW IDEAS²

RESEARCH SHOWS THAT REAL-WORLD PROBLEM SOLVING IS MOST STRONGLY LINKED TO HIGHER SELF-REPORTED WORK QUALITY³

65%

OF THE JOBS 10 YEARS FROM NOW HAVEN'T BEEN INVENTED YET⁴

21st-century skills are integrated into the curriculum to prepare students for a variety of work environments:

The Big Walnut 2020 Vision is our roadmap to creating an educational experience that prepares students for the 21st Century. We strive to personalize instruction, engage students, and grow minds. The above infographic is an overview of what we're working toward by the year 2020.

Big Walnut Local Schools

Since September 11, 2001, more than 18,000 Ohio National Guard members have been deployed to serve in the global war on terrorism. Altogether, more than 60,000 Ohioans have actively served their nation away from home. Approximately 34,000 students in Ohio schools are members of military families. Frequent moves and family separations through deployments, as well as reintegration issues, can make life especially challenging for those students.

Big Walnut is Committed to Supporting Our Military Families

Darin Prince, Assistant Principal at BWMS

In an effort to better support the students of military members in our community, Big Walnut Local Schools is starting an initiative to

identify and inform teachers of the military-connected students in their classrooms and the special considerations they should receive. As a veteran of the Afghanistan War and current member of the Ohio National Guard, I am honored to assist this initiative as the district's military liaison.

At the beginning of the 2017-18 school year, the district will begin collecting information in order to identify students with immediate family members or guardians who currently serve in the National Guard, Reserve or Active Duty components of the Armed Services. All students in grades 5-12 are going to be asked to participate in a short survey to help identify families serving in the military. Front office personnel at our elementary buildings will assist in collecting this information about students in grades PreK-4. More information about this initiative and how to provide information about your military-connected students will be sent home in the fall.

2017 Golden Eagle Mentor Award Recipients

On May 18, Big Walnut and Roush Honda recognized 20 staff and community members who went above and beyond in service to our students and our district. During this celebratory evening, recipients' families and friends listened to the many contributions their loved ones made this past year that

helped make Big Walnut great. We are thankful to Roush Honda for their 21-year commitment to recognizing great leaders in our district. The nomination form for 2018 Golden Eagle Mentor Awards will be available in early April, so start thinking of someone worthy of this recognition!

The BWHS student Principal's Leadership Team planned a surprise Custodian Appreciation Day. Cakes were given to all of five of them! #inspireandguide

Books! What a great way to #inspireandguide

Great way to #inspireandguide! The Big Walnut volleyball team went to Noah's Ark and played some volleyball with the kids recently.

Sunbury / Big Walnut Area Chamber of Commerce

Local Chamber of Commerce Supports Business & Community

*John Fox, Executive Director
Sunbury/Big Walnut Area Chamber of Commerce*

The Big Walnut area is a thriving community, with evidence of growth and progress all around us. At the Chamber of Commerce, we are excited about the new opportunities that are coming our way each and every day! Our goal is to assist chamber members, both individual and business, in maximizing exposure in the community by providing tools, resources and opportunities to help them succeed. A strong business environment means a strong community. That is why, with over 300 current members, the Sunbury/Big Walnut Area Chamber of Commerce is a great asset to businesses, residents and the community at large. Growth will continue, but managed correctly, the rich traditions and ethos of this area will maintain as we welcome a bright future.

For further information about the Sunbury/Big Walnut Area Chamber of Commerce, contact us at 740-965-2860 or check out our website at www.SunburyBigWalnutChamber.com. Lots going on in the Big Walnut area!

Big Walnut Local Schools

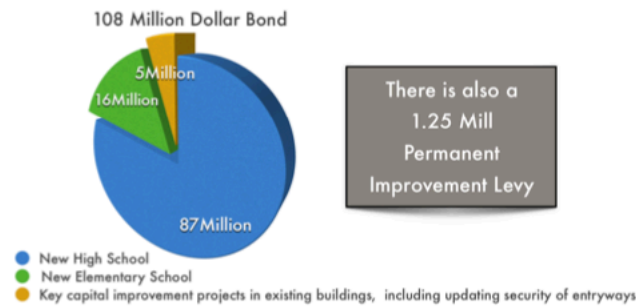

A Message From Our Superintendent: Angie Pollock

Continued from Page 1

I can tell you first-hand that the need is real and that it only gets worse the longer we delay a long-term solution. In fact, with the opening of this school year, two of our elementary schools will have trailers serving as classroom space.

