School Goals

Our school strives to promote student success, both academically and emotionally. To do this, we recognize the value of high achievement and promote consistent student attendance. We work with students and their parents to break down the barriers that may cause absences and connect them to our school community. Our school follows a Response to Instruction and Intervention process that establishes supports and enrichment for students in literacy and math. In addition, we recognize the importance of social and emotional learning and embed it into our daily instruction.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

Meadow Ridge works to ensure students and their families feel welcome and safe in our school. All staff train for keeping everyone protected and secure. All communication sent home through mail, phone, or text is translated for easy access. Interpreters are provided for parent conferences and other school meetings where parents are present. School information can be found on our district and school website. Parents are invited to volunteer in our building after completing the background check process. We offer many family and community events at our school to make sure everyone is included.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all students, Meadow Ridge utilizes Morning Meetings to help build community with students. We provide socio-emotional instruction which helps create classrooms where students communicate, cooperate, develop strong relationships, embrace diversity, and resolve conflicts. Throughout the year we conduct regular meetings on how to recognize bullying, harassment, safety concerns, and provide strategies for intervention. If parents have concerns about any of these issues, we encourage them to contact their child's teacher or school administration.

EXTRACURRICULAR ACTIVITIES

Meadow Ridge offers several options during the school day such as music, student wellness activities, and PE. Our Parent Teacher Club (PTC) raises funds to support additional activities like field trips and assemblies. We also have a thriving garden and want to provide all students with hands-on opportunities to learn about healthy eating and living. Many of our students take advantage of local opportunities through the Albany Public Library, Boys and Girls Club, After School Program, and Parks and Recreation.

PARENT ENGAGEMENT

Our school strives to engage all of our families by providing a welcoming atmosphere for all. We encourage volunteerism, we offer language supports for families who speak languages other than English, and we offer opportunities to be engaged through serving on our Parent-Teacher Club (PTC). Additionally, our school also holds a variety of family events throughout the year. We strive to foster open communication with families through our school and district website, newsletters, and various methods of communication between staff and families. We want to partner with our families in order to best support our students and their unique needs.

COMMUNITY ENGAGEMENT

We partner with local businesses and other organizations to provide students with learning opportunities in connection with our community. Additionally, FACT and Linn County Mental Health provide services for our students and families. Our Parent Teacher Club partners with us to offer a variety of activities including: academic nights, field trips, community nights, and end of year celebrations.
