LENAPE HIGH SCHOOL 2025-2026 SEMESTER COURSES

If you only select one semester course you will automatically be enrolled in a study hall the other semester.

SEMESTERIZED CLASSES

	ENGLISH 154 Creative Writing 156 Discussion and Debate 165 Holocaust & Genocide Studies 167 Mass Media 172 Mythology 177 Poetry 180 Mystery Cases 184 Science Fic, Fantasy & Horror 191 Public Speaking 193 Celebrating Diversity	**MATHEMATICS** 337 Computer Science Discoveries 338 Computer Science Principles **SOCIAL STUDIES** 580 Financial Literacy ACC **TEST PREP (English/Math)** 964 SAT Prep

Refer to the **Program of Studies** for a list of high school graduation requirements, athletic eligibility guidelines and college requirements. Available online: www.lrhsd.org Then proceed to Parents tab, Program of Studies.

Athletic Eligibility: Students must pass six (6) courses (15 credits) at the end of the first semester to be eligible for Spring sports. They must pass 30 credits before the start of the next school year to be eligible for Fall and Winter sports.

Counseling Department Website: www.lrhsd.org Then select Lenape High School, then select Departments, then select counseling.

Schedule Changes

The district schools conduct extensive orientation programs in subject and subject level variations in the course of study. To minimize disruptions of student schedules and to maintain class size balance and continuity of instruction, changes in student programs must be reasonably restricted.

Prior to the original program selection by the students, the schools conduct departmental programs describing subjects and subject level differences to provide students with reliable information to select their subjects.

The student's selected programs for the ensuing year are submitted for individual inspection in the spring of the year. These are proofs of the student's requests. Changes, additions, and/or deletions are permitted where possible as outlined in the change of schedule regulation below.

Regulation # 2264 Change of Schedule

The Lenape Regional High School District offers a comprehensive educational program to meet the needs and interests of all students. The Master Schedule is developed from course requests submitted in the late winter/early spring and is finalized in August in order to set student and teacher schedules and to set class sizes throughout the district. There is always the possibility that a class will close early due to heavy enrollment or that a class will not be scheduled due to an insufficient number of students electing that subject. Counselors meet with students and teachers to give input and recommendations as students are making their selections.

Schedule change decisions will be governed by the following guidelines:

It is in the student's best interest to have the appropriate schedule in place at the time school opens. Every effort is made to provide students with a schedule commensurate with state and district guidelines and personal post graduate plans prior to the opening of school in September. **A request for a change in schedule must be submitted in writing, signed by a parent/guardian, to the counseling center prior to August 1.**

Students who have requested a course on their selection sheets and have not been scheduled for the course may see their counselors during the first two weeks of school to correct the error.

Students are required to work to their fullest potential prior to making a request for any schedule change. Students must demonstrate that they have attempted to fulfill all course expectations, e.g. completion of all assignments, seek extra help, and have met all other conditions established by the instructor.

Students enrolling in a course after the start of the semester are responsible for all course expectations. This includes coursework covered prior to the student's enrollment. The student is responsible for developing a work completion schedule with the instructor.

All students will be scheduled for a minimum of seven classes.

Level Changes - These are changes within the same subject area. Class changes between departments are not considered level changes. Level changes may be considered within the following timelines:

- **All courses** - Level changes will be considered from the sixth week of classes until one week after first marking period report cards have been issued and again for one week after first semester report cards have been issued.
- **Course Changes/Drops** - The investigation into the possibility of course changes/drops for full year and first semester courses may begin with the third full week of school and continue up to the seventh week of classes. For second semester courses only, students will have the first two weeks at the start of the new semester to investigate changes.
- Withdrawal from any course will result in the recording of a WP (withdraw passing) or WF (withdraw failing) on the student's permanent record (transcripts).
- A change of teacher within the same course is not recommended. However, extenuating circumstances sometimes arise that may necessitate the need to consider a change. A teacher change may be made only by the principal after careful review of the supervisor's recommendation.
- No schedule change will be considered without teacher input. When a teacher determines it is in the student's best interest to remain in the course, a parent conference must be held before any further consideration is given to the request.
- Parental permission is necessary for **ALL** changes except those resulting from clerical error.

Any change in schedule may impact **Athletic Eligibility and/or college admissions.**

Lenape High School
Course Selection for – 10th grade

1. All course requests will be made online using the Parent Genesis Request tab.
2. Program of Studies is available on-line at www.lrhsd.org/academics/program-of-studies
3. You must take at least seven (7) courses. An 8th course may be taken in place of study hall.
4. Health courses will be pre-populated. You do not need to select them.
5. Requirements in 10th grade: Full Year English, Math, Science, U.S. History 1, World Language, P.E.& Health 2.
6. If you are taking Algebra 2 you must select between Algebra 2 Functions and Algebra 2 Data Science.
    a. Algebra 2 Functions will prepare you for PreCalculus
    b. Algebra 2 Data Science will prepare you for Probability and Statistics/AP Stats
7. All students must list two second choice alternates. Select your elective the same as you would your first choice and write ALTERNATE in the comment box.
8. Explanation of Levels:
    - HON: Honors – Requires a strong command of basic skills and is extremely rigorous. This is equivalent to the demands of a college level course.
    - ACC: Accelerated – Requires a good command of basic skills and the ability to perform in a rigorous program at a rapid pace. This is a college prep course.
    - CP: College Prep – Requires a command of basic skills and is moderately paced. This is a college prep course.
    - MOD: Modified – Reinforces and builds upon basic skills.
    - PR: Pullout Replacement – Special Education