We are renovating the only pre-existing district trailer behind Big Walnut Elementary and have purchased a used trailer for housing two full-size classrooms at General Rosecrans Elementary.

We will have to continue to add trailers as necessary throughout

There is also a
1.25 Mill
Permanent
Improvement Levy

the district if nothing else is done to alleviate building capacity issues. In addition, the common spaces such as restrooms, cafeterias, gymnasiums, and auditoriums in the buildings are realizing many stresses as we

struggle to accommodate all students.

As a result of cautious fiscal planning, we have been diligent in managing our budget responsibly, and we do so with a lower tax

rate than nearly all other school systems in the area. However, fiscal stability is at risk, along with our current instructional programming, as we prepare to divert operational funds to pay for more classroom trailer spaces in the absence of additional brick and mortar spaces. We will continue to be good stewards of the budget provided to us, whether it be in the classroom itself, or in making decisions as to how best to construct facilities to keep up with our ever-growing population.

Big Walnut Treasurer Heads to COTA

Our treasurer, Terri Eyerman, will be moving on from public school finance and has accepted a position with Central Ohio Transit Authority (COTA) as their Director of Finance. The move was officially announced at the Board's June 28 meeting. Her resignation is effective July 7, 2017. We are so appreciative to Terri for her three years of dedication and service to our schools. She helped usher the District through some of its earliest struggles with enrollment growth and has been integral in establishing relationships with our township.

and village officials. On the basis of referrals, we have decided to work with K-12 Business Consulting, Inc. to assist us in securing an interim treasurer and to conduct the search for our permanent treasurer. K-12 is owned, led and staffed by experienced school treasurers and superintendents. Our goal is to have a permanent treasurer identified no later than September.

Our schools operate in a very lean manner, and we have been successful in fostering a culture of frugality within our school system. We are proud of that and look forward to ensuring that we continue to do so into the future.

"These things are always bittersweet; however, if there is one position that could pull me away from Big Walnut then this was it. I will definitely miss the Big Walnut community but will always cheer for it from the sidelines. We have great leadership here, and I know great things are ahead for the District."

-Terri Eyerman

New Online Process for Completing Forms

For the 2017-18 school year, we will be implementing a new online process for collecting beginning-of-the-year forms. We are hoping to make these forms less repetitive and time-consuming to complete. In mid-July, parents will receive an email with instructions on how to verify and/or update student and family information for the upcoming school year. They will then be able to electronically sign and submit the required emergency contact, handbook,

FERPA and local field trip permission forms. Please watch for this email, then complete and electronically sign all forms before the school year begins. If you do not have access to a computer, or do not have an email address, contact Kami Mathews at 740-965-7811. Thank you for your assistance as we transition to this new process.

Kami Mathews is the smiling face that greets you as you walk into our Central Office at 110 Tippet Ct.

Thank you to Marengo Fabricated Steel, LTD for donating the eagle and signage.

Community Library

Rediscover Your Community Library

The addition and renovation of the Community Library in Sunbury is finally finished. Planning for this project started eight years ago, when the Community Library worked with area residents to develop a facility plan for the growing community. That 2009 facility plan resulted in an 8,000 square foot addition that would accommodate more collection space, more meeting rooms, group study rooms, gathering areas, and a drive-through. At the time, resources were tight and the economy was quite unstable, so the plan was tabled.

Meanwhile, the community continued to grow and demand for more space increased. The Community Library gathered feedback from our patrons and worked with DesignGroup, an architectural firm in Columbus, to develop a plan that fit within our budget and addressed the most pressing needs. In 2014, we created a plan that included a scaled-back, 2,000 square foot addition, yet still provided the amenities our users were asking for.

Construction on this new plan started in the spring of 2016 and continued into early 2017.

The renovated library includes:

- More meeting space for larger groups
- Three group study rooms for 4-6 people
- Larger children's area
- Drive-through drop-off and pick-up window
- More parking

While we are excited about the renovated library, we are even prouder that this was a community effort. It was a partnership between area residents and the library and reiterates that we are the Community Library – we belong to the community and exist to serve the community.

