

Kid VENTURES

West Fargo Public Schools

December
2025

Join West Fargo Baseball this summer and get registered for one of our three available summer programs. We offer intermediate, advanced, and travel programs for ages 5-15. We also have travel winter workouts for ages 9U-14U and camp opportunities at our Scheels Performance Center! Registration runs November 15th - March 1st for our summer programs!

Please visit us at westfargobaseball.com or contact us at office@westfargobaseball.com

Care that grows with you.

Every milestone is a moment worth celebrating—and we're here for each one from birth to adulthood. Same-day care, easy scheduling and a caring team each step of the way help make growing up healthier.

TIPS & TRICKS

LEARNING THROUGH PLAY

- The holiday season is the perfect time to mix fun and learning! Simple games can help kids keep skills sharp while school's out.
- Card games build math and memory skills, while word games boost vocabulary and critical thinking.

Learning Should Be Personal.

TINY FLOAT

Infant Swimming Resource of Fargo

What is Infant Swimming Resource (ISR)?

The Infant Swimming Resource technique is a proven method of teaching infants and young children to survive in water.

Lessons are designed to teach students how to self-rescue if they ever find themselves in the water unexpectedly.

Why should I choose ISR?

- ★ One to one, customized lessons
- ★ Rooted in behavioral principles (small steps, consistency, and confidence)
- ★ Focused on safety and your child's well being

Lesson Structure and Age Groups

6 months - 1 year: Rollback to Float
Students will learn to independently roll onto their back to breathe, rest, and float if they are face down in the water.

1 year to 2 years: Swim-Rollback-Float
Students will learn to swim a short distance, then roll onto their back to float when they need air and rest.

Over 2 years: Swim-Float-Swim
Students will learn to swim underwater, roll onto their back for breaths and rest, then continue swimming.
