

Subject line: Fernwood update – Tuesday evening

Dear Fernwood Families and Staff,

We are pleased to inform you that Fernwood Montessori School has passed its clearance check by the City of Milwaukee Health Department. MHD verified early this evening that the Fernwood building now meets safety standards, allowing the school to reopen.

Students will continue to attend Andrew S. Douglas Middle School tomorrow, Wednesday, April 23, and Thursday, April 24. Educators will have a full day to set up their classrooms on Thursday and will receive more information on that from Principal Lowell. Fernwood students will still report to Douglas Middle School on Thursday, where they will be welcomed by Milwaukee Recreation, members of our academic team, and an administrator from Fernwood. As with the relocation, virtual learning is offered as an option. If you would like to utilize this option for Thursday, please contact your child's teacher. Please note that Fernwood administration will be on site at Douglas all day Thursday. All staff and students should report to Fernwood on Friday, April 25.

The safety of our students and staff is our priority. MPS will continue enhanced cleaning and maintenance protocols throughout the building to ensure the school remains safe for students and staff.

Thank you for your continued partnership and support of Milwaukee Public Schools. We look forward to welcoming students and staff back to Fernwood!

Sincerely,

Office of School Administration
