It is with our deepest sorrow and a heavy heart that I must inform Lonoke School District that we experienced a tragic loss of one of our students over the weekend. Their presence brought light, curiosity, and kindness into our school, and they touched the lives of many. As we grieve together, please know that our thoughts are with their family, friends, and all who are hurting during this difficult time.

Counselors are available for both students and staff who may need support during this difficult time. Please don't hesitate to reach out if you would like someone to talk to.

Our thoughts and prayers go out to this student's family and friends.
