SCIENCE

Students meeting state grade-level expectations.

School Goals

Our school strives to promote student success, both academically and emotionally. To do this, we recognize the value of high achievement and promote consistent student attendance. We provide a safe, caring, positive, supportive learning environment and we are committed to creating a place where everyone feels welcomed, valued, and challenged to achieve personal and academic excellence. Our school follows a Response to Intervention process that establishes supports and enrichment for students at our school. In addition, we recognize the importance of social and emotional learning and have embed it into our daily instruction.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

Our school works to ensure students and their family feel welcome and safe in our building. All staff are trained in keeping everyone protected and secure. Interpreters are provided when needed. School information can be found on our district and school websites. Parents are invited to volunteer in our building after completing the volunteer training and background check process. We offer many family and community events throughout the year. All are welcome!

Yes Same principal in the last 3 years

Outcomes

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all of students, Oak Grove has adopted a social emotional learning curriculum. This program will help us create classrooms where students communicate, cooperate, develop strong relationships, embrace diversity, and resolve conflicts. Teachers have developed coordinated classroom management plans that are designed to teach students how to be highly engaged, responsible, and academically successful. Throughout the year we conduct regular meetings on how to recognize bullying, harassment, and safety concerns and provide strategies for intervention.

EXTRACURRICULAR ACTIVITIES

Our School offers before school opportunities:
Band
Orchestra

PARENT ENGAGEMENT

Our school strives to engage all of our families by providing a welcoming atmosphere for all. We encourage volunteerism, we offer language supports for families who speak languages other than English, and we offer opportunities to be engaged through serving on site council and our parent-teacher organization. Our school also holds a variety of family events throughout the year. We strive to foster open communication with families through our school and district website, newsletters, and various methods of communication between staff and families.

COMMUNITY ENGAGEMENT

We partner with local businesses to provide students with learning opportunities in connection with our community: Local farms, museums, police and fire departments, YMCA and Boys and Girls Club. Our Parent Teacher Club offers a variety of community events throughout the year including: Trivia night, jog-a-thon, school carnival, field trips and end of the year celebrations. Monthly events are open to the community at no cost.
