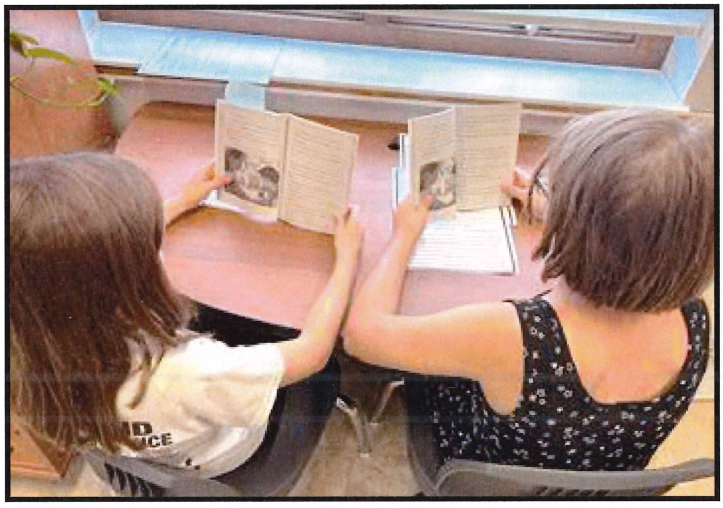
Spotlight on Student Learning: Starting the School Year Strong with Reading

Michelle Simpson, 4K-12 Principal & Director of Curriculum & Instruction

We are officially back! It is always exciting to have our students back in the building and experience the energy of the start of a new school year. This year, South Shore is focused on literacy. We are committed to supporting every student with growing as a reader. To do that, we are reading, READING, *READING*! Our students are learning specific strategies to become better readers and writers every day as they actively engage in their learning, listen to stories in class, practice reading with their classmates, read independently, discuss their reading, and even play reading games.



Reading Across Content Areas

While students work on reading skills in their Reading and English classes, they also build reading skills in every other class they are in. This year, South Shore is focusing on universally building student's reading skills and by teaching strategies across content areas, including building student vocabulary skills and teaching students to respond to their reading and learning in writing. Building background knowledge, applying vocabulary skills, and reading texts in a variety of genres are key skills in developing fluent readers who can comprehend and critically analyze texts.

Library

Mrs. Branham is back in our library again this year with new books and resources for our students! Our students have begun visiting the library and checking out books to bring home each night. Last year, our students checked out 3,537 books. We are going to see if we can beat that number this year!

Reading At Home

Did you know that reading just 20 minutes at home EVERY night makes a huge difference! Children who read at home every night for 20 minutes are exposed to roughly an additional 1.8 million words every year. Research shows that they have improved grammar, vocabulary, and writing skills. It also shows that they consistently perform better on standardized tests. (NESCA, 2025) As we work toward having every South Shore Cardinal grow as a reader, join us by committing to read at home every night!

Talamo, A. (n.d.). Why does my child have to read 20 minutes per night after being in school All Day?. NESCA. https://nesca-newton.com/why-does-my-child-have-to-read-20-minutes-per-night-after-being-in-school-all-day/

Congratulations Retirement Announcement

Dani Mikula, Superintendent

It is with a heavy heart, yet immense gratitude and joy, that I share bittersweet news with our South Shore Community. After 40+ years of incredible dedication and service to our district, our administrative assistant Diana Reijo has made the decision to retire at the end of the school year. Anyone who knows Diana will know that she does not enjoy the spotlight, especially if it involves sentimental accolades. So, as you are reading this sentence, know that it surely took every last ounce of my persuasive abilities to get her blessing to print this article.

On July 1, 1984, Diana reported at South Shore for her first day of work. From that day forward over the last 41 years, Diana has touched countless lives in our community spanning generations. Her first role was as the high school secretary, and later she became the district's executive administrative assistant to the superintendent. A South Shore Class of 1970 graduate herself, Diana has always had a knack for connecting with students. The kids know her as the giver of the band-aids, the keeper of the birthday treats, and the one who reminds them how important it is to say "good morning" back when an adult greets them. Her humor, kindness and steadiness have spanned across decades, superintendents, school boards, and families at South Shore.