Since the project has wrapped up, we have been busier than ever. Just in the last month, we have seen a 10% increase in visits, 22% increase in circulation, and a 32% increase in program attendance. The drive-through, which was our most requested service, accounts for close to 10% of our daily circulation.

If it has been a while since you visited your Community Library, please stop in and check it out.

Need for Classroom Spaces and Up-to-Date Security

Mark Cooper, Assistant Superintendent

At Big Walnut Local Schools, enrollment increases are already posing a need for more space and will continue to

do so in the future. We expect to be at or over capacity at three of our buildings next school year, and the rest of our buildings, except the middle school, are estimated to be at or over capacity within the next two years. We are in the process of purchasing a double-classroom trailer at General Rosecrans Elementary and renovating an aging trailer at Big Walnut Elementary for use next school year.

Other needs exist at Big Walnut as well. Despite the fact that the high school was built in 1991, it does not contain the type of security advances needed in 2017. There have been many improvements in securing schools over the past 25 years. Much of that has to do with the introduction of upgraded technology for surveillance and more secure entrances. Five of our seven school buildings are in need of more secure entrances.

At this time, we do not have a permanent improvement (PI) fund - a fund that can be

used to make long-term repairs - so we must prioritize needs and choose what to fix as they arise. The money for this comes from our daily operating budget, which is intended to be used in the classroom for the benefit of our students.

Fortunately, the past two winters have been mild, and we have not had the kind of weather-related problems that often occur with the cold, snow and ice. This has lessened the blow of our current facility needs, but the need for a permanent fix still exists.

There are needs beyond building capacity and security that we still have to address. Examples of these repairs are electrical updates, aging HVAC equipment, and roof repairs.

Our district has a history of being fiscally responsible. Coming up with a suitable plan for our future is a definite need. The aforementioned issues are all contributing to being a strain on our daily operating budget and in the process our ability to continue to educate our students at the level we have all grown accustomed.

STAFF SPOTLIGHT: MATT WILSON

Hometown: Galena, OH

Current position: 4th grade teacher

Years with the district: 18 years

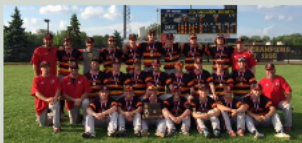

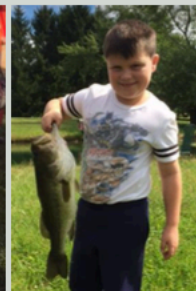

Education: Georgetown College
Ashland University for Masters

Family stats: I come from a very supportive and loving family. Today I try to provide the same love and support to my own family. Family is everything!

