

Thank you to everyone who joined the recent K-2 Information and Public Input Session on Wednesday night at Beacon Hill Middle School.

Based on the input received, Education Planners recommends that the City Schools of Decatur proceed with a community-based process to explore additional solutions before the Board of Education makes a final decision. This updated approach will be presented to the school board at the November 11 meeting.

Our recommendation is that four committees guide this next phase:

- Facilities & Finance – enrollment, costs, and capital planning
- Student Experience – instructional programs, transitions, and early-learning access
- Safety & Operations – traffic, walkability, and daily operations
- Culture & Communication – transparency and ongoing engagement

Community members are invited to participate in one of the committees by clicking this link: [K-2 School Consolidation Committee Sign Up](#). Education Planners is also collecting feedback via this [input form](#).

We appreciate your interest in developing sustainable solutions that best serve Decatur's students, families, and schools.