In the nearly 4 years I have worked closely with Diana, she has taught me countless things - like how to improve my soup recipes, how to properly check a child for lice, how to stand tall when life throws you punches, and that the St. Anthony Prayer works wonders every time I lose something. I know that many of our staff, students, and readers have their own list of ways Diana has enriched their lives and made them smile as well. She is a great example of the ripple effect one person can have on an entire community.

While we are deeply saddened to see Diana retire, we can also be filled with happiness and joy for her as she embarks on this new chapter in life. I very much doubt that Diana will "rest" in retirement, but she will definitely have new adventures, more time with her loved ones, and continue to impact our community. Most of all, I know she will continue to light up a room and make people belly laugh in the magical way only she can.

As we process this change, the great news is that we still have over 9 months left to cherish with Diana at South Shore! I intend to make the most of every moment within that time, and I hope you all do too, whether you are a staff member, community member or parent. Let's make this a special school year as we honor her remarkable legacy and the generations of South Shore families and staff she has impacted.

Congratulations and thank you to the one and only, Diana Reijo.

South Shore High School Alumni All Class Reunion

June 27, 2026 ~ Herbster Gym

Stay tuned for more information and updates.

SOUTH SHORE KICKS OFF THE 7 MINDSETS

The 7 Mindsets program helps students develop the attitudes and perspectives needed for success and fulfillment. Based on decades of research into the habits of happy, accomplished people, it offers a proven path for academic achievement, strong relationships, and resilience. With over 15 years of real-world use, the program has empowered more than 5 million students, refining its approach to unlock each student's potential and create positive change.

Why Mindsets-Based Instruction?

Mindsets shape how we see the world, ourselves, and our potential. Instead of just teaching specific skills, mindsets-based teaching focuses on building positive attitudes that help students want to learn and improve for the rest of their lives. Research in areas like positive psychology, growth mindset, and emotional intelligence shows that believing in yourself can greatly improve emotional well-being, academic achievement, and life outcomes.

Mindsets-based teaching is powerful because it helps students become more motivated, resilient, and adaptable—traits that are important for lifelong learning and success. When students believe they can grow and improve, they are more likely to tackle challenges, keep going when things get tough, and look for opportunities to learn new skills.

The 7 Mindsets will be taught K-12 by Jodi Truchon, School Counselor

As we progress with the program, Ms Truchon will teach students monthly about each of the 7 Mindsets. Here is a brief overview of the 7 Mindsets:

1. **Everything is Possible** inspires **hope.** It teaches students to dream big, embrace creativity, maintain a positive outlook, and learn and grow from mistakes.
2. **Passion First** ignites a **sense of purpose.** It helps students embrace their strengths and interests while leveraging their values, aspirations, and lived experiences to their advantage.
3. **We Are Connected** strengthens a **sense of belonging.** Students learn to embrace everyone, surround themselves with positive influences, and build meaningful relationships with others.
4. **100% Accountable** builds a **belief in oneself.** It teaches students to overcome limiting beliefs, prioritize their efforts, take ownership of their outcomes, and grow from every experience.
5. **Attitude of Gratitude** develops **thankfulness.** Through this mindset, students learn to appreciate their gifts, celebrate others, and find the positives in all circumstances to fuel growth.
6. **Live to Give** instills a **sense of significance.** Students learn to serve others, make choices that positively impact the world, and foster a collaborative and creative spirit.
7. **The Time is Now** sparks **engagement.** It encourages students to take initiative, position themselves for success, and take purposeful action toward their goals and dreams.

September Mindset # 1

A FAMILY GUIDE TO THE 7 MINDSETS

EVERYTHING IS POSSIBLE

The Everything is Possible Mindset focuses on the power of hope and reminds us that everyone has the potential to achieve great things. Each person has the ability to create a life full of happiness, success, and meaningful experiences. This mindset applies to every student, and by embracing it, we aim to unlock their full potential. Research shows that the Everything is Possible Mindset can improve academic performance. This mindset also leads to greater happiness, stronger friendships, and better emotional well-being.

