

A NEW HOME FOR OUR ONLINE REGISTRATIONS

We're excited to share that our registration system for all White Bear Lake Community Ed & Recreation programs has been updated and is now called **Arux**.

As of **Monday, December 1, 2025**, you'll use Arux for registration, payments, and account management. The system will look and feel familiar, with a few improvements to make things even easier.

What you need to do:

- Save our new web address: whitebear.arux.app

What to expect:

- Log in with your current username and password.
- All existing account information, registrations, and contracts have automatically been transferred.
- Child care and preschool accounts (if applicable) appear in your new Arux dashboard.
- Saved payment methods, including autopay, have carried over.

Arux is now live and ready to enhance your registration experience.

Here to Answer Your Questions

Your experience matters to us. If you have additional questions, our team is here to help.
