2025-2026
Executive Summary

Poteet ISD www.poteetisd.org

Our 2024–2025 STAAR results show continued growth across all accountability domains. Student Achievement increased from 60% to 62%, reflecting steady progress in overall performance. School Progress showed a significant gain from 64% to 72%, demonstrating stronger student growth and improvement. The most notable improvement was in Closing the Gaps, which rose from 59% to 73%, highlighting the success of our targeted support and intervention strategies for all student groups. Overall, the data indicate positive momentum and the impact of focused instructional efforts throughout the year.

HB 3 School Board Goals

multi-year projection

- **Increase Reading Outcomes for ALL Students**
  Increase the percentage of students meeting from 41% in 2024 to 50% in 2027
- **Increase Math Outcomes for ALL Students**
  Increase the percentage of students meeting from 24% in 2024 to 45% in 2027
- **Increase CCMR Outcomes for ALL Students**
  Increase the percentage of students meeting CCMR from 62% to 2024 to 80% in 2027

Although state test results are important, it's essential to acknowledge that they do not provide a complete picture of a school's overall performance. We see these results as opportunities to tackle challenges, foster innovation, collaborate, and lead with intention.

2025-2026
Executive Summary

Poteet ISD www.poteetisd.org

Summary Results & Interventions

Fueling Brains
PK 3, PK 4, Kindergarten classrooms

High Quality Instructional Materials (HQIM)