PRACTICAL TIPS FOR FAMILIES

- **Talk about the Future:** Research shows encouraging children to think about their future sparks positive growth. Talk about their dreams to build and expand their sense of what's possible!
- **Support Dreams:** You might disagree with your child's dreams or goals because they seem unrealistic. What matters most is that they dream; discouraging them might stop them from setting future goals.
- **Share Your Dreams and Failures:** Talk about your dreams and times when things didn't go as planned with your child. This may show them it's okay to try, fail, and keep going.

MINDSET MATTERS

Here are ways we want to support your child:

- **Dream Big:** Dreaming big inspires your child to set ambitious goals and believe in their potential to achieve extraordinary things.
- **Embrace Creativity:** Embracing creativity encourages your child to find new ideas and ways to grow.
- **Think Positive:** Positive thinking helps your child build resilience and approach challenges with optimism, paving the way for greater success.
- **Act and Adjust:** Acting and adjusting teaches your child to take charge and keep moving forward, even when facing challenges.

CONVERSATION STARTERS

Use these questions to engage in a conversation with your child/children:

- What's something you did that seemed impossible at first? How did you make it happen?
- What's one new thing you want to try this week, even if it looks difficult?

SOUTH SHORE SCHOOL DISTRICT ADDITION & REMODEL

Market & Johnson would like to invite subcontractors and suppliers interested in bidding work on the South Shore School Addition & Remodel project.

MARKET & JOHNSON, INC.
BID DATE: Thursday, October 16, 2025, at 2:00 PM CST

A pre-bid meeting will be held n Thursday, October 2, 2025, at 3:45 PM, located at the High School Commons.

Bid documents will be available for viewing at various Builders Exchanges.

An electronic copy of the plans is available by contacting Market & Johnson at 715-834-1213.

Nothing beats the moment you spot your sibling on the playground—

Instant smiles, shared secrets, and the kind of laughter only they can bring.

School Picture Day with Cahill Studios
Tuesday, September 23rd

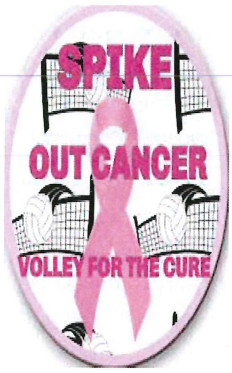
Picture Day!
Cahill Studios will photograph all students with multiple poses. If a student is absent for picture day, they will be photographed on the school's designated Retake Day: Tuesday, October 28th. Families will also have the option to come to Cahill Studios office to get a photo taken if they miss both of their school's picture dates.

After Picture Day
All galleries will be delivered to parents via email 2-5 days after picture day from the email address: no-reply@imagequix.com. All online orders placed within 7 days of link delivery will have the option of free shipping to the school and will receive a FREE Social Media Image in any Package and BYOP bundle.

SCAN ME

Check out Cahill Studios website to view your 100+ free background options and tips for preparing for Picture Day!

Volleyball Team Hosts Annual Breast Cancer Awareness "PINK OUT" Night



On Tuesday, October 13th, 2025, the South Shore High School Volleyball team will be hosting their annual **"Pink Out"** night against the Bayfield Trollers. This night is designed to help our community raise awareness of breast cancer and to show our support to families who have encountered breast cancer on any level. **Pink Awareness** favors will be handed out.

There will be raffles, giveaways and a whole lot of fun. If you would like to donate a raffle prize to the cause, contact Coach Darla Lahti at the school.

Concessions will be available and pink ribbons can be purchased as a donation. All money raised in the concession stand, sales of the pink ribbons, and raffle items will be donated to the Bernadette Gustafson-Klobucher Memorial Scholarship.

Pink-Out Volleyball! Homecoming is Friday October 3rd and Pink-Out is on October 13th. Make plans to come to school, cheer on the players, groove with the pep-band, and remember to support the concession stand! After a great rehearsal, students enjoyed a short recess on the playground: fun for everyone!

