School Goals

Our school strives to promote student success; academically, socially and emotionally. To do this, we recognize the value of high achievement and promote consistent student attendance. We work with students and their parents to break down the barriers that may cause absences and connect them to our school community. Our school also follows a Response to Intervention process that establishes support and enrichment for students in the area of literacy. In addition, we recognize the importance of social and emotional learning and strive to create a school-wide culture of respect and responsibility.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

Oak works to ensure students and families feel welcome and safe in our school. All staff receive training in the latest safety procedures. As a means of open and consistent communication, all information sent home through mail, phone, or text is available in the home language of all students. Interpreters are provided for parent conferences and other school meetings where parents are present. Current school information can be found on our district and school websites. Parents are encouraged to volunteer and we offer many family and community events in hopes of building a family-friendly culture.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

Oak has adopted a social emotional learning curriculum that focuses on creating classrooms where students communicate, cooperate, develop strong relationships, embrace diversity, and resolve conflicts. Teachers also develop coordinated classroom management plans that are designed to support student academics, engagement and responsibility. Throughout the year we conduct regular meetings on how to recognize and address bullying, harassment and safety concerns. In addition all Oak students received weekly classes focused on social and emotional learning topics with our school counselor. For more information about the district safety and bullying policies, please contact the building principal or refer to the district website. <https://albany.k12.or.us/parents/school-safety-responses>.

EXTRACURRICULAR ACTIVITIES

Our school offers a variety of activities both inside and outside of the student day for students and families to join. During the day students have class weekly in Music, PE, and Social and Emotional Learning. In addition we also offer many activities outside of the students day for families to join in including Family Fun Runs, and PTA-sponsored family nights.

PARENT ENGAGEMENT

Our school strives to engage families by providing a welcoming atmosphere for all. We encourage parents and family members to volunteer, we offer language supports for non-English speaking families and there are additional opportunities to be involved through our parent-teacher organization. Our school also holds a variety of family events throughout the year including Family Math Night and Books Before Bedtime in addition to bimonthly PTA hosted events. We strive to foster open communication with families through our school and district websites, newsletters, and various methods of communication between staff and families.

COMMUNITY ENGAGEMENT

We partner with local businesses and agencies to provide students with additional learning opportunities: Local Museums, Albany Community Pool, Police and Fire, the City of Albany, the Boys and Girls Club and YMCA. The following community partners provide additional support for our families and school: Albany Rotary, School Resource Officers, FACT, and Linn County Mental Health. Additionally, we partner with our Parent Teacher Club to offer a variety of family activities such as: Bingo, family nights, field trips and end of year celebrations.
