

# Counselor's Corner

## Foxview Intermediate

December, 2025

### School Counselors

School Counselors play an important role in supporting students' academic success, social and emotional growth, and overall well-being. They provide short term individual counseling, lead small groups on topics like friendship or coping skill, and assist in conflict resolution.

This year, we're excited to share that:

- Mrs. Cain will be the contact for 6<sup>th</sup> grade
- Ms. Verbeten will be the contact for 5th grade

Please contact the appropriate counselor for any questions or support regarding your child.

**Children's Wisconsin now has a walk in Mental Health clinic in Green Bay. Here is the link to their website.**

# Alternative Recess

October-April

Every Tuesday in the Activity Room

On Tuesdays during recess, students can join us in the Activity Room. Options include a quiet space to read, color, or relax, bringing a craft from home (all supplies are brought from home), or joining rotating activities like board games, puzzles, and arts & crafts. [Schedule here](#)

## Learner Profile: **Caring**

This month, our focus is on being Caring. Caring students show empathy, compassion, and respect for others. They think about how their words and actions affect people around them and do their best to make a positive difference.

At school, students can show caring by including others, listening when someone is upset, or offering to help a classmate or teacher.

At home, parents can encourage caring by modeling kindness, talking about how others might feel in different situations, and recognizing when their child shows compassion or helpfulness.

When we all practice caring—at school and at home—we help create a community where everyone feels valued and supported.