If any alumni would like to join the Pep-Band for either performance, please reach out to Mrs. Kavajecz for more information!

Memorial Blood Drive ~ Friday, October 3rd
Jr-Sr High School

Early College Credit Program

What is Early College Credit?

The **Early College Credit** program allows public high school juniors and seniors in good standing (academic and behavioral) to take postsecondary courses at a Wisconsin technical college, a UW system college or university, or a Wisconsin private, nonprofit college or university. This is a great opportunity for students to get a head start on a technical certificate, associate or bachelor's degree, learn more about a field of interest, or develop skills for entering the workforce immediately after high school graduation. Classes will appear on the student's high school transcript.

How do I Apply?

Students must apply by **October 1** for the upcoming spring semester and **March 1** for the following fall semester. Forms are submitted to the Students Services office, reviewed by school administration, and submitted to the school board for approval. Students will be notified within 45 days of the submission deadline. Approved forms and student transcripts are then submitted to the respective colleges and universities and students will receive registration information directly from them. Once students register for a class they must meet with their guidance counselor to append their SSHS schedule.

CAUTION!

Once a class has started, it is important to understand students are responsible for reimbursing the school district for the cost of the class if it is not completed successfully. (Students may decide to drop the class at anytime prior to the start at no penalty.)

Please refer to the DPI links below for more detailed information about this program.

START COLLEGE NOW

Start College Now provides greater learning opportunities for qualified high school juniors and seniors. If you wish to begin college early, or want to prepare to enter the workforce immediately after high school graduation, you will be interested in Start College Now.

This program will allow students the opportunity to take post-secondary (college courses) at NWTC during the regular academic year. Students do not pay for these classes if your high school board determines the classes are not comparable to classes offered by the high school. If approved by the high school board, the student will receive both high school and post-secondary credit for successfully completed classes.

Who is eligible for Start College Now?
Who is eligible for Start College Now program is available to public high school students in grades 11 and 12 who meet the following requirements:

- Have completed the 10th grade.
- Are in good academic standing and have no disciplinary/ enrollment issues.
- Apply to their local school board by **March 1** for the fall semester and **October 1** for the spring semester.

How do I start?

1 - Meet with your high school counselor to discuss your career plans and determine if enrolling in college courses through the Start College Now program is right for you.

2 - To apply for the program, students should complete the program application and submit it to the local school board by the required due date.

- You must obtain your parent or guardian's signature on the application.
- The signed forms with approved classes listed MUST be submitted to NWTC by **May 15** for the fall semester or **November 15** for the spring semester.

3 - Once the application is approved by the local school board and forwarded to the NWTC, the student will be informed of the process for registration at orientation. In order to register for a requested course, the student must meet course requirements, prerequisites, and there must be space available in the course after admitting all other students through regular course enrollment.

What class choice are available?
You will find many choices available on all three campuses, through Distance Learning (Web-conference) and the Internet.

Any Associate Degree or Technical Diploma course may be taken, as long as all prerequisites and co-requisite requirements are met.

South Shore School District
Board of Education Meeting Agenda
In Compliance with the Wisconsin
Open Meeting Law

Public Notice §19.84 (3)

Clyde Clauson, President
Rebecca Kavajecz, Clerk

A **Regular Meeting** of the **Board of Education** will be held in the **Instructional Media Center (IMC)** at **South Shore Jr-Sr High School**, Port Wing, WI at **5:30 p.m.** on **Wednesday, September 24, 2025**.

Members of the public may attend in person or through ZOOM. All public participants phones, microphones, and chat dialog boxes will be muted or disabled during the meeting. Members of the public who do not wish to appear in person may email dmikula@sshore.k12.wi.us with Public Comment in the subject line. Those messages received prior to the start of the meeting will be provided to the Board President who may then allow them to speak during Public Participation.

Any person wishing to attend who, because of a disability, requires special accommodations, should contact the office at least 24 hours before the scheduled meeting time, so appropriate arrangements can be made.