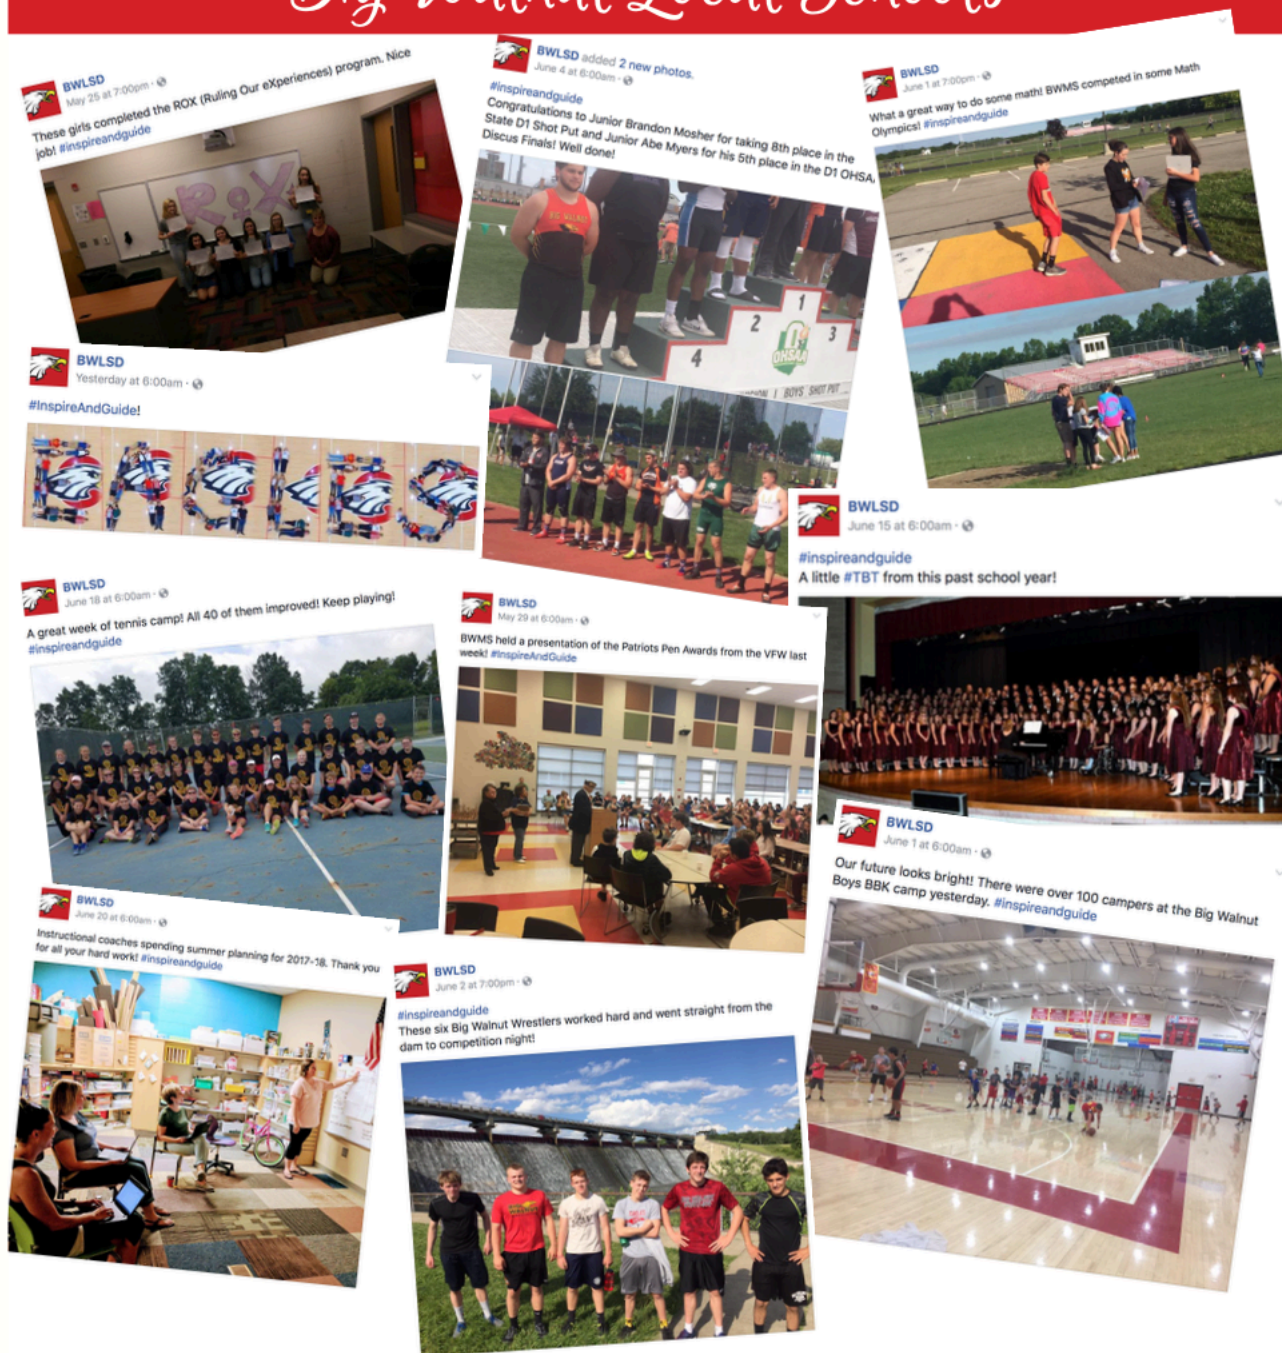

Hobbies: I love coaching and watching young men achieve their goals. In my spare time I enjoy outdoor activities like hunting and fishing.
