School Goals

At Lafayette Elementary, we strive to promote student success, both academically and emotionally. We recognize the value of high achievement and promote consistent student attendance. We work with students and their parents to break down the barriers that may cause absences and connect them to our school community. Our school follows a Multi Tiered Support System process that establishes supports and enrichment for students in the areas of literacy and math. In addition, we recognize the importance of social and emotional learning and embed it into our daily instruction.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

Our school strives to ensure all students and their parents feel welcome by including bilingual staff in our school office. All communication sent home through mail, phone, or text is translated for easy access. Interpreters are provided for parent conferences and other school meetings where parents are present.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all of students, Lafayette Elementary has adopted a social-emotional learning curriculum. This program continues to help us create classrooms where students communicate, cooperate, develop strong relationships, embrace diversity, and resolve conflicts. All Lafayette staff complete an anti-bullying training as part of our social-emotional curriculum. Eighty percent of our staff are trained through ThinkKids.org in Collaborative Problem Solving.

For more information about the district safety and bullying policies, please contact the building principal or refer to the district website.

EXTRACURRICULAR ACTIVITIES

Lafayette offers a variety of elective options during the school day, such as library, student wellness activities and PE. In addition, we work with community partners to have exposure to career opportunities, nutrition, gardening and off-site trips during the school day. Lafayette also hosts a community organizations that provide after school opportunities for students with parent permission.

PARENT ENGAGEMENT

Our school strives to engage all of our families by providing a welcoming atmosphere. Lafayette holds several family events throughout the year including an Open House, Reading Night, Family Game Night, Career Day and Science events. We encourage volunteerism and involvement in our school through our parents. Parents and guardians are also encouraged to serve on our school's Instructional Leadership Team which has on-going conversations regarding student growth and instructional improvements.

See our school website for upcoming events and activities!

COMMUNITY ENGAGEMENT

We partner with local businesses to provide students with learning opportunities within our community. Linn County Mental Health provide optional therapy counselors for students and families at Lafayette. Community partners join us for our family events throughout the year to provide information services available to our students and families. We are proud to host the GAPS Welcome Center and FACT (Families and Community Together) programs. Our spring Career Day welcomes individuals from around the Willamette Valley to share their specific careers with our students.
