PROGRAMS and CLUBS at LHS

Organizations, Clubs, Programs offered at LHS: The benefit of a new High School, is the impact that our students and staff will have as the forerunners of creating traditions, programs, and clubs at our school. As clubs and organizations begin to form, we will continue to update this portion of our resource page. The world is wide open at LHS!

Clubs/Programs:
Families may go to our school website to see what we offer at Liberty

High School. You may also contact our ASB Director to get the latest Club Information/List:

Liberty High School is a unique school in our District. It will be the first and currently only school, in the surrounding community, to offer four unique pathways at our school:

***School of Business and Entrepreneurship:**

By graduation: Students will have a detailed understanding of marketing, entrepreneurship, and business principles. As students progress throughout the pathway, they will develop skills through group and individual projects/activities related to the business sector including leadership opportunities. Students will know how to generate business ideas; create a business plan, mission and vision; and promote and market a company.

***School of Engineering, Innovation, and Design:**

By Graduation: Students will have a firm understanding of programming and engineering. They will understand how to work in groups in order to solve "Real-World" problems and create Video Games. While working with other students, they will acquire the ability to tackle problems, design experiments, and projects to arrive at solutions, and explore artistic expression in completing projects.

***School of Public Service and Leadership:** By graduation: students will learn the skills needed to be work with and be a part of local, state, and federal governmental agencies. Various courses will include Leadership, Law, Forensics, Criminal Justice, as examples.

***School of Health Sciences and Medical Technology:**

By graduation: students will learn how to provide compassionate and competent care, communicate effectively with patients and providers as well as ensure the delivery of optimal, professional, and innovative (medical) healthcare.

***Please note that we will do our best to place students in their first choice of their career pathway; however, *due to limited space*, for all pathways, if we are not able to place your child in their first choice, we will look to their alternative pathways and go from there. All pathways prepare our students to be College Bound and learn valuable skills for their future.**

RESOURCE PAGE FOR PARENTS and STUDENTS

CAMPUS

CAMPUS PARENT (Parent Portal) - CHECK STUDENT GRADES/PROGRESS REPORTS – Once your child is enrolled at our school, and the high school is in session, we highly recommend that you download the APP “Campus Parent.” Campus Parent will allow you to check your child’s grades, attendance, etc. Please go to the link, listed below, and follow the instructions to install the app.

CAMPUS

CAMPUS Student (Student Portal) – Main APP for our Students – Once a student has enrolled into our district, not just Liberty High School, and the high school is in session, it’s important that they create their Student Portal Account as it is a great tool for their school progress. They will be able to check their grades, assignments, attendance, teacher contact information, schedule, etc. If they already have an account, but can’t access it due to log in failures, have the student go to the following link for step by step instructions on how to fix their situation at the TECH HELP WEBSITE for students:

What is the Wellness Center?

The Wellness Center is a quiet, calm, safe space for ALL students to:

- Build healthy social relationships.
- Practice coping skills and regulate emotional states in order to be successful in class.
- Get support for mental and behavioral health needs to improve wellness.
- Talk to a social worker or counselor about concerns at school or home.

Services offered at the Wellness Center:

- Centers and activities to support social and emotional well-being.
- Wellness Workshops to teach students how to improve their mental health and wellness.
- Group counseling for a variety of concerns high school students may face.
- Referrals and community resources for mental or behavioral health care.
- Individual therapy for mental health needs that are impacting education.

LHS Wellness Center Staff

If you have any questions regarding our Wellness Center, please reach out to our social worker: Ms. Alexis Zaragoza.
alexis.zaragoza@puhsd.org

We hope to see you soon!

Link

For Freshmen: Link Crew is a leadership program, a mentoring program and a support program. Link Crew partners freshmen with upperclassmen and promotes academic and social involvement. Link Crew holds activities during the school day and after school for freshmen to connect to studies, their peers and their campus.

For Leaders: Link Crew is a program that teaches upperclassmen how to be leaders amongst their peers. Link Crew Leaders help freshmen transition into high school. Leaders build relationships. Students apply to be a part of Link Crew in March of each year. All students are encouraged to apply to be a leader in at the end of the freshmen year and on.

Contact Mrs. Getchel (English Teacher: O-111) if you have questions about Link Events for freshmen or leaders at the following email:
