

Weekly Update from Seely Place
[November 28, 2025](#)

More pictures from Thanksgiving at Seely Place below

Dear Seely Place Families,

This morning at Seely Place, all students, faculty, and staff participated in our eighth annual Seely Place Turkey Trot. It was wonderful to see everyone running, cheering, and enjoying the experience together. The Turkey Trot is a fun way to celebrate the season while staying active and building connections within our Seely Place school community.

Our students also had the opportunity to enjoy our fourth annual Sixth Grade Thanksgiving Day Balloon Parade. For this event, sixth grade students applied the engineering design process to create their own balloons, inspired by the Macy's Thanksgiving Day Parade. The project began with students researching the history of parade balloons, exploring how they are constructed, and studying existing designs. From there, students sketched their ideas, received feedback from peers and teachers, and revised their plans before bringing their designs to life. The learning culminated in a

reverse parade, where families and younger students moved throughout the APR to admire the creative and skillful work of our sixth graders. Events like these highlight the unique and vibrant community we have at Seely Place.

During this week of Thanksgiving, we would like to take a moment to express our gratitude to the Seely Place community for your ongoing support of our school. We are thankful for our dedicated faculty and staff and for the incredible work they do with our students each day. We are also grateful to our students for bringing us joy and serving as a constant reminder of our commitment to the field of education.

On behalf of the Seely Place faculty and staff, we wish you and your loved ones a very happy Thanksgiving.

Warm regards,

Eve Feuerstein, Principal

Nate Peterson, Assistant Principal
